FOR	FOR	As on 31 March 2024, KPIT had outstanding loans, guarantees and investments of Rs. 9.9 bn which constitutes ~92% of the automatic limit (Rs. 10.8 bn) under Section 186 of Companies Act, 2013, as on 31 March 2024. The company seeks to increase the limit to Rs. 30.0 bn over and above the automatic limit. While we generally do not support rolling limits under Section 186, we understand that the increase in limits will accommodate future acquisitions, if any. In the past year, the company has made multiple acquisitions: the board approved the acquisition of Caresoft Global s Engineering Solutions business in May 2025 and N-Dream AG in July 2024 (additional 13% stake). Further, the company has stated the limits will be utilized for making investments in/give loans/provide guarantees/security in respect of loans to wholly owned subsidiaries and body corporates where promoters are not shareholders. We also take comfort from the fact that the company has confirmed that it will seek shareholder approval after three years to update shareholders on utilization of the approved limits, and to make any further investments. Hence, we support the resolution.	N/A	No
Q1	13-Jun-25	Astra Microwave Products Limited	EGM	Management	Issue of up to 20,13,885 Convertible Warrants of Rs. 2/- each convertible into, or exchangeable for, one equity share of face value of Rs. 2/- each of the Company within the period of 18 (eighteen months) in accordance with the applicable laws to the persons belonging to promoter group and non-promoter category on preferential basis.	FOR	FOR	The proceeds from the warrants issue will be utilized to meet the working capital requirements (Rs. 1.3 bn) and other general corporate purposes (Rs. 0.4 bn). The dilution post conversion of all warrants would be ~2.1% for the existing shareholders. In case of warrants, 25% of the conversion price is paid upfront, with an option to convert the warrants into equity shares anytime during the next 18 months. The remaining 75% is paid upon conversion (within 18 months) the allottee may choose not to subscribe to the warrants in which case, the 25% amount paid is forfeited. 71% of the allottees are linked to the company s promoters, directors and key managerial personnel and the remaining 29% are existing large shareholders. The company has clarified that cash at bank as on 31 March 2025 is not available for operational use since it pertains to margin money deposit kept with bank for issuance of various guarantees. The company has mentioned that the pricing of the convertible warrants has been done in accordance with the applicable regulatory provisions and is being issued at a price of Rs.864/share which is higher than the floor price of Rs 861.7/share under SEBI regulation. Given the company s clarification regarding the current liquidity issue and need to strengthen the balance sheet due to growing business volume and higher working capital support from lenders, we support the issue of warrants. Thus, we support the resolution.	N/A	No

Q1	15-Jun-25	Poonawalla Fincorp Ltd	PB	Management	Approve an amendment in the Employee Stock Option Plan - 2024 Scheme -II (ESOP 2024 Scheme II) to increase the number of stock options in the Plan Pool allocated under ESOP 2024 Scheme II from 2 Crores stock options to 3.25 Crores stock options.	FOR	AGAINST	The Company is seeking shareholders approval for amendment in Employee Stock Option Plan 2024 Scheme II. The proposed modification is to alter the total pool options from 2,00,00,000 options to 3,25,00,000 options (by adding additional 1,25,00,000 Options in the pool). Under Employee Stock Option Plan 2024 Scheme II, a total of 2,00,00,000 stock options were initially approved, out of these, 1,82,77,000 options were granted to employees. Over time, 11,000 of the granted options lapsed and were added back to the pool, along with 17,23,000 options that were never granted. As on the date of this notice, 17,34,000 options remains available and ungranted under the scheme. There are no other changes to the Employee Stock Option Plan 2024 Scheme II. There are no concerns identified with regards to the modification to the scheme. The Company in its Explanatory statement mentions, The maximum number of Options that may be granted to an Eligible Employee (as defined in ESOP 2024 Scheme II) will be determined by the NRC on a case-to-case basis. The NRC may in any financial year grant Options to an Eligible Employee (as defined in ESOP 2024 Scheme II) which may be equal to or exceed 1% (One percent) of the issued equity share capital (excluding outstanding warrants and conversions) of the Company." We believe given there is no absolute cap on number of options that can be allotted to any individual eligible employee, it restricts fair distribution of options among a wider pool of employees. Hence, we are voting against.	G	No

If the full amount is raised via equity at the current market price of Rs. 6.97 (as on 10 June 2025), it will result in ~20.9% dilution on the expanded capital base. This appears unlikely given that the company s current free float market capitalization is ~ Rs. 184.7 bn. As on 31 March 2025, the company had a negative net-worth and consolidated debt of Rs. 1,850.9 bn, rated CARE BBB-/Stable/CARE A3. The funds will be used for operations, including debt servicing, spectrum payments to DoT, capex, vendor payments, and other working capital needs. In December 2024, the company announced a three-year capex plan of Rs. 500.0 550.0 bn and has budgeted Rs. 50.0 60.0 bn for the first two quarters of FY26. While the potential dilution is significant, we note the company s continued losses and high debt. The proposed capital raise will support payment of statutory dues, improvement in financial stability, and enable the company to meet its capex targets. We support the resolution.	N/A	No

Q1	28-Jun-25	Syngene International Limited	PB	Management	To approve amendments including increasing the share pool of Performance Share Units under the Syngene Long Term Incentive Performance Share Plan 2023.	FOR	AGAINST	In the current resolution, the company proposes for few amendments that include (i) increase in the pool size by ~4.5 mn options and (ii) increase the maximum options to a single employee in a year to 1% of paid-up share capital. 1% of issued share capital at present results in total ~ 40,25,370 shares. Technically, the Company can grant ~ 40,25,370 options to an individual employee which represents 60% of the Pool. Considering the current market price of 649.05 (as on 2nd June, 2025) and Exercise Price of 10.00 per share being face value; the maximum economic benefit to an individual employee may lead up to ~257.24 crores, which is quite significant considering the size of the Company. Since the company has not provided adequate reasoning and an absolute cap on the number of options that can be granted per Employee, voting against.	G	No

FOR	FOR	The statutory auditors have qualified the Q4 FY25 financial statements due to inventory overstatements of Rs. 2.2 bn for FY25 and Rs. 0.5 bn for FY24, which will impact the company s net worth by Rs 2.02 bn. The company has appointed an external agency to find the root cause of these overstatements. In response, the company proposes to raise Rs. 2.04 bn through a warrant issue to the promoters. Q1	30-Jun-25	Bank of Maharashtra	AGM	Management	To discuss, approve and adopt the Audited Balance Sheet, Profit and Loss Account of the Bank for the year ended 31st March, 2025, the report of Board of Directors on the working and activities of the Bank for the period covered by the Accounts and the Auditors Report on the Balance Sheet and Accounts.	FOR	FOR	The Statutory Auditors have not made any qualifications with respect to the standalone and consolidated financial statements of the Bank for FY 2024-25. We therefore draw no concerns with regards to the same. However, the auditor s report has raised emphasis of matter regarding the absence of a sufficient number of Independent Directors on the Board. This resulted in the Audit Committee of the Board (ACB) lacking the required quorum at the time of approving the financial statements, leading to the financial statements being placed directly before the Board for approval. For PSU Banks, the appointment of Directors on the Board of the Bank is done by Government of India. As per management, the request for appointment of Directors on the Board of the Bank to fill the vacant positions has been taken up with DFS, MoF, GoI by the Bank. However, in terms of special provision in Para 14A of the Nationalized Banks (Management and Miscellaneous Provisions) Scheme, 1970, in the absence of sufficient number of Independent Directors on the Board, Bank has placed the financial results directly to the Board for want of quorum in ACB. Financial results are approved by the Board instead of ACB. Given Bank of Maharashtra is a PSU Bank, the authority to appoint Directors on the board resides with GOI. Since the resolution is legally compliant we support the resolution.	N/A	No

FOR	FOR	Assuming the equity shares are issued at the current market price of Rs. 56.86 per share, the bank will issue 1,319.0 mn shares to raise the entire amount of Rs. 75.0 bn. The proposed issuance will lead to a dilution of ~ 14.6% on the expanded capital base, which is reasonable. This will lead to GOI s stake in the bank to decrease from 79.6% to 67.9%. The company now seeks to increase the commission payable to Executive Directors as follows: up to Rs. 7.5 mn to Whole-time Director & Executive Vice Chairperson - Sunil Kumar Sharma, up to Rs. 10.0 mn to Managing Director & CEO - Suren Jain and up to Rs. 5.0 mn to Whole-time Director - Praveen Kumar Singh. We raise concerns over the qualified opinion raised by auditors on financial statements of FY25 w.r.t. corporate guarantees to Jaiprakash Associates Limited, an associate company, and non-compliance of SEBI circular applicable for related-party transactions. The fair valuation of corporate guarantees had not been done as per the applicable IND-AS and no provision against the corporate guarantees were made in the financial statements. Additionally, JAL has been admitted into Corporate Insolvency Resolution Process (CIRP) and the Company s advance of Rs. 343.4 mn to JAL remains unprovided, with claims filed before the Resolution Professional. Subsequently, SEBI via its order dated 27 December 2024 has fined the company and certain directors including Sunil Kumar Sharma, Suren Jain and Praveen Kumar Singh for misrepresentation of financial statements from FY13 to FY22. All three directors were on the board of the company during this period and hence are accountable for these issues. Given these concerns we do not support the resolution. Hence, we are voting against.	G	No

Q2	05-Jul-25	Jaiprakash Power Ventures Limited	AGM	Management	Payment of remuneration by way of commission, not exceeding in aggregate 1% on the basis of the net profits of the Company for the financial year ended on 31st March, 2025, computed in accordance with the provisions of Section 198 of the Companies Act, 2013, to all the Non-Executive Directors including Independent Directors (i.e., Directors other than the Managing Director and/or Whole Time Directors) of the Company.	FOR	AGAINST	At the April 2024 Postal Ballot, the company sought shareholder approval to pay commission to non-executive directors including independent directors for FY25, up to 1.0% of net profits of FY24 comprising Rs. 5.0 mn for each independent director and Rs. 15.0 mn for Non-Executive Director Manoj Gaur. The company now seeks shareholders approval to pay commission to non-executive directors up to 1.0% of net profits of FY25 comprising Rs. 1.0 mn for each independent director and Rs. 20.0 mn for non-executive director Manoj Gaur. In the last five years, the aggregate remuneration to non-executive directors ranged between 0.02% - 0.3% of standalone PBT. The proposed commission to independent directors is reasonable and in line with market practices. Additionally, the absolute amount is capped at Rs. 1.0 mn for each independent director. However, we do not support the commission proposed to Major Gaur (see resolution #8). Our view on this resolution is linked to our view on resolution #8. Given this, we do not support the resolution. Hence, we are voting against.	G	No
Q2	05-Jul-25	Jaiprakash Power Ventures Limited	AGM	Management	Payment of remuneration by way of commission up to Rs. 200.00 Lakhs to Shri Manoj Gaur (DIN: 00008480), Non-Executive Director designated as Chairman of the Company, being more than 50% of the total annual remuneration being paid to all Non-Executive Directors.	FOR	AGAINST	Manoj Gaur, 60, is Non-Executive Chairperson and promoter. At the April 2024 Postal Ballot, the company sought shareholder approval to pay him commission of Rs. 15.0 mn for FY25. The company now seeks to pay him commission of Rs. 20.0 mn, in excess of 50% of the total remuneration payable to all the non-executive directors,. We raise concerns over the qualified opinion raised by auditors on financial statements of FY25 w.r.t. corporate guarantees to Jaiprakash Associates Limited, an associate company, and non-compliance of SEBI circular applicable for related-party transactions. The fair valuation of corporate guarantees had not been done as per the applicable IND-AS and no provision against the corporate guarantees were made in the financial statements. Additionally, Jaiprakash Associates Limited (JAL, group company) has been admitted into Corporate Insolvency Resolution Process (CIRP) and the company s advance of Rs. 343.4 mn to JAL remains unprovided, with claims filed before the Resolution Professional. Subsequently, SEBI via its order dated 27 December 2024 has fined the company and certain directors including Manoj Gaur for misrepresentation of financial statements from FY13 to FY22. Manoj Gaur has been on the board as Non-Executive Chairperson since December 2005; therefore, he is accountable for these issues. The rationale for payment of remuneration, including commission, of Rs. 20.0 mn, despite relatively weak financial performance in FY25 and corporate governance lapses is unclear. Given these concerns, we do not support the resolution. Hence, we are voting against.	G	No

The project development is expected to continue for at least five years. Q2	10-Jul-25	Zee Entertainment Enterprises Limited	EGM	Management	To offer, issue and allot from time to time in one or more tranches, up to 16,95,03,400 Warrants of the Company for consideration to be received in cash, with each Warrant convertible into or exchangeable with, 1 (one) fully paid-up equity share of the Company having face value of Re. 1/- each (Warrants) at a price (including the Warrant Subscription Price and the Warrant Exercise Price) of Rs. 132/- each (Warrant Issue Price), aggregating up to Rs. 2237,44,48,800/- (Total Issue Size) on a preferential basis.	FOR	AGAINST	The company proposes to raise Rs.22.4 bn mainly to invest in the business and pursue inorganic growth opportunities. On 31 March 2025, the company had cash and treasury investments of Rs.24.1 bn. Given this substantial liquidity, the rationale for raising additional capital that would result in a 15% dilution on the expanded capital base, remains unconvincing. Further, we are generally cautious about the use of warrants as capital-raising instruments, particularly when such issuances involve promoters. Our concerns stem from the extended 18-month exercise window and the potential for promoters to benefit from access to material, non-public information. The issue is further accentuated in ZEEL s case, where the promoters are being allowed to increase their stake to 18.39% from the current 3.99% - we believe this decision significantly undermines the voice of non-promoter shareholders. Hence, we do not support the resolution. Thus, we are voting against.	G	No

FOR	FOR	Nalwa Steel and Power Limited (NSPL), holds 0.13% of JSPL s equity and is part of the promoter group; NSPL s revenues are largely dependent upon JSPL. The transaction was first proposed for Rs 34.25 bn at JSPL s 2022 AGM, which was not approved by shareholders. The company then reduced the transaction limit for FY23 to Rs. 25.0 bn which was approved by way of Postal Ballot in December 2022. This limit was reapproved for FY24 by Postal Ballot in June 2023 and for FY25 by Postal Ballot in June 2024. The transactions are at arm s length basis and the company has provided basis of arm s length. Moreover, the past transactions with the above entity seems fair. The Company has also provided adequate justification for entering into such transactions. Hence, we support the resolution.	N/A	No
Q2	18-Jul-25	Jindal Steel Ltd	PB	Management	To approve the Related Party Transaction(s) with Jindal Saw Limited, for an aggregate amount upto Rs. 2,500 crores to be entered during FY 2025-26, provided that such contract(s)/ arrangement(s)/ transaction(s) shall always be carried out at arm's length and in the ordinary course of business of the Company.	FOR	FOR	Jindal SAW Ltd is a listed company controlled by Prithvi Raj Jindal, Naveen Jindal s brother. The related party transactions entered into between JSL and JSPL involve sale/purchase of steel and steel products or other raw materials used in making of steel, rendering of services, receipt of services and other transactions for business purposes. In FY25, the aggregate transaction value aggregated Rs.14.4 bn the company seeks shareholder approval for transaction limits aggregating Rs. 25 bn for FY26. The nature of proposed transactions is enabling including other transactions for business purposes. The proposed transactions are largely operational and at arm s length price. Q2	18-Jul-25	Jindal Steel Ltd	PB	Management	To approve the Related Party Transaction(s) with Jindal Global Trading DMCC (Formerly known as Vulcan Commodities DMCC), for an aggregate amount upto Rs. 1,600 crores to be entered during FY 2025-26, provided that such contract(s)/ arrangement(s)/ transaction(s) shall always be carried out at arm's length and in the ordinary course of business of the Company.	FOR	AGAINST	Jindal Global Trading DMCC s sales to JSPL form a small portion of the overall coal sales volumes of the company and similarly form less than 20% of coal procurement volumes for JSPL. The aggregate value of purchases in FY24 and FY25 from Jindal Global Trading DMCC was Rs. 11.5 bn and Rs. 12.2 bn respectively, we recognize that transactions with Jindal Global Trading DMCC provide additional flexibility in sourcing coking coal. Though compliant with law, this resolution enables JSPL to procure its key raw materials from Jindal Global Trading DMCC (Formerly known as Vulcan Commodities DMCC) where JSPL may not have 100% ownership or promoters may have part ownership. Moreover, we still don t have the clarity on the ownership. On basis of the above rationale, voting against.	G	No

FOR	AGAINST	Nalwa Special Steel Limited (NSSL) is a wholly owned subsidiary of Nalwa Steel and Power Limited (NSPL) and NSPL holds 0.13% of JSPL s equity and is part of the promoter group. Nalwa Special Steel Limited is a wholly owned subsidiary of Nalwa Steel and Power Limited which is 90% owned by promoters and rest of the shareholding is unknown. JSOL is contracting volumes ~ 5% of its total HSM capacity of 6 MTPA to NSSL. However, other than sales, the related party transactions entered into between NSSL and JSOL (100% subsidiary of JSPL) involves purchase of steel and steel products by JSOL from NSSL. Further, the NRC has the power to re-price the grants made under the Scheme in the future. Moreover, the vesting period is unusually long at 40 years, which neither provides an incentive mechanism nor a retention incentive for employees. Given the reasons including lack of clarity on Exercise price and performance conditions, excessive vesting duration, and discretionary powers retained by the NRC, we do not support the proposed amendments. Hence, voting against.	G	No

Q2	04-Aug-25	Raymond Lifestyle Ltd	AGM	Management	Approval of Raymond Lifestyle Employees Stock Option Plan 2025.	FOR	FOR	Prior to the demerger, Raymond Limited (RL) had implemented the RL ESOP 2023 plan. Given that Raymond Lifestyle has been demerged from Raymond Limited, the company now proposes to establish a stock option scheme on terms not less favourable to the RL ESOP 2023 option holders. To ensure that the economic value of the outstanding options remains intact post-demerger, the company proposes to adopt a new scheme under which eligible RL Option Holders will receive stock options in Raymond Lifestyle Limited in the same ratio as allotted to equity shareholders under the demerger (i.e., four options for every five options held), with an appropriately adjusted exercise price. The exercise price under this scheme will be not less than the market price as on the date of grant. For the options issued prior to the demerger, Exercise Price will be the adjusted exercise price determined post demerger. The adjustment shall be done basis the post demerger market capital of Raymond Limited and Raymond Lifestyle Limited. The vesting criteria will be a combination of continuous employment and/or achievement of performance metrics such as market capitalization, revenue, EBITDA, Return on capital employed and such other parameters. The scheme will be implemented through the trust route with a combination of fresh issue of shares and secondary acquisition of shares. The overall dilution under this scheme will be 1.8% on the expanded capital base. We believe this scheme will ensure alignment of interests between the investors and employees, since grants will be at market price. We support this resolution.	N/A	No

FOR	FOR	Harsh V. Goenka, 67, is the promoter of the company. The board proposes to pay Harsh V. Goenka commission of Rs. 44.1 mn as a Non-Executive Chairperson for FY25. The NRC has proposed a commission for Mr. Goenka, representing 1.06% of standalone PBT, compared to 1.23% of standalone PBT last year, in absolute terms the commission has increased from 2.36 crores to Rs. 4.41 Crore. The increase in absolute commission is significantly lower than the growth in standalone PBT. Importantly, this level of commission compares favourably with the industry benchmark, where similar promoter commissions in India typically range from 1% to as high as 5% of PBT. Mr. Goenka s compensation is consistent with Indian corporate governance norms, where the promoter plays a strategic, non-executive role, while day-to-day operations are led by a team of professional managers. As promoter, he plays a material role in establishing strategic direction even while being appointed in a non-executive capacity. Thus, we support the resolution.	N/A	No

Q2	12-Aug-25	DCM Shriram Limited	AGM	Management	Re-appointment of Mr. Ajit S. Shriram (DIN: 00027918) as Joint Managing Director of the Company, and including remuneration.	FOR	AGAINST	Ajit Shriram, 57, Joint Managing Director, part of the promoter family, has been on the board since May 2001. He attended all five board meetings held in FY25. FOR	FOR	HUL proposes to demerge its ice cream business into a wholly owned subsidiary, Kwality Wall s India Limited (KWIL). The ice cream business contributes ~3% to HUL s turnover. We understand that the Unilever group has initiated the separation of its ice cream businesses at a global level, which necessitates this split at the Indian company level. On 25 June 2025, Unilever Group Shareholders signed a Share Purchase Agreement (SPA) with The Magnum Ice Cream Company HoldCo 1 Netherlands B.V. (TMICC HoldCo). and The Magnum Ice Cream Company B.V. (TMICC). Under the SPA, TMICC HoldCo currently a wholly owned subsidiary of Unilever PLC and proposed to be demerged and listed will acquire the entire equity stake in KWIL that will be issued to the Unilever Group Shareholders upon the demerger. TMICC HoldCo will also make an open offer to KWIL s public shareholders as per SEBI s takeover regulations. The SPA will take effect only after the demerger and does not impact the demerger scheme itself. HUL s shareholding in KWIL shall stand cancelled. Eventually the shares of KWIL will be listed on the exchanges. Therefore, the economic interest of shareholders remains unchanged. Hence, we support the transaction.	N/A	Yes

FOR	AGAINST	The auditors have qualified the financial statements citing uncertainties with respect to the outcome of the ongoing legal and regulatory proceedings against the company s interpretation of related party transactions following a SEBI order. SEBI through its order dated 24 July 2024 has asserted that the company s interpretation of related party transactions was incorrect; the transactions were undertaken based on legal opinions despite not receiving shareholder approval. The auditors have raised an emphasis of matter with respect to the outcome of the valuation exercise to be carried out as directed by the SEBI order in July 2024. As per the SEBI order, the business allocation arrangement between Linde India Limited and Praxair India Private Limited is an arbitrary reallocation of business which presents a potential risk to the future growth prospects of Linde India, which may not serve the best interests of the public shareholders. Given this ruling by SEBI in July 2024, the company has filed an appeal on 5 August 2024 against the aforementioned SEBI Order before the Securities Appellate Tribunal and subsequent to multiple adjournments the hearing was to be fixed for 10 & 11 June 2025. FOR	AGAINST	At the 2020 AGM, shareholders approved payment of commission to Independent Directors upto 1.0% of net profits, capped at Rs. 2.5 mn annually.
