INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Kotak Mahindra Mutual Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Kotak NIFTY 1D Rate Liquid ETF ("the Scheme"), which comprise the Balance Sheet as at March 31, 2026, the Revenue Account, the Cash Flow Statement and the Statement of changes in net asset attributable to unit holders of scheme for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements of the Scheme give a true and fair view in accordance with Indian Accounting Standards ('IND AS') and any addendum thereto, as notified by the Companies (Indian Accounting Standards) Rules, 2015, as amended, read with the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996, as amended ("the SEBI Regulations"):

(a) in the case of the Balance Sheet, of the state of affairs of the Scheme as at March 31, 2026;

(b) in the case of the Revenue Account, of the surplus for the year ended on that date;

(c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date; and

(d) in the case of Statement of changes in Net assets, of the changes in net assets attributable to the unit holders of the scheme for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) issued by the Institute of Chartered Accountants of India ("the ICAI"). Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Scheme in accordance with the 'Code of Ethics' issued by the ICAI together with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the financial year ended March 31, 2026. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

Key audit matters	How our audit addressed the key audit matter
Information Technology systems and controls	
As a Mutual Fund, the reliability of Information Technology ('IT') systems plays a key role in the business operations. Since large volume of transactions are processed, the IT controls are required to ensure that systems process data as expected and that changes are made in an appropriate manner. The IT infrastructure is critical for smooth functioning of the Fund's business operations as well as for timely and accurate financial accounting and reporting. Due to the pervasive nature and complexity of the IT environment and large volume of transactions we have considered IT systems and controls as a key audit matter.	Our audit procedures on the IT infrastructure and applications relevant to financial reporting of the Scheme included the following: • We assessed the information systems used by the Fund for: (i) IT General Controls (ITGC) and (ii) Application controls; • We obtained an understanding of the process, evaluated the design of IT systems and tested the operating effectiveness of the controls by also engaging IT specialists; • We obtained and assessed independent assurance reports for the relevant controls at the third-party administrator and considered whether there was any impact on our audit; • Performed tests of controls (including other compensatory controls wherever applicable) on the IT application controls and IT dependent manual controls in the system; and • Tested the design and operating effectiveness of compensating controls in case deficiencies were identified, and where necessary, extended the scope of our substantive audit procedures.

Information Other than the Financial Statements and Auditor's Report Thereon

The Board of Directors of Kotak Mahindra Asset Management Company Limited ("the AMC") and Kotak Mahindra Trustee Company Limited ("the Trustees") (collectively referred to as "Those Charged with Governance") are responsible for the other information. The other information comprises the information included in the Trustee report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and Those Charged With Governance for the Financial Statements

Those charged with governance are responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance, cash flows and changes in net assets attributable to unitholders of the Scheme in accordance with IND AS and any addendum thereto, as notified by the Companies (Indian Accounting Standards) Rules, 2015, as amended, read with the SEBI Regulations, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the SEBI regulations for safeguarding of the assets of the Scheme and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent, the design, implementation and maintenance of adequate internal controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to

the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the Scheme's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Scheme or to cease operations, or has no realistic alternative but to do so.

Those Charged with Governance are also responsible for overseeing the Scheme's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Scheme's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Scheme to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Those Charged with Governance, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide to the management with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Those Charged with Governance, we determine those matters that were of most significance in the audit of the financial statements for the financial year ended March 31, 2026, and are

therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

The financial statements of the Scheme for the year ended March 31, 2025, included in these financial statements, have been audited by the predecessor auditor who expressed an unmodified opinion on those financial statements on June 27, 2025. Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by Regulation 55(4) and clause 5(ii)(2) of the Eleventh Schedule of the SEBI Regulations, we report that:

    a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

    b. The balance sheet gives a true and fair view of the Scheme, state of affairs of the Scheme for the accounting period to which the Balance Sheet relate;

    c. The revenue account gives a true and fair view of the Scheme, surplus or deficit in the Scheme for the accounting period to which the Revenue Account relate;

    d. The financial statements have been prepared in accordance with accounting policies and standards as specified in the Ninth Schedule of the SEBI Regulations; and

    e. The balance sheet and the revenue account are in agreement with the books of account of the Scheme.

2. On the basis of information and explanations given to us, the scheme does not have any non-traded securities as at March 31, 2026 and hence reporting requirement of Eighth Schedule of the SEBI Regulations is not applicable.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements of the Schemes give a true and fair view in accordance with the Indian Accounting Standards ('IND AS') and any addendum thereto, as notified by the Companies (Indian Accounting Standards) Rules, 2015, as amended, read with the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996, as amended ("the SEBI Regulations"):

(a) in the case of the Balance Sheet, of the state of affairs of the Scheme as at March 31, 2026;

(b) in the case of the Revenue Account, of the surplus/deficit for the year/period ended on that date;

(c) in the case of the Cash Flow Statement, of the cash flows for the year/period ended on that date; and

(d) in the case of Statement of changes in Net assets, of the changes in net assets attributable to the unit holders of the respective scheme for the year/period ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) issued by the Institute of Chartered Accountants of India ("the ICAI"). Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Scheme in accordance with the 'Code of Ethics' issued by the ICAI together with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Board of Directors of Kotak Mahindra Asset Management Company Limited ("the AMC") and Kotak Mahindra Trustee Company Limited ("the Trustees") (collectively referred to as "Those Charged with Governance") are responsible for the other information. The other information comprises the information included in the Trustee report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and Those Charged with Governance for the Financial Statements

Those Charged with Governance are responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance, cash flows and changes in net assets attributable to unitholders of the Scheme in accordance with IND AS and any addendum thereto, as notified by the Companies (Indian Accounting Standards) Rules, 2015, as amended, read with the SEBI Regulations, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the SEBI regulations for safeguarding of the assets of the Scheme and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent, the design, implementation and maintenance of adequate internal controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the Scheme's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going

concern basis of accounting unless the management either intends to liquidate the Scheme or to cease operations, or has no realistic alternative but to do so.

Those Charged with Governance are also responsible for overseeing the Scheme's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Scheme's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Scheme to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Those Charged with Governance, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide to the management with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

The financial statements of the Schemes for the year/period ended March 31, 2025, for the Schemes, as enlisted below, included in these financial statements, have been audited by the predecessor auditor who expressed an unmodified opinion on those financial statements on June 27, 2025. Our opinion is not modified in respect of this matter.

2 ***Basis of preparation of Financial Statements***

Statement of compliance

The Securities & Exchange Board of India (SEBI) has made an amendment to Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 (as amended) (the 'Regulations') vide notification dated 25 January 2022, which directs implementation of Indian Accounting Standards (Ind AS) for mutual funds from 01 April 2023. As per the amended regulation 50(1) of SEBI MF Regulations, the financial statements and accounts of the mutual fund schemes shall be prepared in accordance with Ind AS, as notified by the Companies (Indian Accounting Standards) Rules, 2015. Further, it states that in case there is any conflict between the requirements of Ind AS and Regulations and the guidelines issued thereunder, the requirements specified under the Regulations shall apply.

Kotak Mahindra Mutual fund ('Fund') has adopted Indian Accounting Standards ('Ind AS') and have prepared the Financial Statements in accordance with the recognition and measurement principles as per Indian Accounting Standards (Ind AS) read with Companies (Indian Accounting Standards) Rules, 2015 and the Ninth Schedule of the Regulations, and the presentation and disclosure requirements of the Eleventh Schedule of the Regulations and the accounting principles generally accepted in India. The Fund has adopted Ind AS with effect from 01 April 2023.

3 Presentation of financial statement

The financial statements of the **Schemes** are presented as per Guidelines on Accounting with respect to Indian Accounting Standards (IND AS) issued by SEBI as per circular "SEBI/HO/IMD-II/DOF8/P/CIR/2022/12 " dated February 04, 2022. The Statement of Cash Flows has been presented as per the requirements of Ind-AS 7 Statement of Cash Flows.

The Financial statements have been prepared on an accrual and going concern basis using historical cost, except for Financial assets at fair value through Profit & Loss which have been measured at fair value.

Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:
• The normal course of business
• The event of default
• The event of insolvency or bankruptcy of the Fund and/or its counterparties.

The Preparation of these Balance Sheets,Revenue Accounts & Cashflow Statements, where applicable, in a columnar form is not intended to indicate that they bear any relation to each other. They are independent and not comparable in any manner.

4 Accounting estimates and judgments

The preparation of the Schemes financial statements in accordance with Ind AS requires use of judgements, estimates and assumptions for some items, which might have an effect on their recognition and measurement in the Balance Sheet and Revenue Account. The actual amounts realized may differ from these estimates. The estimates and the underlying assumptions are reviewed on an ongoing basis.

(i) Recognition and measurement of provisions and contingencies

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources and on past experience and circumstances known at the reporting date. The actual outflow of resources at a future date may therefore, vary from the amount included in other provisions.

(ii) Assumptions and estimation uncertainties

Measurement of fair values
The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the Standalone Balance Sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values.
Based on the Business model assessment, investment are classified at Fair Value through Profit and Loss as per Ind AS 109.
(iii) Impairment & ECL provision are determined using reasonable & supportable information available and as per the Writeoff policy mentioned in **Note 9.b**

5 New and amended standards adopted

The Ministry of Corporate Affairs vide notification dated 7 May 2025 and 13 August 2025 notified the Companies (Indian Accounting Standards) Amendment Rules, 2025 and Companies (Indian Accounting Standards) Second Amendment Rules, 2025, respectively, which amended certain accounting standards (see below), and are effective for annual reporting periods beginning on or after 1 April 2025:

• Supplier Finance Arrangements – Amendments to Ind AS 7 and Ind AS 107
• International Tax Reform – Pillar Two Model Rules – Amendments to Ind AS 12

The same is not applicable to the schemes.

6 ***Material Accounting Policies***

6.1 **Income recognition**
The Schemes maintain their books of account on an accrual basis as per accounting Policies and Standards specified in the Ninth Schedule of The Securities and Exchange Board of India (Mutual Funds) Regulations, 1996, (the "Regulation"), and amendments thereto, as applicable.

• In respect of all interest-bearing investments, income are accrued on a day to day basis as it is earned. Therefore, when such investments are purchased, interest paid for the period from the last interest due date upto the date of purchase are not treated as a cost of purchase but debited to interest accrued but not due account. Similarly interest received at the time of sale for the period from the last interest due date upto the date of sale are not treated as an addition to sale value but credited to interest accrued but not due account.

• For listed shares/Mutual Fund units, the dividend income earned by a Scheme is recognised on the date the shares/Mutual Fund units are quoted on an ex-dividend basis. For investments in shares/Mutual Fund units, which are not quoted on the stock exchanges, the dividend income is recognised on the date of declaration.

• Profit or loss on sale of investments is recognised on the trade date and is determined on the basis of the weighted average cost method.
• Gain / Loss on fair value changes:
The net change on account of gain / loss on fair value changes in the value of investments is determined separately for each category of investments. The change if any, between two balance sheet dates is recognized in the revenue account and thereafter the net gain, if any, is transferred to the unrealised appreciation reserve.

• Rights / Bonus entitlements are recognized as investments on the ex-rights date / ex-bonus date.

6.2 **Financial instruments**
A financial instrument is defined as any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Initial measurement

6.2.1 Financial assets –
Financial assets are recognised when the Fund becomes a party to the contractual provisions of the instruments.

All financial assets are recognised initially at fair value adjusted for incremental transaction costs that are directly attributable to the acquisition of the financial asset or issue of financial assets except for following :
Financial assets measured at FVTPL (Fair Value through Profit and Loss) which are recognised at fair value i.e. Transaction costs directly attributable to the acquisition of financial assets at FVTPL are recognised immediately in Revenue Account.

Classification and Subsequent measurement of financial assets –
For the purpose of subsequent measurement, financial assets are classified into three categories:

a. Financial assets carried at amortized cost.
b. Financial assets carried at FVTPL (Fair value through Profit & Loss).
c. Financial assets carried at FVTOCI (Fair Value through Other Comprehensive Income).

a. Financial assets carried at amortized cost - A financial instrument is measured at amortized cost if both the following conditions are met:

• The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
• Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

The Scheme financial assets include trade and other receivables, and other financial assets such as income receivable on investments, margin money, share application money, FD & TREPS etc. Receivables and other financial instruments are measured at amortized cost.

The fund has determined that it has 2 business model : - The business model assessment is one of the two steps to classify financial assets. An entity's business model reflects how it manages its financial assets in order to generate cash flows, its business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets or both. This assessment is performed on the basis of scenarios that the entity reasonably expects to occur.

1) Held-to-collect business model: This includes cash & cash equivalents and other financial assets except investments. these financial assets are held to collect contractual cash flow. and the cash flows are solely payment of principal and Interest ("SPPI")on the principal amount outstanding. The assessment of SPPI test is performed as below

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are SPPI, the Fund considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition.

In making this assessment, the Fund considers:
contingent events that would change the amount or timing of cash flows;
– leverage features;
– prepayment and extension features;
– terms that limit the Fund's claim to cash flows from specified assets (e.g. non-recourse features); and
– features that modify consideration of the time value of money (e.g. periodical reset of interest rates).

Once the financial asset meet the above criteria the respective financial assets are classified at amortised cost.

2) Other Business Model: This includes investments. These financial assets are managed, and their performance is evaluated, on a fair value basis and the investments are held with intention of trading. These financial assets are classified as financial assets at fair value through Profit/Loss.

In making an assessment of the objective of the business model in which a financial asset is held, the scheme considers all of the relevant information about how business is managed, including.

• the documented investment strategy and the execution of this strategy in practice. This includes whether the investment strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities, or expected cash outflows or realizing cash flows through the sale of the assets.
• how the performance of the portfolio is evaluated and reported to the Fund's management.
• the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed.
• how the investment manager is compensated: e.g., whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
• the frequency, volume, and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.
Further, In making an assessment of the objective of the business model in which a financial asset is held, the fund considers all of the relevant information about how business is managed

One business model that results in measurement at fair value through profit or loss is one in which an entity manages the financial assets with the objective of realising cash flows through the sale of the assets. The entity makes decisions based on the assets' fair values and manages the assets to realise those fair values.

A portfolio of financial assets that is managed and whose performance is evaluated on a fair value basis is neither held to collect contractual cash flows nor held both to collect contractual cash flows and to sell financial assets. The entity is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. For such portfolios, the collection of contractual cash flows is only incidental to achieving the business model's objective. Consequently, such portfolios of financial assets must be measured at fair value through profit or loss.

b. Financial Assets measured at Fair value through Profit & Loss

Financial Assets shall be classified at Financial Assets measured at Fair value through Profit & Loss when Financial Asset is.
• Held for Trading
• A debt instrument that does not qualify to be measured at amortized cost FVOCI.
• An equity investment which the entity has not elected to classify as FVOCI.

I. it eliminates or significantly reduces a measurement or recognition inconsistency (sometimes referred to as 'an accounting mismatch') that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases

II. a group of financial liabilities or financial assets and financial liabilities is managed, and its performance is evaluated on a fair value basis, in accordance with a documented risk management or investment strategy, and information about the group is provided internally on that basis to the entity's key management personnel.

All financial assets not classified as measured at amortised cost or FVOCI are measured at FVTPL. This includes all derivative financial assets unless designated as effective hedge instrument which are accounted as per hedge accounting requirements

The Fund has following type of financial assets which has been measured at FVTPL –

For the purposes of the financial statements, all investments are marked to market and carry investments in the balance sheet at market value. The realised gains or losses on sale or redemption of investment, as well as unrealised appreciation or depreciation are recognised in all financial statements through Revenue Accounts. However, since the unrealised gain arising out of appreciation on investments cannot be distributed, it is excluded when arriving at distributable income.

1. **Investments** – The Investments includes investment in Equity Shares, Preference shares, Debenture/bonds, Central/ State Government Securities, Treasury bills, Commercial papers, Certificate of Deposits, Units of Mutual Funds, Commodities, Foreign securities, ETFs, InVIT, REIT, PTC (Pass through Certificate), cash management Bills are held for trading and thus subsequently measured at Fair value through profit & Loss. Purchase and sale of Investments are accounted on the date of the transaction at their respective fair values.

2. Derivatives
The Fund enter into derivative transactions in equity/ index options and futures. "Derivative margin deposits" representing the margins towards equity derivative contracts entered into by the Fund are disclosed under "Other Financial Assets."

i. Options
• Premium paid on bought option contracts is debited to "equity option premium account" and recorded as an asset.
• When the option contracts are squared off before expiry, the difference between the premium paid and received on the squared off transactions is recognised in the revenue account. When the option contracts are exercised on or before expiry, the difference between the option settlement price as determined by the exchange and the premium is recognised in the revenue account. If more than one option contracts in respect of the same stock / index with the same strike price and expiry date to which the squared off / exercised contract pertains is outstanding at the time of square off / exercise of the contract, the weighted average method is followed for determining the gain or loss.

• Premium asset in respect of options not exercised / squared off as on expiry date is transferred to revenue account.
• All open future positions are valued at the futures settlement price as determined by the exchange where it is traded. All option positions are valued at the last traded price where it is traded. In case there is no traded price available then the option position is valued at fair value based on a theoretical price as derived by Black & Scholes option pricing formula.

ii. Futures

Futures contracts are marked to market daily at the futures settlement price as determined by the exchange. The variation margin calculated as the difference between the trade price or the previous day's settlement price, as the case may be, and the current day's settlement price is recorded as a receivable or payable.
When a contract is closed (squared off)/ settled (on expiry), the difference between the final settlement / square-off price and the contract price is recognised in the Revenue Account. If more than one futures contracts in respect of the same stock / index and expiry date, to which the squared off / settled contract pertains, is outstanding at the time of square off / settlement of the contract, the weighted average method is followed for determining the gain or loss.

As at the Balance Sheet date / date of determination, all open futures positions are valued at the futures settlement price as determined by the exchange where it is traded.. The unrealised appreciation / depreciation on all open positions are considered for determining the net asset value.

Derivatives are initially recognized at fair value at the date the contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain/ loss is recognised in Revenue Account immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedging relationship and the nature of the hedged item.

c.Financial assets measured at fair value through other comprehensive income

When the financial assets are held to collect contractual cash flows and selling the financial assets and contractual terms give rise to cash flows that are solely payments of principal and Interest on principal amount outstanding.

De-recognition of financial assets

A financial asset is de-recognised when:
• The rights to receive cash flows from the asset have expired, or
• The Fund have transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
(a) the schemes have transferred substantially all the risks and rewards of the asset, or
(b) the Fund have neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.
The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Schemes has retained.
On derecognition of a financial asset, the difference between the carrying amount (measured at the date of derecognition) allocated to financial asset and the consideration received is recognized in the revenue account.

Reclassifications

Financial assets are not reclassified subsequent to their initial recognition unless the Fund were to change its business model for managing financial assets, in which case all affected financial assets would be reclassified on the first day of the first reporting period following the change in the business model.

Impairment of financial assets
ECL are recognised for financial assets held under amortised cost.

Expected credit losses are measured through a loss allowance at an amount equal to:
i) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
ii) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

When determining whether credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Fund considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, including on historical experience and forward-looking information The Fund continuously assesses whether there has been a significant increase in credit risk, or the asset has become credit impaired since initial recognition based on below criteria.
• Historical trend of collection from counterparty
• Schemes contractual rights with respect to recovery of dues from counterparty
• Credit rating of counterparty and any relevant information available in public domain
Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

The scheme applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the receivables, Cash & cash equivalents & Other financial assets which are measured at amortised cost.

-Receivables, the scheme applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The schemes have determined based on historical experience and expectations that the ECL on its receivables (apart from receivables from issuers) is insignificant and was not recorded. At every reporting date, these historical default rates are reviewed and changes in the forward-looking estimates are analysed.

The schemes have to also adhere to the provisions of below investment grade / default as prescribed by SEBI from time to time. Accordingly, A money market or debt security shall be classified as "Default" if the interest and / or principal amount has not been received, on the day such amount was due or when such security has been downgraded to "Default" grade by a CRA. In case of debt and money market securities classified as "below investment grade or default", provision is made for the income so accrued / to be accrued in the manner specified in SEBI guidelines. Such securities are valued as per the approved valuation policy.

-Cash and Cash Equivalents and Balances with Bank
The schemes hold cash and cash equivalents and other bank balances, the credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be high and accordingly it carries low credit risk as they are settled in short term and there has been no significant increase in the risk of default since initial recognition and hence expected credit loss is immaterial

-Other Financial assets
Other financial assets include security interest receivable and other deposits which has low credit risk as they are settled in short term and there has been no significant increase in the risk of default since initial recognition hence expected credit loss is immaterial.

Thus, the Fund have not recognised any provision for expected credit loss during the year ended 31 March 2026 as the credit rating and historical experience of downgrade & default in a way reflects reasonable and supportable information that is available without undue cost or effort at the reporting date.

6.2.2 Financial liabilities

A financial liability is a contractual obligation to deliver cash or another financial asset or to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the Schemes.

Initial measurement
All financial liabilities are recognised initially at fair value adjusted for incremental transaction costs that are directly attributable to the financial liabilities except in the case of financial liabilities recorded at FVTPL where the transaction costs are charged to revenue account.

Classification and Subsequent measurement of financial liabilities

Financial liabilities are classified and measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative (that does not meet hedge accounting requirements) or it is designated as such on initial recognition. Interest expense and foreign exchange gains and losses are recognised in revenue account. Any gain or loss on derecognition is also recognized in revenue account.

The funds have following financial liabilities -
(1) Derivative financial instruments payable - Derivative Financial Instruments payable is measured at Fair value through profit & loss.

(2) Borrowing - The Fund borrow to meet temporary liquidity needs for the purpose of reurchase, redemption of units or payment of dividend.

(3) Other Financial Liabilities - The Fund includes in this category payables and all other financial liabilities which are measured at amortized cost.

De-recognition of financial liabilities
A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the revenue account.

6.3 **Fair value measurement**

The Fund measures all the investments at fair value at each reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability or, in the absence of a principal market, in the most advantageous market for the asset or liability.

SEBI has amended Regulation 47 and the Eighth Schedule relating to valuation of investments on February 21, 2012, to introduce overriding principles in the form of "Principles of Fair Valuation". The amended regulations require that mutual funds shall value their investments in accordance with principles of fair valuation so as to ensure fair treatment to all investors i.e., existing investors as well as investors seeking to subscribe or redeem units.

It further prescribes that the valuation shall be reflective of the realizable value of securities and shall be done in good faith and in a true and fair manner through appropriate valuation policies and procedures approved by the Board of the asset management Schemes

The amendment also states that in case of any conflict between the principles of fair valuation and valuation guidelines as per Eighth Schedule and circulars issued by SEBI, the Principles of Fair Valuation shall prevail.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 inputs – these inputs are quoted prices (unadjusted) in active markets for identical assets/liabilities that the entity can access at the measurement date. As a quoted price in an active market provides the most reliable evidence of Fair Value, it should be utilized to measure Fair Value whenever available. Common examples of Level 1 inputs include listed equity securities and open ended mutual funds with daily published net asset values.

Level 2 inputs – these inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include (i) quoted prices for similar assets or liabilities in active markets; (ii) quoted prices for identical/similar assets or liabilities in markets that are not active; (iii) inputs other than quoted prices that are observable for the asset or liability, such as interest rates, yield curves, and implied volatilities; and (iv) market-corroborated inputs.

Level 3 inputs – these inputs are unobservable inputs for assets/liabilities. Unobservable inputs are used to measure Fair Value to the extent that relevant observable inputs are not available. The unobservable inputs should reflect the assumptions that market participants would use when pricing the asset or liability, including assumptions about risk. An entity should develop unobservable inputs using the best information available. In developing unobservable inputs, an entity may begin with its own data, but it should adjust the data to ensure consistency with a market participant view point. Common examples of Level 3 inputs include management prepared business forecasts utilized in a discounted cash flow model.

The objective of valuation techniques is to arrive at a fair value measurement that reflects the price that would be received to sell the asset or paid to transfer the liability in orderly transactions between market participants at the measurement date.

For assets and liabilities that are recognized in the financial statements on a recurring basis, Schemes determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period or each case.

6.3.1 Portfolio Valuation

Investments are stated at market/fair value at the Balance Sheet date/date of determination. In valuing the Scheme's investments:-

I. Valuation of Equity and Equity related securities		
Category	**Traded**	**Non-Traded/Thinly Traded/Privately placed / Unlisted equity**
Equity Shares / Preference Shares / Warrants / Convertible Debentures	These securities are valued at the last quoted closing price on the National Stock Exchange of India Limited (NSE) except for schemes replicating / tracking BSE Indices, wherein the equity securities are valued at the last quoted closing price of Bombay Stock Exchange Ltd. (BSE). However, if these securities are not listed / traded on NSE, as the case may be, the securities are valued at the last quoted closing price on the exchange where it is principally traded. When these securities are not traded on any stock exchange on a particular valuation day, the value at which it was traded on NSE or any other stock exchange as the case may be, on the earliest previous day is used, provided that such day is not more than thirty days prior to the valuation date.	Non-traded / thinly traded / privately placed / unlisted equity and preference shares including those not traded within thirty days are valued at fair value as per procedures determined by the Investment Committee.

Category	
Non traded Rights Entitlement	Until they are traded, the value of "rights" shares are calculated as the difference between the ex-rights price and the rights offer price subject to illiquidity discount as decided by the Investment Committee on a case to case basis. Where the rights are not treated pari passu with the existing shares, suitable adjustments shall be made to the value of the rights. Where it is decided not to subscribe for the rights but to renounce them and renunciations are being traded, the rights can be valued at the renunciation value.
Equity and Equity related securities awaiting listing (Merger, Demerger,	In respect of special circumstances, such as Merger, De-Merger, Split, Hiving off, etc., fair value principles are adopted. Such fair valuation principles could be the difference between the price as existed on the date previous to the ex-date and the exdate price of the existing equity shares, duly adjusted for discount, if any.
Initial Public Offering ('IPO') application	Prior to allotment – at Bid Price Post allotment but awaiting listing – at allotment price Post listed – at last quoted closing price as per "Traded Equity Shares / Preference Shares / Warrants / Convertible Debentures"
Futures and Options (both exchange traded equity and interest rate derivatives)	All open future positions are valued at the futures settlement price as determined by the exchange where it is traded. All option positions are valued at the last traded price where it is traded. In case there is no traded price available then the option position is valued at fair value based on a theoretical price as derived by Black & Scholes option pricing formula.
Foreign Securities	Investments in securities outside India are valued at the closing price on the stock exchange on which it is listed or at the last available traded price on the date of valuation. Investment in units of overseas mutual funds is valued based on the net asset value of the overseas mutual fund on the date of valuation. On valuation date, all foreign securities shall be valued in Indian Rupees at the last available RBI reference rate.
Non-traded Convertible debentures	In respect of convertible debentures and bonds, the non- convertible and convertible components shall be valued separately. The non-convertible component should be valued on the same basis as would be applicable to a debt instrument. The convertible component should be valued on the same basis as would be applicable to an equity instrument. If after conversion the resultant equity instrument would be traded pari passu with an existing instrument which is traded, the value of the latter instrument can be adopted after an appropriate discount for the non-tradability of the instrument during the period preceding the conversion. While valuing such instruments, the fact whether the conversion is optional should also be factored in.
Non-traded warrants	In respect of warrants to subscribe for shares attached to instruments, the warrants are valued at the value of the share which would be obtained on exercise of the warrant as reduced by the amount which would be payable on exercise of the warrant. Appropriate discount shall be deducted to account for the period, which must elapse before the warrant can be exercised.

II. Valuation of Debt and Money Market (Including Sovereign securities) Instruments

Category	
Money Market and Debt Securities (including floating rate securities)	**Money Market and Debt Securities** All money market and debt securities including floating rate securities and bills purchased under rediscounting scheme are valued at average of security level prices obtained from valuation agencies, currently CRISIL and ICRA. In case security level prices given by valuation agencies are not available for a new security (which is currently not held by any Mutual Fund), then such security shall be valued at purchase yield on the date of allotment / purchase. **Government Securities (including T-bills, Strips)** Irrespective of the residual maturity, Government Securities (including T-bills, Strips) are valued on the basis of security level prices obtained from valuation agencies.
III. Others	
Bank Deposits and Overnight Repos (including Overnight Tri Party Repo (TREPS))	Bank Deposits and Overnight Repos (including Overnight Tri Party Repo (TREPS)) shall be valued at cost plus accrual basis.
Repo (including Tri Party Repo (TREPS)) other than Overnight Repos	All repo transactions (including Tri Party Repo (TREPS)), except for overnight repos shall be valued at average of security level prices obtained from valuation agencies, currently CRISIL and ICRA. In case security level prices given by valuation agencies are not available for a new Repo (which is currently not held by any Mutual Fund), then such Repo may be valued at purchase yield on the date of placement.
Real Estate Investment Trust ('ReITs') & Infrastructure Investment Trust ('InvITs')	**Allotted but awaiting listing** - At allotment price **Listed / Traded / Non Traded** ReIT and InvIT are valued at the last quoted closing price at the principal stock exchange. In case ReIT / InvIT are not traded on the principal stock exchange on a particular date, the closing price at which it is traded on any other stock exchange will be considered. If the traded price is not available, then valuation shall be as per the direction of Investment Committee. Investments in ReIT / InvIT shall be valued as follows: i) In case ReIT / InvIT is not being tradedon any given day, last traded price would be taken as fair market value provided such last trade is not beyond previous 30 days. ii) In case ReIT / InvIT is not being traded for previous 30 days, latest NAV declared by investment manager of ReIT / InvIT trust shall deemed to be the fair price. iii) In case investment committee can establish a case that NAV as published by investment manager of ReIT / InvIT is not representative of fair value than at a price suggested to be fair value.
Mutual Fund Units	Investments in unlisted mutual fund schemes are valued based on the last declared net asset value of the schemes available on AMFI website. In case of Investments in Listed mutual fund units, valuation are at the last quoted closing price at the principal stock exchange. if the traded price is not available, last declared NAV of the schemes available on AMFI site can be considered for valuation.
Gold / Silver	Investments in gold are valued at the price arrived at by converting the price of gold quoted on the London Bullion Market Association [LBMA], in US Dollars into Indian Rupees at the exchange rate published by the Reserve Bank of India as increased by custom duty for import of gold , adjusted the premium / discount* and other charges as applicable. w.e.f. March 27,2023, instead of taking quotes from market dealers, MCX spot price would be considered to determine a suitable notional premium / discount to arrive at the fair valuation reflecting the domestic prices of Silver and Gold. If on any day, LBMA price is not available due to holiday, the last published LBMA price will be considered for valuation by applying last available RBI reference rate.
Interest Rate Swaps	Interest Rate Swap (IRS) contract is recognised on the trade date and income on IRS contract is measured at net basis i.e. difference between the interest on Fixed leg and Floating leg of IRS contract. Mark to market gain / (loss) on IRS contract is recognised as the difference between notional value and fair value of IRS contract as provided by the CRA.
Securities lending and borrowing Mechanism (SLBM)	Lending fees (net of brokerage) on the security lending is recognised on the basis of amortisation over the period of lending contract of security.
Units of Corporate Debt Market Development Fund (CDMDF)	Investments in units of CDMDF shall be valued based on the last declared net asset value as disclosed on the website of the CDMDF Fund.
OTC Derivatives and Market Linked Debentures	OTC Derivatives and Market Linked Debentures are valued based on prices received from valuation agencies.
Exchange Traded Commodity Derivatives (ETCDs)	Exchange Traded Commodity Derivatives (ETCDs) shall be valued at the settlement price where such ETCD Contracts are listed. In case necessary details to value ETCDs are not available, the prices will be determined based on the available information which shall be approved by Investment Committee.
Physical Commodities other than Gold & Silver	Physical stocks / commodities received from the exchange accredited warehouse in the location (as notified and determined by the exchanges) will be valued based on latest spot market price of the respective location as published by the respective commodity exchanges. If on any day the spot market prices as above are not available, then the prices of immediately preceding day will be considered for the purpose of valuation of such commodity. If the prices as per above do not represent fair value, the Investment Committee will determine the price based on the available information, in order to ensure fair valuation.
Securities which are rated below investment grade or default	Securities which are rated below investment grade or default are valued at the price provided by AMFI appointed valuation agencies, currently CRISIL and ICRA. Where the traded price is lower than such computed price, such traded price shall be considered for the purpose of valuation. Any deviation from the indicative haircuts and/or the valuation price for money market and debt securities rated below investment grade provided by the valuation agencies shall be as decided by the Investment Committee.

6.4 **Foreign currency transactions**
Initial recognition

Transactions in foreign currencies are recognised at the prevailing exchange rates between the reporting currency and a foreign currency on the transaction date.

Subsequent measurement

Transactions in foreign currencies are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognised in Revenue account.

The books and records of the Fund are maintained in Indian rupees. Amounts denominated in or expected to settle in foreign currencies are translated into Indian rupees including
Market value of investments, other assets and liabilities at the closing rate of exchange on the Balance Sheet date / valuation date.

Net realised foreign exchange gains and losses arise from sales of foreign currency denominated securities, currency gains or losses realised between trade and settlement dates of foreign currency denominated securities transactions and the difference between the recorded amounts of foreign currency denominated dividends, interest and expenses recorded in the Fund's books and the Indian rupee equivalent amounts actually received or paid.
Net unrealised foreign exchange gains and losses arising from changes in value of assets and liabilities denominated in foreign currency resulting from changes in foreign exchange rate are included in net unrealised appreciation or depreciation in value of investments and foreign currency denominated assets and liabilities.

6.5 **Expenses**

• All expenses are accounted for on accrual basis.
• Brokerage and transaction cost incurred for the purpose of execution of trades are charged to the Fund as provided under Regulation 52 (6A) (a) upto 12 bps and 5 bps for cash market transactions and derivatives transactions, respectively. Any payment towards brokerage and transaction costs, over and above the said 12 bps and 5 bps for cash market transactions and derivatives transactions respectively are charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation.
• Pursuant to SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2018/137 dated October 22, 2018, all the Scheme related expenses including commission paid to distributors, by whatever name called and in whatever manner paid, are borne and paid by the Fund within regulatory limits mandated under regulation 52 of the SEBI (MUTUAL FUNDS) Regulations, 1996

• Investment Management Fees - The Schemes have paid / provided for investment management fees payable to KMAMC for managing the Scheme at an average annual rate as a percentage of the average daily net assets (excluding the Investment made in units by KMAMC, Investment made in units by schemes of KMAMC other than Fund of Fund schemes, Fixed Deposit placed by the scheme and interest accrued on the same) recorded by the respective Scheme.

• Trusteeship Fees - In accordance with the Trust Deed dated May 20, 1996 between KMBL and KMTC and amendments thereto, the Trustee is entitled to annual remuneration, being the higher of Rs. 15 Lakhs or such percentage of the average daily net assets of KMMF as specified in the Trust Deed.

• Custodian Fees - Standard Chartered Bank provides custodial services for equity portfolios, The Deutsche Bank AG provides custodial services for non-equity portfolios of the schemes of KMMF, for which they receive custody fees including transaction and registration charges

• Interest on Borrowing cost - The Borrowing cost for meeting redemptions and dividend has been charged to schemes (to the extent of portfolio yield of day prior to borrowing) as an expense.

6.6 **Net Asset Value for Growth / IDCW (Income distribution cum capital withdrawal) Options of a scheme**

The net asset value for a scheme is determined separately for units issued under the Growth and IDCW Option, where applicable. For reporting the net asset value of the Growth and IDCW options, daily income earned, including realised and unrealised gain or loss in the value of investments and expenses incurred by the Schemes are allocated to the options in proportion to the value of the net assets.

6.7 **Unit Premium Reserve**
Upon issue and redemption of units, the net premium or discount to the face value of units is adjusted against the unit premium reserve of the respective Scheme, after an appropriate portion of the issue proceeds and redemption payout (for open-ended schemes) is credited or debited respectively to the income equalisation reserve.

6.8 **Unrealised Appreciation Reserve**

For investments and derivatives, the change in net unrealised depreciation, if any, between two balance sheet dates / date of determination is accounted for through the Revenue Account.The net change in unrealised appreciation, if any, between two balance sheet dates / date of determination is accounted through the Revenue Account and thereafter transferred from the Revenue Account to the unrealised appreciation reserve.Net unrealised appreciation is reduced from distributable income at the time of distribution.

6.90 **Revenue Reserve**
Revenue Reserve represents surplus in Revenue account except Unrealised Appreciation amount.

6.10 **Income Equalisation Reserve**
Income equalisation reserve is maintained (for open-ended schemes) by crediting (or debiting) the income equalisation reserve account in respect of issue of units (or redemption of units) by an appropriate amount, which represents the distributable income at the time of issue (or redemption). The balance in the income equalisation reserve account is transferred to the Revenue Account at the end of the year / period.

6.11 **Cash and cash equivalents**

Cash and cash equivalents include cash on hand, reverse repurchase transactions/TREPS that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

7 Other Accounting Policies

7.1 **Provisions & Contingent liabilty**

Provisions

A provision is recognized when the 'Scheme' has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made.

Contingent Liability

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the fund. A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or reliable estimate of the amount cannot be made, is termed and disclosed as contingent liability.

7.2 **Offsetting of financial instruments**

Financial assets and financial liabilities are offset, and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.
The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counterparty.

7.3 **Load Charges**

As mandated vide circular CIR /IMD/DF/4/2011, of the load balance as of July 31, 2009, not more than one third of the said balance can be utilized in any financial year.

As mandated vide circular CIR /IMD/DF/21/2012 dated September 13,2012 exit load collected net of GST ,if any, is credited to scheme w.e.f. October 01,2012.
No Entry load is charged to investors at the time of entry into the fund.

7.4 **Taxation**
No provision for income tax has been made since the income of the scheme is exempt under Section 10 (23D) of the Income Tax Act, 1961

7.5 **Functional and presentational currency**
The financial statements of the fund is presented in Indian Rupees (₹) which is also functional currency of the Fund and the currency of the primary economic environment in which the Fund operates. All amounts are rounded off to the nearest lakhs, unless otherwise indicated.

7.6 Other Income includes Rebate, exit load income (net of GST), SLBM Lending fees (net of brokerage), Interest received on account of Delayed RTGS and Miscellaneous income (If any).

8 FAIR VALUE MEASUREMENT

(a) The following tables presents the carrying value and fair value of each category of financial assets and liabilities :

Refer Table 1

(b) Fair value hierarchy

The Scheme measures its investments in financial instruments, such as Shares, Future/Option, Interest Rate Swap, Commodities, Debentures/ Bond, Certificates of deposit, Domestic / Overseas Mutual funds Commercial paper, Treasury bills, Cash management bills, ReITs,InVITs, Foreign securities, State Government Securities and Central Government Securities at fair value at each reporting date.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

i) Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
ii) Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
iii) Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

Assessing the significance of a particular input requires judgement, considering factors specific to the asset or liability.

Accordingly, in line with the valuation policy stated earlier the Financial instrument are classified as under;

Category	Traded	Pricing Source
Equity Shares / Preference Shares / Warrants / Equity related securities awaiting listing		
-Traded	Level 1	Last quoted closing price on the Stock Exchange
-Non-Traded	Level 3	Valued in accordance with the fair valuation norms prescribed in the SEBI guidelines.
Corporate Action- Merger, Demerger and Rights Entitlement	Level 2	Valued in accordance with the fair valuation norms prescribed in the SEBI guidelines.
Real Estate Investment Trust ('ReITs') & Infrastructure Investment Trust ('InvITs')	Level 1	Last quoted closing price on the Stock Exchange
Futures, Options (both exchange traded equity and interest rate derivatives) and Exchange Traded Commodity Derivatives (ETCDs)	Level 1	Settlement price on the stock exchange
Money Market, Debt Securities (including floating rate securities) and Repo (including Tri Party Repo (TREPS)) other than Overnight Repos	Level 2	Weighted average of prices provided by CRISIL and ICRA, which is valued in accordance with the fair valuation norms prescribed in the SEBI guidelines
AIF, Mutual Fund Units (Including Overseas)	Level 1	NAV published on Association of Mutual Fund of India (AMFI) / respective fund house.
Gold / Silver	Level 1	Price arrived at by converting the price of gold quoted on the London Bullion Market Association [LBMA] adjusted with suitable notional premium / discount.
Interest Rate Swaps (OTC Derivatives)	Level 2	Weighted average of prices provided by CRISIL and ICRA, which is valued in accordance with the fair valuation norms prescribed in the SEBI guidelines

9 Financial risk Management and associated Risks

The funds strategy on the management of investment risk is driven by the respective funds investment objective. Investment risk management involves both controlling risk by limiting certain risk exposures and the size & probability of losses, as well as using a number of active investment techniques that seek to align the fund's investments with its investment objectives,

Risk control focuses on placing limits on a fund's investment positions and concentrations. These limits include the investment restrictions mentioned in the fund's SID as well as limits and restrictions imposed by the investment committee and the risk management committee (RMC) within the regulatory limits. Risk control activities includes reviewing portfolio concentrations and adjusting portfolio holdings accordingly, monitoring and limiting credit exposure from issuers of portfolio securities and from counterparties; and ensuring that a fund is managed in compliance with the Scheme Information Document and the regulatory investment restrictions.

Additionally, there are documented Investment Manuals which lay various internal norms and fund managers are expected to operate within the boundaries as set therein.

Risk management policies and systems are reviewed regularly by KMAMC (Kotak Mahindra Asset Management Company Limited) to reflect changes in market conditions and the Fund's activities. The RMC of KMAMC and KMTC (Kotak Mahindra Trustee Company Limited) monitors compliance with the Fund's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Fund.

The Fund's investing activities expose it to various types of risks that are associated with the different financial instruments and jurisdictions in which it invests. Some of the key financial risks to which the Fund is exposed to are Market Risk, Credit Risk and Liquidity Risk.

Exposure to market risk, credit risk, liquidity and concentration risk arises in the normal course of the Fund's business and these risks are mitigated by the Fund's financial risk management policies and practices.

Risk	Exposure arising from	Measurement
Credit Risk	Cash and Cash Equivalents (excl. Cash on hand), other bank balances, receivables, other financial assets	Credit Rating and Expected credit loss
Liquidity Risk	Financial Liabilities and Financial Assets	Cash Flow forecast
Market Risk - interest rate	Change in interest rate of borrowings and debt securities	Sensitivity Analysis
Market Risk - price risk	Investments in Equity securities	Sensitivity Analysis
Market Risk - foreign currency risk	Financial assets and Financial liabilties having exposure to foreign currency risk	Sensitivity Analysis

a) Market Risk

Market risk is the risk of possible economic loss arising from adverse changes in market risk factors such as interest/price rates, foreign exchange rates.Market Risk is managed through Board Approved Risk Management Policy, Investment Manuals and various other policies. The funds market risk is managed on a daily basis by the scheme Fund Managers in accordance with policies & procedures. The Investment Committee of KMAMC reviews the Market Risk aspect of the schemes in its periodic meetings.

i.) **Price Risk**
Price risk is the risk that value of the instrument will fluctuate as a result of changes in market prices, whether casused by factors specific to an individual investment,its issuer or all factors affecting all instruments traded in the market. As majority of the schemes financial instruments are carried at fair value changes recognised in revenue account, all changes in market conditions will directly affect the Investment.

Price risk is mitigated by the Fund Managers by constructiong a diversified portfolio of instruments traded. There are various concentration limits at issuer, group, sector, stock count adhered to by the Fund Managers which helps diversifying the exposure.
To moderate price risk, Kotak Mahindra Mutual Fund employs a disciplined approach to stock selection and investment where detailed research is concluded before any investments and thereafter periodical review is conducted to ensure that investments continues to be in the best interest of the investors. Various factors including the macroeconomic landscape, position size, hedging strategies, derivatives usage, exposure to key thematic risks, and the overall financial position exposure are considered while monitoring price risk.

Refer Table 4

ii.) **Interest rate Risk**
Interest rate risk is the possibility of a loss that could result from a change in interest rates. The values of investments will appreciate/depreciate if the interest rates fall/rise. Generally, when interest rates rises, prices of fixed income securities fall and when interest rates drop, the prices generally increase.

The interest rate movement is considered as a steep factor in outlier events such as sudden tightening of liquidity conditions or steep increase in overnight rates. The change in a fixed income securities price given a change in interest rates is known as its duration. Duration for the scheme is guided by respective scheme objectives, scheme information document, stress testing policy etc. Scheme wise duration are reviewed by Investment Committee on a regular basis. The Scheme's financial assets are Corporate Bond, Certificates of deposit, Commercial paper, State Government Securities and Central Government Securities, which are interest bearing.

As at March 31, 2024, if prevailing interest rates had risen or declined by 0.5%, assuming a parallel shift in the yield curve with all other variables held constant, **Refer Table 5** for the impact on Scheme's net assets due to decreased or increased. In practice, actual results may differ from this sensitivity analysis and the difference could be material.

Refer Table 6 analyses the Scheme's interest rate risk exposure.

b.) Credit Risk

Credit risk is the risk that the issuer of a debenture/ bond or a money market instrument may default on interest &/or principal payment obligations. This risk arises due to any uncertainty in issuer's ability or willingness to meet its contractual obligations. Even when there is no default, the price of a security may change with expected changes in the credit rating of the issuer.

The AMC has appointed an Investment Committee which oversees matters relating to credit assessments and approvals. The Investment Committee comprises of Senior Executives of the Company and Directors of AMC. It sets the framework for credit risk assessment and monitoring, sectoral exposure caps, sensitive sector limits, fund level limits norms for investment decision making and oversees the investment risk management function. Investment policy as approved by the Boards of AMC and Trustees which emphasizes on credit quality, liquidity and duration management lays down the process to be followed by the debt fund management team while making investments. Detailed credit research is undertaken for each investment in the portfolio which includes qualitative and quantitative assessment of various issuers.

There is continuous monitoring done by Credit team for any change in the rating of the issuers and necessary action wherever required are taken.

Rating wise exposures are placed and discussed in Investment Committee as well.

Early warning signals (EWS) are assessed on continuous basis. Alerts are discussed in Investment Committee.

Concentration limits viz. counterparty wise, group wise and sector wise are monitored continuously on daily basis.

For Fund's portfolio of assets by rating agency category: **Refer Table 7**

-Concentration Risk
When a Mutual Fund Scheme, by mandate, restricts its investments only to a particular sector; there arises a risk called concentration risk. If the sector, for any reason, fails to perform, the portfolio value will plummet and the Investment Manager will not be able to diversify the investment in any other sector. Investments under this scheme will be in a portfolio of diversified equity as well as debt stocks spanning across a few selected sectors. Hence the concentration risks could be high.
There are various concentration limits at issuer, group, sector adhered to by the Fund Managers which helps diversifying the exposure, hence mitigating the concentration risk
The Fund manager attempts to mitigate concentration risk by investing in sufficiently large number of companies within the specified sector space, so as to maintain optimum diversification and keep stock specific concentration risk relatively low. **Refer Table 8**

-Write off policy
Financial assets are written off either partially or in their entirety only when the Fund has stopped pursuing the recovery. Any subsequent recoveries are credited to impairment on financial instrument in Revenue Account.

-Expected Credit Loss principles
In accordance with Ind AS 109, the scheme uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:
- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument) to the extent of receivables from issuers.

For receivables, the schemes applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables (apart from receivables from issuers). The Fund has determined based on historical experience and expectations that the ECL on its receivables is insignificant and was not recorded. At every reporting date, these historical default rates are reviewed and changes in the forward-looking estimates are analysed.

Cash and Cash Equivalents and Balances with Bank
The schemes hold cash and cash equivalents and other bank balances, the credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be high and accordingly it carries low credit risk and hence expected credit loss is immaterial.

Other Financial assets
Other financial assets include security interest receivable and other deposits which has low credit risk as they are settled in short term and there has been no significant increase in the risk of default since initial recognition hence expected credit loss is immaterial.

The main concentration of credit risk to which the scheme is exposed arises from the schemes's investments in Corporate Bond, Certificates of deposit, Commercial paper, State Government Securities and Central Government Securities. These classes of financial assets are not subject to IND AS 109's impairment requirements as they are measured at FVTPL. The carrying value of these assets represents the scheme's maximum exposure to credit risk on financial instruments not subject to the Ind AS 109 impairment requirements on the respective reporting dates. Hence, no separate maximum exposure to credit risk disclosure is provided for these instruments.

-Derivatives
Refer Table 9 which shows an analysis of derivative assets and derivative liabilities outstanding as at March 31, 2026 and March 31, 2025.

The schemes are also exposed to credit risk on cash and cash equivalents, balances with banks, derivative instruments recievables and other financial assets. These instruments carry very minimal credit risk based on the financial position of parties and Fund's historical experience of dealing with the parties. No assets are considered impaired and no amounts have been written off in the period.

c.) Liquidity Risk

Liquidity risk is the impact of liquidating the portfolio to fund redemption obligations.The Fund's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation.

Schemes with investment in Equity and Fixed Income securities are susceptible to Liquidity risk, which represents the risk of difficulty in unwinding assets/positions in an adequatetime frame with limited market price impact, due to nature of the market i.e. over the counter, insufficient market depth (event based or otherwise) or a market disruption/dislocation, which may lead to a failure to pay out investor redemptions or other liabilities .

For open ended debt scheme, Kotak Mahindra Mutual Fund uses the following measures to manage Liquidity Risk management:

(i) Kotak Mahindra Mutual Fund adopts the Liquidity Risk Management framework mandated by SEBI and AMFI which helps estimates liquidity requirement by determining liquidity risk arising from the liability side and tries to covers all potential liquidity risk scenarios up to agreed confidence interval and has mandated remedial measures both for managing the risk on an ongoing basis (LR & LCR) as well as action plan in case there is a difference between actual outcome and projected outcome. The Liquidity risk management framework primarily evaluates the Asset Liability Mismatch (ALM) which addresses the gap in the estimated potential liquidity requirement over a 30-day period & 90-day period compared with investment / assets liquidity to meet the potential liability.
(ii) Kotak Mahindra Mutual Fund has enabled Swing Pricing policy for specified open ended debt scheme to help in case of a severe dysfunction at market level, the Swing Pricing offers the contingency plan in case of extreme exigencies.
(iii) Kotak Mahindra Mutual Fund participates by investing through specified open ended debt schemes in the Corporate Debt Market Development Fund (CDMDF). The objective of the CDMDF is to help to develop the corporate debt market by providing backstop facility at the time of market dislocation to benefit the wider corporate debt market. The primary motive to set up a back stop facility is to instil confidence amongst the participants in the corporate debt/bond market during times of market dislocation and to enhance the secondary market liquidity. Further, in times of market dislocation, the aforesaid specified debt-oriented schemes of Kotak Mahindra Mutual Fund shall have access to sell corporate debt securities held in the portfolio and CDMDF shall purchase listed corporate debt securities from the said schemes. The trigger and period for which the backstop facility will be open shall be as decided by SEBI.

The Scheme manages liquidity risk by maintaining adequate reserves, banking facilities and by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities. Additionally, adequate borrowing facilities are available to take care of redemption pressures either through TREPS borrowing or Bank borrowing.

In respect to equity schemes, Equity markets are typically liquid, stocks forming part of the portfolio can be easily sold in case of huge / unexpected redemptions. Liquidity stress test of equity schemes is monitored by assessing the "time it would take to liquidate the position."

Refer Table 10 shows the maturity analysis of financial liabilities of the Fund based on contractually agreed undiscounted cashflows.

10 Offsetting Financial Assets And Financial Liabilities
Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the asset and settle the liability simultaneously. The Scheme has not offset any financial assets and financial liabilities during the year.

Table 7

Credit Risk Exposure

i) For purposes of impairment assessment, the Funds' assets which are measured at amortised cost are considered to have low credit risk as they are not due for payment at the end of the reporting period and there has been no significant increase in the risk of default on the receivables since initial recognition.Accordingly, for the purpose of impairment assessment for these receivables, the loss allowance is measured at an amount equal to 12-month expected credit losses ("ECL"). The ECL for these assets as at the end of the reporting period is not significant.

INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Kotak Mahindra Mutual Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the schemes, as enlisted below (collectively "the Schemes") of Kotak Mahindra Mutual Fund, which comprise the Balance Sheet as at March 31, 2026, the Revenue Account, the Cash Flow Statement and the Statement of changes in net asset attributable to unit holders of scheme for the year/period then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

Scheme Name
Kotak FMP Series 308
Kotak FMP Series 305
Kotak FMP Series 292
Kotak FMP Series 300
Kotak FMP Series 304
Kotak FMP Series 310

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements of the Scheme give a true and fair view in accordance with Indian Accounting Standards ('IND AS') and any addendum thereto, as notified by the Companies (Indian Accounting Standards) Rules, 2015, as amended, read with the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996, as amended ("the SEBI Regulations"):

(a) in the case of the Balance Sheet, of the state of affairs of the Scheme as at March 31, 2026;

(b) in the case of the Revenue Account, of the surplus/deficit for the year/period ended on that date;

(c) in the case of the Cash Flow Statement, of the cash flows for the year/period ended on that date; and

(d) in the case of Statement of changes in Net assets, of the changes in net assets attributable to the unit holders of the respective scheme for the year/period ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) issued by the Institute of Chartered Accountants of India ("the ICAI"). Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Scheme in accordance with the 'Code of Ethics' issued by the ICAI together with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the financial year/period ended March 31, 2026. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we

do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

Key audit matters	**How our audit addressed the key audit matter**
Information Technology systems and controls	
As a Mutual Fund, the reliability of Information Technology ('IT') systems plays a key role in the business operations. Since large volume of transactions are processed, the IT controls are required to ensure that systems process data as expected and that changes are made in an appropriate manner. The IT infrastructure is critical for smooth functioning of the Fund's business operations as well as for timely and accurate financial accounting and reporting. Due to the pervasive nature and complexity of the IT environment and large volume of transactions we have considered IT systems and controls as a key audit matter.	Our audit procedures on the IT infrastructure and applications relevant to financial reporting of the Schemes included the following: • We assessed the information systems used by the Fund for: (i) IT General Controls (ITGC) and (ii) Application controls; • We obtained an understanding of the process, evaluated the design of IT systems and tested the operating effectiveness of the controls by also engaging IT specialists; • We obtained and assessed independent assurance reports for the relevant controls at the third-party administrator and considered whether there was any impact on our audit; • Performed tests of controls (including other compensatory controls wherever applicable) on the IT application controls and IT dependent manual controls in the system; and • Tested the design and operating effectiveness of compensating controls in case deficiencies were identified, and where necessary, extended the scope of our substantive audit procedures.
Existence and Valuation of investments (as described in note 2 of the financial statements)	
The investments held by the Scheme as at March 31, 2026 mainly comprised of listed and unlisted debt instruments including government securities. There is a risk on existence of investments and that the fair value of investments not determined appropriately. Accordingly, the existence and valuation of investments is considered as a key audit matter.	Our audit procedures in relation to existence and valuation of investments included the following: • assessed the design and implementation of controls over existence and valuation of investments; • on a sample basis, tested the key controls on existence and valuation of Investments; • traced the existence of investments held by the Scheme from the confirmation provided by the Custodian with the holding as per the books of account as at March 31, 2026; • On a sample basis, tested the valuation of investments as per the investment valuation policy and in accordance with the SEBI Regulations; and • Assessed that the disclosures in the financial statements are in accordance with the SEBI Regulations.

Information Other than the Financial Statements and Auditor's Report Thereon

The Board of Directors of Kotak Mahindra Asset Management Company Limited ("the AMC") and Kotak Mahindra Trustee Company Limited ("the Trustees") (collectively referred to as "Those Charged with Governance") are responsible for the other information. The other information comprises the information included in the Trustee report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and Those Charged With Governance for the Financial Statements

Those charged with governance are responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance, cash flows and changes in net assets attributable to unitholders of the Scheme in accordance with IND AS and any addendum thereto, as notified by the Companies (Indian Accounting Standards) Rules, 2015, as amended, read with the SEBI Regulations, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the SEBI regulations for safeguarding of the assets of the Scheme and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent, the design, implementation and maintenance of adequate internal controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the Scheme's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Scheme or to cease operations, or has no realistic alternative but to do so.

Those Charged with Governance are also responsible for overseeing the Scheme's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that

are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Scheme's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Scheme to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Those Charged with Governance, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide to the management with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Those Charged with Governance, we determine those matters that were of most significance in the audit of the financial statements for the financial year ended March 31, 2026, and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

The financial statements of the Schemes for the year/period ended March 31, 2025, for the Schemes as enlisted below, included in these financial statements, have been audited by the predecessor auditor who expressed an unmodified opinion on those financial statements on June 27, 2025. Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by Regulation 55(4) and clause 5(ii)(2) of the Eleventh Schedule of the SEBI Regulations, we report that:

    a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

b. The balance sheet gives a true and fair view of the Scheme, state of affairs of the Scheme for the accounting period to which the Balance Sheet relate;

c. The revenue account gives a true and fair view of the Scheme, surplus or deficit in the Scheme for the accounting period to which the Revenue Account relate;

d. The financial statements have been prepared in accordance with accounting policies and standards as specified in the Ninth Schedule of the SEBI Regulations; and

e. The balance sheet and the revenue account are in agreement with the books of account of the Scheme.

2. On the basis of information and explanations given to us, the scheme does not have any non-traded securities as at March 31, 2026 and hence reporting requirement of Eighth Schedule of the SEBI Regulations is not applicable.

2 ***Basis of preparation of Financial Statements***

Statement of compliance

The Securities & Exchange Board of India (SEBI) has made an amendment to Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 (as amended) (the 'Regulations') vide notification dated 25 January 2022, which directs implementation of Indian Accounting Standards (Ind AS) for mutual funds from 01 April 2023. As per the amended regulation 50(1) of SEBI MF Regulations, the financial statements and accounts of the mutual fund schemes shall be prepared in accordance with Ind AS, as notified by the Companies (Indian Accounting Standards) Rules, 2015. Further, it states that in case there is any conflict between the requirements of Ind AS and Regulations and the guidelines issued thereunder, the requirements specified under the Regulations shall apply.

Kotak Mahindra Mutual fund ('Fund') has adopted Indian Accounting Standards ('Ind AS') and have prepared the Financial Statements in accordance with the recognition and measurement principles as per Indian Accounting Standards (Ind AS) read with Companies (Indian Accounting Standards) Rules, 2015 and the Ninth Schedule of the Regulations, and the presentation and disclosure requirements of the Eleventh Schedule of the Regulations and the accounting principles generally accepted in India. The Fund has adopted Ind AS with effect from 01 April 2023.

3 Presentation of financial statement

The financial statements of the **Schemes** are presented as per Guidelines on Accounting with respect to Indian Accounting Standards (IND AS) issued by SEBI as per circular "SEBI/HO/IMD-II/DOF8/P/CIR/2022/12 " dated February 04, 2022. The Statement of Cash Flows has been presented as per the requirements of Ind-AS 7 Statement of Cash Flows.

The Financial statements have been prepared on an accrual and going concern basis using historical cost, except for Financial assets at fair value through Profit & Loss which have been measured at fair value.

Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:
• The normal course of business
• The event of default
• The event of insolvency or bankruptcy of the Fund and/or its counterparties.

The Preparation of these Balance Sheets, Revenue Accounts & Cashflow Statements, where applicable, in a columnar form is not intended to indicate that they bear any relation to each other. They are independent and not comparable in any manner.

4 Accounting estimates and judgments

The preparation of the Schemes financial statements in accordance with Ind AS requires use of judgements, estimates and assumptions for some items, which might have an effect on their recognition and measurement in the Balance Sheet and Revenue Account. The actual amounts realized may differ from these estimates. The estimates and the underlying assumptions are reviewed on an ongoing basis.

(i) Recognition and measurement of provisions and contingencies

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources and on past experience and circumstances known at the reporting date. The actual outflow of resources at a future date may therefore, vary from the amount included in other provisions.

(ii) Assumptions and estimation uncertainties

Measurement of fair values
The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the Standalone Balance Sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values.
Based on the Business model assessment, investment are classified at Fair Value through Profit and Loss as per Ind AS 109.

(iii) Impairment & ECL provision are determined using reasonable & supportable information available and as per the Writeoff policy mentioned in **Note 9.b**

5 New and amended standards adopted

The Ministry of Corporate Affairs vide notification dated 7 May 2025 and 13 August 2025 notified the Companies (Indian Accounting Standards) Amendment Rules, 2025 and Companies (Indian Accounting Standards) Second Amendment Rules, 2025, respectively, which amended certain accounting standards (see below), and are effective for annual reporting periods beginning on or after 1 April 2025:

• Supplier Finance Arrangements – Amendments to Ind AS 7 and Ind AS 107
• International Tax Reform – Pillar Two Model Rules – Amendments to Ind AS 12

The same is not applicable to the schemes.

6 ***Material Accounting Policies***

6.1 **Income recognition**
The Schemes maintain their books of account on an accrual basis as per accounting Policies and Standards specified in the Ninth Schedule of The Securities and Exchange Board of India (Mutual Funds) Regulations, 1996, (the "Regulation"), and amendments thereto, as applicable.

• In respect of all interest-bearing investments, income are accrued on a day to day basis as it is earned. Therefore, when such investments are purchased, interest paid for the period from the last interest due date upto the date of purchase are not treated as a cost of purchase but debited to interest accrued but not due account. Similarly interest received at the time of sale for the period from the last interest due date upto the date of sale are not treated as an addition to sale value but credited to interest accrued but not due account.

• For listed shares/Mutual Fund units, the dividend income earned by a Scheme is recognised on the date the shares/Mutual Fund units are quoted on an ex-dividend basis. For investments in shares/Mutual Fund units, which are not quoted on the stock exchanges, the dividend income is recognised on the date of declaration.

• Profit or loss on sale of investments is recognised on the trade date and is determined on the basis of the weighted average cost method.
• Gain / Loss on fair value changes:
The net change on account of gain / loss on fair value changes in the value of investments is determined separately for each category of investments. The change if any, between two balance sheet dates is recognized in the revenue account and thereafter the net gain, if any, is transferred to the unrealised appreciation reserve.

• Rights / Bonus entitlements are recognized as investments on the ex-rights date / ex-bonus date.

6.2 **Financial instruments**
A financial instrument is defined as any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Initial measurement

6.2.1 Financial assets –
Financial assets are recognised when the Fund becomes a party to the contractual provisions of the instruments.

All financial assets are recognised initially at fair value adjusted for incremental transaction costs that are directly attributable to the acquisition of the financial asset or issue of financial assets except for following : Financial assets measured at FVTPL (Fair Value through Profit and Loss) which are recognised at fair value i.e. Transaction costs directly attributable to the acquisition of financial assets at FVTPL are recognised immediately in Revenue Account.

Classification and Subsequent measurement of financial assets –
For the purpose of subsequent measurement, financial assets are classified into three categories:

a. Financial assets carried at amortized cost.
b. Financial assets carried at FVTPL (Fair value through Profit & Loss).
c. Financial assets carried at FVTOCI (Fair Value through Other Comprehensive Income).

a. Financial assets carried at amortized cost - A financial instrument is measured at amortized cost if both the following conditions are met:

• The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
• Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

The Scheme financial assets include trade and other receivables, and other financial assets such as income receivable on investments, margin money, share application money, FD & TREPS etc. Receivables and other financial instruments are measured at amortized cost.

The fund has determined that it has 2 business model : - The business model assessment is one of the two steps to classify financial assets. An entity's business model reflects how it manages its financial assets in order to generate cash flows, its business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets or both. This assessment is performed on the basis of scenarios that the entity reasonably expects to occur.

1) Held-to-collect business model: This includes cash & cash equivalents and other financial assets except investments. these financial assets are held to collect contractual cash flow. and the cash flows are solely payment of principal and Interest ("SPPI")on the principal amount outstanding. The assessment of SPPI test is performed as below

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are SPPI, the Fund considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition.

In making this assessment, the Fund considers:
contingent events that would change the amount or timing of cash flows;
– leverage features;
– prepayment and extension features;
– terms that limit the Fund's claim to cash flows from specified assets (e.g. non-recourse features); and
– features that modify consideration of the time value of money (e.g. periodical reset of interest rates).

Once the financial asset meet the above criteria the respective financial assets are classified at amortised cost.

2) Other Business Model: This includes investments. These financial assets are managed, and their performance is evaluated, on a fair value basis and the investments are held with intention of trading. These financial assets are classified as financial assets at fair value through Profit/Loss.

In making an assessment of the objective of the business model in which a financial asset is held, the scheme considers all of the relevant information about how business is managed, including.

• the documented investment strategy and the execution of this strategy in practice. This includes whether the investment strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities, or expected cash outflows or realizing cash flows through the sale of the assets.
• how the performance of the portfolio is evaluated and reported to the Fund's management.
• the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed.
• how the investment manager is compensated: e.g., whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
• the frequency, volume, and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.
Further, In making an assessment of the objective of the business model in which a financial asset is held, the fund considers all of the relevant information about how business is managed

One business model that results in measurement at fair value through profit or loss is one in which an entity manages the financial assets with the objective of realising cash flows through the sale of the assets. The entity makes decisions based on the assets' fair values and manages the assets to realise those fair values.

A portfolio of financial assets that is managed and whose performance is evaluated on a fair value basis is neither held to collect contractual cash flows nor held both to collect contractual cash flows and to sell financial assets. The entity is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. For such portfolios, the collection of contractual cash flows is only incidental to achieving the business model's objective. Consequently, such portfolios of financial assets must be measured at fair value through profit or loss.

b. Financial Assets measured at Fair value through Profit & Loss

Financial Assets shall be classified at Financial Assets measured at Fair value through Profit & Loss when Financial Asset is.
• Held for Trading
• A debt instrument that does not qualify to be measured at amortized cost FVOCI.
• An equity investment which the entity has not elected to classify as FVOCI.

I. it eliminates or significantly reduces a measurement or recognition inconsistency (sometimes referred to as 'an accounting mismatch') that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases

II. a group of financial liabilities or financial assets and financial liabilities is managed, and its performance is evaluated on a fair value basis, in accordance with a documented risk management or investment strategy, and information about the group is provided internally on that basis to the entity's key management personnel.

All financial assets not classified as measured at amortised cost or FVOCI are measured at FVTPL. This includes all derivative financial assets unless designated as effective hedge instrument which are accounted as per hedge accounting requirements

The Fund has following type of financial assets which has been measured at FVTPL –
For the purposes of the financial statements, all investments are marked to market and carry investments in the balance sheet at market value. The realised gains or losses on sale or redemption of investment, as well as unrealised appreciation or depreciation are recognised in all financial statements through Revenue Accounts. However, since the unrealised gain arising out of appreciation on investments cannot be distributed, it is excluded when arriving at distributable income.

1. **Investments** – The Investments includes investment in Equity Shares, Preference shares, Debenture/bonds, Central/ State Government Securities, Treasury bills, Commercial papers, Certificate of Deposits, Units of Mutual Funds, Commodities, Foreign securities, ETFs, InVIT, REIT, PTC (Pass through Certificate), cash management Bills are held for trading and thus subsequently measured at Fair value through profit & Loss. Purchase and sale of Investments are accounted on the date of the transaction at their respective fair values.

2. Derivatives
The Fund enter into derivative transactions in equity/ index options and futures. “Derivative margin deposits” representing the margins towards equity derivative contracts entered into by the Fund are disclosed under “Other Financial Assets.”

i. Options
• Premium paid on bought option contracts is debited to “equity option premium account” and recorded as an asset.
• When the option contracts are squared off before expiry, the difference between the premium paid and received on the squared off transactions is recognised in the revenue account. When the option contracts are exercised on or before expiry, the difference between the option settlement price as determined by the exchange and the premium is recognised in the revenue account. If more than one option contracts in respect of the same stock / index with the same strike price and expiry date to which the squared off / exercised contract pertains is outstanding at the time of square off / exercise of the contract, the weighted average method is followed for determining the gain or loss.

• Premium asset in respect of options not exercised / squared off as on expiry date is transferred to revenue account.
• All open future positions are valued at the futures settlement price as determined by the exchange where it is traded. All option positions are valued at the last traded price where it is traded. In case there is no traded price available then the option position is valued at fair value based on a theoretical price as derived by Black & Scholes option pricing formula.

ii. Futures

Futures contracts are marked to market daily at the futures settlement price as determined by the exchange. The variation margin calculated as the difference between the trade price or the previous day’s settlement price, as the case may be, and the current day’s settlement price is recorded as a receivable or payable.
When a contract is closed (squared off)/ settled (on expiry), the difference between the final settlement / square-off price and the contract price is recognised in the Revenue Account. If more than one futures contracts in respect of the same stock / index and expiry date, to which the squared off / settled contract pertains, is outstanding at the time of square off / settlement of the contract, the weighted average method is followed for determining the gain or loss.

As at the Balance Sheet date / date of determination, all open futures positions are valued at the futures settlement price as determined by the exchange where it is traded.. The unrealised appreciation / depreciation on all open positions are considered for determining the net asset value.

Derivatives are initially recognized at fair value at the date the contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain/ loss is recognised in Revenue Account immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedging relationship and the nature of the hedged item.

c.Financial assets measured at fair value through other comprehensive income

When the financial assets are held to collect contractual cash flows and selling the financial assets and contractual terms give rise to cash flows that are solely payments of principal and Interest on principal amount outstanding.

De-recognition of financial assets

A financial asset is de-recognised when:
• The rights to receive cash flows from the asset have expired, or
• The Fund have transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a ‘pass-through’ arrangement; and either
(a) the schemes have transferred substantially all the risks and rewards of the asset, or
(b) the Fund have neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.
The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Schemes has retained.
On derecognition of a financial asset, the difference between the carrying amount (measured at the date of derecognition) allocated to financial asset and the consideration received is recognized in the revenue account.

Reclassifications

Financial assets are not reclassified subsequent to their initial recognition unless the Fund were to change its business model for managing financial assets, in which case all affected financial assets would be reclassified on the first day of the first reporting period following the change in the business model.

Impairment of financial assets
ECL are recognised for financial assets held under amortised cost.

Expected credit losses are measured through a loss allowance at an amount equal to:
i) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
ii) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

When determining whether credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Fund considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, including on historical experience and forward-looking information The Fund continuously assesses whether there has been a significant increase in credit risk, or the asset has become credit impaired since initial recognition based on below criteria.
• Historical trend of collection from counterparty
• Schemes contractual rights with respect to recovery of dues from counterparty
• Credit rating of counterparty and any relevant information available in public domain
Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

The scheme applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the receivables, Cash & cash equivalents & Other financial assets which are measured at amortised cost.

-Receivables, the scheme applies ‘simplified approach’ which requires expected lifetime losses to be recognised from initial recognition of the receivables. The schemes have determined based on historical experience and expectations that the ECL on its receivables (apart from receivables from issuers) is insignificant and was not recorded. At every reporting date, these historical default rates are reviewed and changes in the forward-looking estimates are analysed.

The schemes have to also adhere to the provisions of below investment grade / default as prescribed by SEBI from time to time. Accordingly, A money market or debt security shall be classified as “Default” if the interest and / or principal amount has not been received, on the day such amount was due or when such security has been downgraded to “Default” grade by a CRA. In case of debt and money market securities classified as "below investment grade or default", provision is made for the income so accrued / to be accrued in the manner specified in SEBI guidelines. Such securities are valued as per the approved valuation policy.

-Cash and Cash Equivalents and Balances with Bank
The schemes hold cash and cash equivalents and other bank balances, the credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be high and accordingly it carries low credit risk as they are settled in short term and there has been no significant increase in the risk of default since initial recognition and hence expected credit loss is immaterial

-Other Financial assets
Other financial assets include security interest receivable and other deposits which has low credit risk as they are settled in short term and there has been no significant increase in the risk of default since initial recognition hence expected credit loss is immaterial.

Thus, the Fund have not recognised any provision for expected credit loss during the year ended 31 March 2026 as the credit rating and historical experience of downgrade & default in a way reflects reasonable and supportable information that is available without undue cost or effort at the reporting date.

6.2.2 Financial liabilities

A financial liability is a contractual obligation to deliver cash or another financial asset or to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the Schemes.

Initial measurement
All financial liabilities are recognised initially at fair value adjusted for incremental transaction costs that are directly attributable to the financial liabilities except in the case of financial liabilities recorded at FVTPL where the transaction costs are charged to revenue account.

Classification and Subsequent measurement of financial liabilities

Financial liabilities are classified and measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative (that does not meet hedge accounting requirements) or it is designated as such on initial recognition. Interest expense and foreign exchange gains and losses are recognised in revenue account. Any gain or loss on derecognition is also recognized in revenue account.

The funds have following financial liabilities -
(1) Derivative financial instruments payable - Derivative Financial Instruments payable is measured at Fair value through profit & loss.

(2) Borrowing - The Fund borrow to meet temporary liquidity needs for the purpose of reurchase, redemption of units or payment of dividend.

(3) Other Financial Liabilities - The Fund includes in this category payables and all other financial liabilities which are measured at amortized cost.

De-recognition of financial liabilities
A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the revenue account.

6.3 **Fair value measurement**

The Fund measures all the investments at fair value at each reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability or, in the absence of a principal market, in the most advantageous market for the asset or liability.

SEBI has amended Regulation 47 and the Eighth Schedule relating to valuation of investments on February 21, 2012, to introduce overriding principles in the form of "Principles of Fair Valuation". The amended regulations require that mutual funds shall value their investments in accordance with principles of fair valuation so as to ensure fair treatment to all investors i.e., existing investors as well as investors seeking to subscribe or redeem units.

It further prescribes that the valuation shall be reflective of the realizable value of securities and shall be done in good faith and in a true and fair manner through appropriate valuation policies and procedures approved by the Board of the asset management Schemes

The amendment also states that in case of any conflict between the principles of fair valuation and valuation guidelines as per Eighth Schedule and circulars issued by SEBI, the Principles of Fair Valuation shall prevail.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 inputs – these inputs are quoted prices (unadjusted) in active markets for identical assets/liabilities that the entity can access at the measurement date. As a quoted price in an active market provides the most reliable evidence of Fair Value, it should be utilized to measure Fair Value whenever available. Common examples of Level 1 inputs include listed equity securities and open ended mutual funds with daily published net asset values.

Level 2 inputs – these inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include (i) quoted prices for similar assets or liabilities in active markets; (ii) quoted prices for identical/similar assets or liabilities in markets that are not active; (iii) inputs other than quoted prices that are observable for the asset or liability, such as interest rates, yield curves, and implied volatilities; and (iv) market-corroborated inputs.

Level 3 inputs – these inputs are unobservable inputs for assets/liabilities. Unobservable inputs are used to measure Fair Value to the extent that relevant observable inputs are not available. The unobservable inputs should reflect the assumptions that market participants would use when pricing the asset or liability, including assumptions about risk. An entity should develop unobservable inputs using the best information available. In developing unobservable inputs, an entity may begin with its own data, but it should adjust the data to ensure consistency with a market participant view point. Common examples of Level 3 inputs include management prepared business forecasts utilized in a discounted cash flow model.

The objective of valuation techniques is to arrive at a fair value measurement that reflects the price that would be received to sell the asset or paid to transfer the liability in orderly transactions between market participants at the measurement date.

For assets and liabilities that are recognized in the financial statements on a recurring basis, Schemes determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period or each case.

6.3.1 Portfolio Valuation

Investments are stated at market/fair value at the Balance Sheet date/date of determination. In valuing the Scheme's investments:-

I. Valuation of Equity and Equity related securities		
Category	**Traded**	**Non-Traded/Thinly Traded/Privately placed / Unlisted equity**
Equity Shares / Preference Shares / Warrants / Convertible Debentures	These securities are valued at the last quoted closing price on the National Stock Exchange of India Limited (NSE) except for schemes replicating / tracking BSE Indices, wherein the equity securities are valued at the last quoted closing price of Bombay Stock Exchange Ltd. (BSE). However, if these securities are not listed / traded on NSE, as the case may be, the securities are valued at the last quoted closing price on the exchange where it is principally traded. When these securities are not traded on any stock exchange on a particular valuation day, the value at which it was traded on NSE or any other stock exchange as the case may be, on the earliest previous day is used, provided that such day is not more than thirty days prior to the valuation date.	Non-traded / thinly traded / privately placed / unlisted equity and preference shares including those not traded within thirty days are valued at fair value as per procedures determined by the Investment Committee.
Non traded Rights Entitlement	Until they are traded, the value of "rights" shares are calculated as the difference between the ex-rights price and the rights offer price subject to illiquidity discount as decided by the Investment Committee on a case to case basis. Where the rights are not treated pari passu with the existing shares, suitable adjustments shall be made to the value of the rights. Where it is decided not to subscribe for the rights but to renounce them and renunciations are being traded, the rights can be valued at the renunciation value.	
Equity and Equity related securities awaiting listing (Merger, Demerger,	In respect of special circumstances, such as Merger, De-Merger, Split, Hiving off, etc., fair value principles are adopted. Such fair valuation principles could be the difference between the price as existed on the date previous to the ex-date and the exdate price of the existing equity shares, duly adjusted for discount, if any.	
Initial Public Offering ('IPO') application	Prior to allotment – at Bid Price Post allotment but awaiting listing – at allotment price Post listed – at last quoted closing price as per "Traded Equity Shares / Preference Shares / Warrants / Convertible Debentures"	
Futures and Options (both exchange traded equity and interest rate derivatives)	All open future positions are valued at the futures settlement price as determined by the exchange where it is traded. All option positions are valued at the last traded price where it is traded. In case there is no traded price available then the option position is valued at fair value based on a theoretical price as derived by Black & Scholes option pricing formula.	
Foreign Securities	Investments in securities outside India are valued at the closing price on the stock exchange on which it is listed or at the last available traded price on the date of valuation. Investment in units of overseas mutual funds is valued based on the net asset value of the overseas mutual fund on the date of valuation. On valuation date, all foreign securities shall be valued in Indian Rupees at the last available RBI reference rate.	
Non-traded Convertible debentures	In respect of convertible debentures and bonds, the non- convertible and convertible components shall be valued separately. The non-convertible component should be valued on the same basis as would be applicable to a debt instrument. The convertible component should be valued on the same basis as would be applicable to an equity instrument. If after conversion the resultant equity instrument would be traded pari passu with an existing instrument which is traded, the value of the latter instrument can be adopted after an appropriate discount for the non-tradability of the instrument during the period preceding the conversion. While valuing such instruments, the fact whether the conversion is optional should also be factored in.	
Non-traded warrants	In respect of warrants to subscribe for shares attached to instruments, the warrants are valued at the value of the share which would be obtained on exercise of the warrant as reduced by the amount which would be payable on exercise of the warrant. Appropriate discount shall be deducted to account for the period, which must elapse before the warrant can be exercised.	
II. Valuation of Debt and Money Market (Including Sovereign securities) Instruments		
Category		
Money Market and Debt Securities (including floating rate securities)	**Money Market and Debt Securities** All money market and debt securities including floating rate securities and bills purchased under rediscounting scheme are valued at average of security level prices obtained from valuation agencies, currently CRISIL and ICRA. In case security level prices given by valuation agencies are not available for a new security (which is currently not held by any Mutual Fund), then such security shall be valued at purchase yield on the date of allotment / purchase. **Government Securities (including T-bills, Strips)** Irrespective of the residual maturity, Government Securities (including T-bills, Strips) are valued on the basis of security level prices obtained from valuation agencies.	

II. Valuation of Debt and Money Market (Including Sovereign securities) Instruments

Category	
III. Others	
Bank Deposits and Overnight Repos (including Overnight Tri Party Repo (TREPS))	Bank Deposits and Overnight Repos (including Overnight Tri Party Repo (TREPS)) shall be valued at cost plus accrual basis.
Repo (including Tri Party Repo (TREPS)) other than Overnight Repos	All repo transactions (including Tri Party Repo (TREPS)), except for overnight repos shall be valued at average of security level prices obtained from valuation agencies, currently CRISIL and ICRA. In case security level prices given by valuation agencies are not available for a new Repo (which is currently not held by any Mutual Fund), then such Repo may be valued at purchase yield on the date of placement.
Real Estate Investment Trust ('ReITs') & Infrastructure Investment Trust ('InvITs')	**Allotted but awaiting listing**- At allotment price **Listed / Traded / Non Traded** ReIT and InvIT are valued at the last quoted closing price at the principal stock exchange. In case ReIT / InvIT are not traded on the principal stock exchange on a particular date, the closing price at which it is traded on any other stock exchange will be considered. If the traded price is not available, then valuation shall be as per the direction of Investment Committee. Investments in ReIT / InvIT shall be valued as follows: i) In case ReIT / InvIT is not being tradedon any given day, last traded price would be taken as fair market value provided such last trade is not beyond previous 30 days. ii) In case ReIT / InvIT is not being traded for previous 30 days, latest NAV declared by investment manager of ReIT / InvIT trust shall deemed to be the fair price. iii) In case investment committee can establish a case that NAV as published by investment manager of ReIT / InvIT is not representative of fair value than at a price suggested to be fair value.
Mutual Fund Units	Investments in unlisted mutual fund schemes are valued based on the last declared net asset value of the schemes available on AMFI website. In case of Investments in Listed mutual fund units, valuation are at the last quoted closing price at the principal stock exchange. if the traded price is not available, last declared NAV of the schemes available on AMFI site can be considered for valuation.
Gold / Silver	Investments in gold are valued at the price arrived at by converting the price of gold quoted on the London Bullion Market Association [LBMA], in US Dollars into Indian Rupees at the exchange rate published by the Reserve Bank of India as increased by custom duty for import of gold , adjusted the premium / discount* and other charges as applicable. w.e.f. March 27,2023, instead of taking quotes from market dealers, MCX spot price would be considered to determine a suitable notional premium / discount to arrive at the fair valuation reflecting the domestic prices of Silver and Gold. If on any day, LBMA price is not available due to holiday, the last published LBMA price will be considered for valuation by applying last available RBI reference rate.
Interest Rate Swaps	Interest Rate Swap (IRS) contract is recognised on the trade date and income on IRS contract is measured at net basis i.e. difference between the interest on Fixed leg and Floating leg of IRS contract. Mark to market gain / (loss) on IRS contract is recognised as the difference between notional value and fair value of IRS contract as provided by the CRA.
Securities lending and borrowing Mechanism (SLBM)	Lending fees (net of brokerage) on the security lending is recognised on the basis of amortisation over the period of lending contract of security.
Units of Corporate Debt Market Development Fund (CDMDF)	Investments in units of CDMDF shall be valued based on the last declared net asset value as disclosed on the website of the CDMDF Fund.
OTC Derivatives and Market Linked Debentures	OTC Derivatives and Market Linked Debentures are valued based on prices received from valuation agencies.
Exchange Traded Commodity Derivatives (ETCDs)	Exchange Traded Commodity Derivatives (ETCDs) shall be valued at the settlement price where such ETCD Contracts are listed. In case necessary details to value ETCDs are not available, the prices will be determined based on the available information which shall be approved by Investment Committee.
Physical Commodities other than Gold & Silver	Physical stocks / commodities received from the exchange accredited warehouse in the location (as notified and determined by the exchanges) will be valued based on latest spot market price of the respective location as published by the respective commodity exchanges. If on any day the spot market prices as above are not available, then the prices of immediately preceding day will be considered for the purpose of valuation of such commodity. If the prices as per above do not represent fair value, the Investment Committee will determine the price based on the available information, in order to ensure fair valuation.
Securities which are rated below investment grade or default	Securities which are rated below investment grade or default are valued at the price provided by AMFI appointed valuation agencies, currently CRISIL and ICRA. Where the traded price is lower than such computed price, such traded price shall be considered for the purpose of valuation. Any deviation from the indicative haircuts and/or the valuation price for money market and debt securities rated below investment grade provided by the valuation agencies shall be as decided by the Investment Committee.

6.4 **Foreign currency transactions**

Initial recognition

Transactions in foreign currencies are recognised at the prevailing exchange rates between the reporting currency and a foreign currency on the transaction date.

Subsequent measurement

Transactions in foreign currencies are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognised in Revenue account.

The books and records of the Fund are maintained in Indian rupees. Amounts denominated in or expected to settle in foreign currencies are translated into Indian rupees including
Market value of investments, other assets and liabilities at the closing rate of exchange on the Balance Sheet date / valuation date.

Net realised foreign exchange gains and losses arise from sales of foreign currency denominated securities, currency gains or losses realised between trade and settlement dates of foreign currency denominated securities transactions and the difference between the recorded amounts of foreign currency denominated dividends, interest and expenses recorded in the Fund's books and the Indian rupee equivalent amounts actually received or paid.
Net unrealised foreign exchange gains and losses arising from changes in value of assets and liabilities denominated in foreign currency resulting from changes in foreign exchange rate are included in net unrealised appreciation or depreciation in value of investments and foreign currency denominated assets and liabilities.

6.5 **Expenses**

• All expenses are accounted for on accrual basis.
• Brokerage and transaction cost incurred for the purpose of execution of trades are charged to the Fund as provided under Regulation 52 (6A) (a) upto 12 bps and 5 bps for cash market transactions and derivatives transactions, respectively. Any payment towards brokerage and transaction costs, over and above the said 12 bps and 5 bps for cash market transactions and derivatives transactions respectively are charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation.
• Pursuant to SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2018/137 dated October 22, 2018, all the Scheme related expenses including commission paid to distributors, by whatever name called and in whatever manner paid, are borne and paid by the Fund within regulatory limits mandated under regulation 52 of the SEBI (MUTUAL FUNDS) Regulations, 1996

• Investment Management Fees - The Schemes have paid / provided for investment management fees payable to KMAMC for managing the Scheme at an average annual rate as a percentage of the average daily net assets (excluding the Investment made in units by KMAMC, Investment made in units by schemes of KMAMC other than Fund of Fund schemes, Fixed Deposit placed by the scheme and interest accrued on the same) recorded by the respective Scheme.

• Trusteeship Fees - In accordance with the Trust Deed dated May 20, 1996 between KMBL and KMTC and amendments thereto, the Trustee is entitled to annual remuneration, being the higher of Rs. 15 Lakhs or such percentage of the average daily net assets of KMMF as specified in the Trust Deed.

• Custodian Fees - Standard Chartered Bank provides custodial services for equity portfolios, The Deutsche Bank AG provides custodial services for non-equity portfolios of the schemes of KMMF, for which they receive custody fees including transaction and registration charges

• Interest on Borrowing cost - The Borrowing cost for meeting redemptions and dividend has been charged to schemes (to the extent of portfolio yield of day prior to borrowing) as an expense.

6.6 **Net Asset Value for Growth / IDCW (Income distribution cum capital withdrawal) Options of a scheme**

The net asset value for a scheme is determined separately for units issued under the Growth and IDCW Option, where applicable. For reporting the net asset value of the Growth and IDCW options, daily income earned, including realised and unrealised gain or loss in the value of investments and expenses incurred by the Schemes are allocated to the options in proportion to the value of the net assets.

6.7 **Unit Premium Reserve**
Upon issue and redemption of units, the net premium or discount to the face value of units is adjusted against the unit premium reserve of the respective Scheme, after an appropriate portion of the issue proceeds and redemption payout (for open-ended schemes) is credited or debited respectively to the income equalisation reserve.

6.8 **Unrealised Appreciation Reserve**

For investments and derivatives, the change in net unrealised depreciation, if any, between two balance sheet dates / date of determination is accounted for through the Revenue Account.The net change in unrealised appreciation, if any, between two balance sheet dates / date of determination is accounted through the Revenue Account and thereafter transferred from the Revenue Account to the unrealised appreciation reserve.Net unrealised appreciation is reduced from distributable income at the time of distribution.

6.9 **Revenue Reserve**
Revenue Reserve represents surplus in Revenue account except Unrealised Appreciation amount.

6.10 **Income Equalisation Reserve**
Income equalisation reserve is maintained (for open-ended schemes) by crediting (or debiting) the income equalisation reserve account in respect of issue of units (or redemption of units) by an appropriate amount, which represents the distributable income at the time of issue (or redemption). The balance in the income equalisation reserve account is transferred to the Revenue Account at the end of the year / period.

6.11 **Cash and cash equivalents**

Cash and cash equivalents include cash on hand, reverse repurchase transactions/TREPS that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

7 Other Accounting Policies

7.1 **Provisions & Contingent liabilty**

Provisions

A provision is recognized when the 'Scheme' has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made.

Contingent Liability

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the fund. A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or reliable estimate of the amount cannot be made, is termed and disclosed as contingent liability.

7.2 **Offsetting of financial instruments**

Financial assets and financial liabilities are offset, and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.
The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counterparty.

7.3 **Load Charges**

As mandated vide circular CIR /IMD/DF/4/2011, of the load balance as of July 31, 2009, not more than one third of the said balance can be utilized in any financial year.

As mandated vide circular CIR /IMD/DF/21/2012 dated September 13,2012 exit load collected net of GST ,if any, is credited to scheme w.e.f. October 01,2012.
No Entry load is charged to investors at the time of entry into the fund.

7.4 **Taxation**
No provision for income tax has been made since the income of the scheme is exempt under Section 10 (23D) of the Income Tax Act, 1961

7.5 **Functional and presentational currency**
The financial statements of the fund is presented in Indian Rupees (₹) which is also functional currency of the Fund and the currency of the primary economic environment in which the Fund operates. All amounts are rounded off to the nearest lakhs, unless otherwise indicated.

7.6 Other Income includes Rebate, exit load income (net of GST), SLBM Lending fees (net of brokerage), Interest received on account of Delayed RTGS and Miscellaneous income (If any).

8 FAIR VALUE MEASUREMENT

(a) The following tables presents the carrying value and fair value of each category of financial assets and liabilities :

Refer Table 1

(b) Fair value hierarchy

The Scheme measures its investments in financial instruments, such as Shares, Future/Option, Interest Rate Swap, Commodities, Debentures/ Bond, Certificates of deposit, Domestic / Overseas Mutual funds Commercial paper, Treasury bills, Cash management bills, ReITs,InVITs, Foreign securities, State Government Securities and Central Government Securities at fair value at each reporting date.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

i) Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
ii) Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
iii) Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

Assessing the significance of a particular input requires judgement, considering factors specific to the asset or liability.

Accordingly, in line with the valuation policy stated earlier the Financial instrument are classified as under;

Category	Traded	Pricing Source
Equity Shares / Preference Shares / Warrants / Equity related securities awaiting listing		
-Traded	Level 1	Last quoted closing price on the Stock Exchange
-Non-Traded	Level 3	Valued in accordance with the fair valuation norms prescribed in the SEBI guidelines.
Corporate Action- Merger, Demerger and Rights Entitlement	Level 2	Valued in accordance with the fair valuation norms prescribed in the SEBI guidelines.
Real Estate Investment Trust ('ReITs') & Infrastructure Investment Trust ('InvITs')	Level 1	Last quoted closing price on the Stock Exchange
Futures, Options (both exchange traded equity and interest rate derivatives) and Exchange Traded Commodity Derivatives (ETCDs)	Level 1	Settlement price on the stock exchange
Money Market, Debt Securities (including floating rate securities) and Repo (including Tri Party Repo (TREPS)) other than Overnight Repos	Level 2	Weighted average of prices provided by CRISIL and ICRA, which is valued in accordance with the fair valuation norms prescribed in the SEBI guidelines
AIF, Mutual Fund Units (Including Overseas)	Level 1	NAV published on Association of Mutual Fund of India (AMFI) / respective fund house.
Gold / Silver	Level 1	Price arrived at by converting the price of gold quoted on the London Bullion Market Association [LBMA] adjusted with suitable notional premium / discount.
Interest Rate Swaps (OTC Derivatives)	Level 2	Weighted average of prices provided by CRISIL and ICRA, which is valued in accordance with the fair valuation norms prescribed in the SEBI guidelines

9 Financial risk Management and associated Risks

The funds strategy on the management of investment risk is driven by the respective funds investment objective. Investment risk management involves both controlling risk by limiting certain risk exposures and the size & probability of losses, as well as using a number of active investment techniques that seek to align the fund's investments with its investment objectives, its risk profile, and the portfolio manager's investment convictions.

Risk control focuses on placing limits on a fund's investment positions and concentrations. These limits include the investment restrictions mentioned in the fund's SID as well as limits and restrictions imposed by the investment committee and the risk management committee (RMC) within the regulatory limits. Risk control activities includes reviewing portfolio concentrations and adjusting portfolio holdings accordingly, monitoring and limiting credit exposure from issuers of portfolio securities and from counterparties; and ensuring that a fund is managed in compliance with the Scheme Information Document and the regulatory investment restrictions.

Additionally, there are documented Investment Manuals which lay various internal norms and fund managers are expected to operate within the boundaries as set therein.

Risk management policies and systems are reviewed regularly by KMAMC (Kotak Mahindra Asset Management Company Limited) to reflect changes in market conditions and the Fund's activities. The RMC of KMAMC and KMTC (Kotak Mahindra Trustee Company Limited) monitors compliance with the Fund's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Fund.

The Fund's investing activities expose it to various types of risks that are associated with the different financial instruments and jurisdictions in which it invests. Some of the key financial risks to which the Fund is exposed to are Market Risk, Credit Risk and Liquidity Risk.

Exposure to market risk, credit risk, liquidity and concentration risk arises in the normal course of the Fund's business and these risks are mitigated by the Fund's financial risk management policies and practices.

Risk	Exposure arising from	Measurement
Credit Risk	Cash and Cash Equivalents (excl. Cash on hand), other bank balances, receivables, other financial assets	Credit Rating and Expected credit loss
Liquidity Risk	Financial Liabilities and Financial Assets	Cash Flow forecast
Market Risk - interest rate	Change in interest rate of borrowings and debt securities	Sensitivity Analysis
Market Risk - price risk	Investments in Equity securities	Sensitivity Analysis
Market Risk - foreign currency risk	Financial assets and Financial liabilties having exposure to foreign currency risk	Sensitivity Analysis

a) Market Risk

Market risk is the risk of possible economic loss arising from adverse changes in market risk factors such as interest/price rates, foreign exchange rates.Market Risk is managed through Board Approved Risk Management Policy, Investment Manuals and various other policies. The funds market risk is managed on a daily basis by the scheme Fund Managers in accordance with policies & procedures. The Investment Committee of KMAMC reviews the Market Risk aspect of the schemes in its periodic meetings.

i.) **Interest rate Risk**
Interest rate risk is the possibility of a loss that could result from a change in interest rates. The values of investments will appreciate/depreciate if the interest rates fall/rise. Generally, when interest rates rises, prices of fixed income securities fall and when interest rates drop, the prices generally increase.

The interest rate movement is considered as a steep factor in outlier events such as sudden tightening of liquidity conditions or steep increase in overnight rates. The change in a fixed income securities price given a change in interest rates is known as its duration. Duration for the scheme is guided by respective scheme objectives, scheme information document, stress testing policy etc. Scheme wise duration are reviewed by Investment Committee on a regular basis. The Scheme's financial assets are Corporate Bond, Certificates of deposit, Commercial paper, State Government Securities and Central Government Securities, which are interest bearing.

As at March 31, 2026, if prevailing interest rates had risen or declined by 0.5%, assuming a parallel shift in the yield curve with all other variables held constant, **Refer Table 4** for the impact on Scheme's net assets due to decreased or increased. In practice, actual results may differ from this sensitivity analysis and the difference could be material.

Refer Table 5 analyses the Scheme's interest rate risk exposure.

b.) Credit Risk

Credit risk is the risk that the issuer of a debenture/ bond or a money market instrument may default on interest &/or principal payment obligations. This risk arises due to any uncertainty in issuer's ability or willingness to meet its contractual obligations. Even when there is no default, the price of a security may change with expected changes in the credit rating of the issuer.

The AMC has appointed an Investment Committee which oversees matters relating to credit assessments and approvals. The Investment Committee comprises of Senior Executives of the Company and Directors of AMC. It sets the framework for credit risk assessment and monitoring, sectoral exposure caps, sensitive sector limits, fund level limits norms for investment decision making and oversees the investment risk management function. Investment policy as approved by the Boards of AMC and Trustees which emphasizes on credit quality, liquidity and duration management lays down the process to be followed by the debt fund management team while making investments. Detailed credit research is undertaken for each investment in the portfolio which includes qualitative and quantitative assessment of various issuers.

There is continuous monitoring done by Credit team for any change in the rating of the issuers and necessary action wherever required are taken.

Rating wise exposures are placed and discussed in Investment Committee as well.

Early warning signals (EWS) are assessed on continuous basis. Alerts are discussed in Investment Committee.

Concentration limits viz. counterparty wise, group wise and sector wise are monitored continuously on daily basis.

For Fund's portfolio of assets by rating agency category: **Refer Table 6**

-Concentration Risk
When a Mutual Fund Scheme, by mandate, restricts its investments only to a particular sector; there arises a risk called concentration risk. If the sector, for any reason, fails to perform, the portfolio value will plummet and the Investment Manager will not be able to diversify the investment in any other sector. Investments under this scheme will be in a portfolio of diversified debt related stocks spanning across a few selected sectors. Hence the concentration risks could be high.
There are various concentration limits at issuer, group, sector adhered to by the Fund Managers which helps diversifying the exposure, hence mitigating the concentration risk
The Fund manager attempts to mitigate concentration risk by investing in sufficiently large number of companies within the specified sector space, so as to maintain optimum diversification and keep stock specific concentration risk relatively low. **Refer Table 7**

-Write off policy
Financial assets are written off either partially or in their entirety only when the Fund has stopped pursuing the recovery. Any subsequent recoveries are credited to impairment on financial instrument in Revenue Account.

-Expected Credit Loss principles
In accordance with Ind AS 109, the scheme uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:
- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument) to the extent of receivables from issuers.

For receivables, the schemes applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables (apart from receivables from issuers). The Fund has determined based on historical experience and expectations that the ECL on its receivables is insignificant and was not recorded. At every reporting date, these historical default rates are reviewed and changes in the forward-looking estimates are analysed.

Cash and Cash Equivalents and Balances with Bank
The schemes hold cash and cash equivalents and other bank balances, the credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be high and accordingly it carries low credit risk and hence expected credit loss is immaterial.

Other Financial assets
Other financial assets include security interest receivable and other deposits which has low credit risk as they are settled in short term and there has been no significant increase in the risk of default since initial recognition hence expected credit loss is immaterial.

The main concentration of credit risk to which the scheme is exposed arises from the schemes's investments in Corporate Bond, Certificates of deposit, Commercial paper, State GovernmentSecurities and Central GovernmentSecurities. These classes of financial assets are not subject to IND AS 109's impairment requirements as they are measured at FVTPL. The carrying value of these assets represents the scheme's maximum exposure to credit risk on financial instruments not subject to the Ind AS 109 impairment requirements on the respective reporting dates. Hence, no separate maximum exposure to credit risk disclosure is provided for these instruments.

The schemes are also exposed to credit risk on cash and cash equivalents, balances with banks, derivative instruments recievables and other financial assets. These instruments carry very minimal credit risk based on the financial position of parties and Fund's historical experience of dealing with the parties. No assets are considered impaired and no amounts have been written off in the period.

c.) Liquidity Risk

Liquidity risk is the impact of liquidating the portfolio to fund redemption obligations.The Fund's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation.

Schemes with investment in Equity and Fixed Income securities are susceptible to Liquidity risk, which represents the risk of difficulty in unwinding assets/positions in an adequatetime frame with limited market price impact, due to nature of the market i.e. over the counter, insufficient market depth (event based or otherwise) or a market disruption/dislocation, which may lead to a failure to pay out investor redemptions or other liabilities .

For open ended debt scheme, Kotak Mahindra Mutual Fund uses the following measures to manage Liquidity Risk management:

(i) Kotak Mahindra Mutual Fund adopts the Liquidity Risk Management framework mandated by SEBI and AMFI which helps estimates liquidity requirement by determining liquidity risk arising from the liability side and tries to covers all potential liquidity risk scenarios up to agreed confidence interval and has mandated remedial measures both for managing the risk on an ongoing basis (LR & LCR) as well as action plan in case there is a difference between actual outcome and projected outcome. The Liquidity risk management framework primarily evaluates the Asset Liability Mismatch (ALM) which addresses the gap in the estimated potential liquidity requirement over a 30-day period & 90-day period compared with investment / assets liquidity to meet the potential liability.
(ii) Kotak Mahindra Mutual Fund has enabled Swing Pricing policy for specified open ended debt scheme to help in case of a severe dysfunction at market level, the Swing Pricing offers the contingency plan in case of extreme exigencies.
(iii) Kotak Mahindra Mutual Fund participates by investing through specified open ended debt schemes in the Corporate Debt Market Development Fund (CDMDF). The objective of the CDMDF is to help to develop the corporate debt market by providing backstop facility at the time of market dislocation to benefit the wider corporate debt market. The primary motive to set up a back stop facility is to instil confidence amongst the participants in the corporate debt/bond market during times of market dislocation and to enhance the secondary market liquidity. Further, in times of market dislocation, the aforesaid specified debt-oriented schemes of Kotak Mahindra Mutual Fund shall have access to sell corporate debt securities held in the portfolio and CDMDF shall purchase listed corporate debt securities from the said schemes. The trigger and period for which the backstop facility will be open shall be as decided by SEBI.

The Scheme manages liquidity risk by maintaining adequate reserves, banking facilities and by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities. Additionally, adequate borrowing facilities are available to take care of redemption pressures either through TREPS borrowing or Bank borrowing.

In respect to equity schemes, Equity markets are typically liquid, stocks forming part of the portfolio can be easily sold in case of huge / unexpected redemptions. Liquidity stress test of equity schemes is monitored by assessing the "time it would take to liquidate the position."

Refer Table 8 shows the maturity analysis of financial liabilities of the Fund based on contractually agreed undiscounted cashflows.

10 Offsetting Financial Assets And Financial Liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the asset and settle the liability simultaneously. The Scheme has not offset any financial assets and financial liabilities during the year.

The proposed remuneration is comparable to industry peers, and it is commensurate with the size and performance of the business and complexities of his role. We support the resolution.	N/A	No
Q1	09-Apr-25	Redington Ltd	PB	Management	Appointment of Mr. V.S. Hariharan (DIN: 05352003) as the Managing Director of the Company and Group Chief Executive Officer (MD and Group CEO) for a period of five years commencing from February 5, 2025 to February 4, 2030, (both days inclusive) and including remuneration.	FOR	FOR	V. S. Hariharan, 62, is Group CEO of Redington Ltd and CEO of Redington Distribution Pte. Ltd. (RDPL), a 100% subsidiary of Redington Ltd, since September 2023. The company seeks to appoint him as MD & Group CEO for five years from 5 February 2025, with his entire remuneration to be paid by RDPL. He is entitled to annual remuneration of Rs. 84.1 mn, including long-term incentives and variable pay. The law mandates a cooling off period of 1 year to be served in case Independent Director tender his resignation and is appointed as Executive / Wholetime Director. The company is compliant under law as the appointment is for Group CEO. Hence, we support the resolution.	N/A	No
Q1	10-Apr-25	AU Small Finance Bank Limited	PB	Management	Re-appointment of Mr. Kamlesh Shivji Vikamsey (DIN: 00059620) as an Independent Director of the Bank for second term of 5 (Five) years commencing from April 25, 2025 to April 24, 2030, (both days inclusive) and who shall not be liable to retire by rotation during the said period.	FOR	FOR	Kamlesh Shivji Vikamsey, 64, is Senior Partner at KKC & Associates LLP, a chartered accountancy firm offering services in audit, taxation, and advisory domains. He has been on the board of the company since 25 April 2022. He has attended all eleven (100%) board meetings held in FY24 and all eleven (100%) board meetings in FY25 till the date of meeting notice. His reappointment is in line with statutory requirements. We support the resolution.	N/A	No
Q1	10-Apr-25	ITC Limited	PB	Management	To grant, offer and issue Equity Settled Stock Appreciation Rights under a Scheme viz. ITC Employee Stock Appreciation Rights Scheme 2025 (ITC ESAR Scheme).	FOR	FOR	The company proposes to grant stock appreciation rights which will be settled by issue of equity shares. Under ITC ESAR Scheme, the company proposes to offer ESARs, the exercise of which will be limited to 250.2 mn equity shares. The fresh issuance will result in a dilution of 2.0% on the expanded capital base as on 31 December 2024. The ESARs will vest between one year and three years from the date of grant. The exercise period will be up to five years from the date of vesting. Therefore, the scheme aligns the interest of shareholders and the employees. We note that the number of equity shares granted upon exercising SARs will be based on the market price which is the average closing price of the company's shares in the month before the application is submitted. We support the resolution.	N/A	No
Q1	10-Apr-25	ITC Limited	PB	Management	To extend the benefits of the ITC Employee Stock Appreciation Rights Scheme 2025 to such permanent employees, including Managing /Wholetime Directors, of such subsidiary companies of the Company.	FOR	FOR	Through resolution #2, the company seeks shareholder approval to extend the ITC ESAR Scheme to the eligible employees of subsidiary companies. We support the grant of ESARs to employees of unlisted subsidiaries. Further, our view on this resolution is linked to our view on resolution #1. We support the resolution.	N/A	No
Q1	11-Apr-25	Krsnaa Diagnostics Ltd	PB	Management	Appointment of Mr. Yash Mutha (DIN: 07285523) as the Managing Director of the Company, to hold office for a period of five year with effect from February 13, 2025 to February 12, 2030 and including remuneration.	FOR	AGAINST	Yash Mutha, 44, joined Krsnaa Diagnostics Ltd. in FY18 and was redesignated as Joint Managing Director in February 2024. The company proposes to appoint him as Managing Director (MD) from February 2025. His FY24 pay aggregated Rs. 4.8 mn. Under the proposed terms, we estimate his pay at Rs. 12.6 mn, excluding any bonus. His transition to MD creates ambiguity regarding his aggregate pay given the uncapped bonus. We raise concerns over the lack of a defined variable pay structure: his variable pay will be determined at the discretion of the NRC and board. The company must disclose performance criteria for his variable pay. While we support his appointment, we do not support the resolution due to the enabling nature of his variable pay. Hence, we are voting against.	G	No
Q1	11-Apr-25	Info Edge (India) Limited	PB	Management	To sub- division/ split of equity shares of the Company, such that 1 (one) equity share having face value of Rs. 10/- each, fully paid- up, be subdivided into 5 (five) equity shares having face value of Rs. 2/- each, fully paid- up, ranking pari- passu in all respects with effect from such date as may be fixed for this purpose (Record Date) by the Board of Directors of the Company.	FOR	FOR	The sub-division of shares is likely to improve liquidity for the stock and make the equity shares affordable and attractive to investors. Hence, we support the resolution.	N/A	No

Q1	11-Apr-25	Info Edge (India) Limited	PB	Management	Alteration of the Articles of Association of the Company.	FOR	FOR	As a result of the sub-division of equity shares, the company proposes to alter Article 2 (A) (u) in the Articles of Association. The amended AoA will reflect the equity share of face value Rs. 2.0 as stated in Clause V of the Memorandum of Association (MoA). We support the resolution.	N/A	No
Q1	11-Apr-25	Info Edge (India) Limited	PB	Management	Adoption of new set of Memorandum of Association of the Company as per Companies Act, 2013.	FOR	FOR	The existing MoA is based on the erstwhile Companies Act, 1956. The company is seeking shareholder approval to adopt a new set of AoA in line with the Companies Act, 2013. Further, the company also seeks approval to realign the object clause and the liability clause of the existing MoA i.e., Clause III and Clause IV respectively, as per the Act. We support the resolution.	N/A	No
Q1	12-Apr-25	TVS Motor Company Limited	TCM (Equity S	Management	Scheme of Arrangement between TVS Motor Company Limited (Company) and its shareholders (Scheme).	FOR	FOR	TVS Motor proposes to issue four preference shares of face value Rs. 10.0 each to each equity shareholder of the company holding one equity share of Re. 1.0 each fully paid up by utilizing its general reserves/ retained earnings. As stated by the company, it has a strong free cash flow and surplus reserves exceeding its current and future business needs. Hence, the company proposes to distribute a portion of its free reserves to its shareholders in the form of 6% Cumulative Non-Convertible Redeemable Preference Shares. The size of the preferential issue at Rs. 19.0 bn is well within the company s available free reserves which as on 31 March 2024 stood at Rs. 76.78 bn on a standalone basis and at Rs. 64.05 bn on a consolidated basis. We support the resolution.	N/A	No
Q1	12-Apr-25	Adani Power Limited	PB	Management	To approve raising capital by way of a qualified institutions placement to eligible investors through an issuance of equity shares and/ or other eligible securities for an aggregate amount not exceeding Rs. 5,000 crore.	FOR	FOR	The resolution allows the company to raise Rs. 5.0 bn through equity or through debt. The company should have sought approval for raising equity or debt via separate resolutions. Assuming the issue price is the current market price (Rs 524.2 current market price as on 24 March 2025), the company will have to issue ~95.3 mn shares resulting in a dilution of ~2.4% on the expanded capital base as on 31 December 2024. The company has stated that it proposes to utilize the funds to support its expansion plans to achieve a thermal power generating capacity of 30.67 GW by FY31, from 17.55 GW as of 31 December 2024. The company has also stated that the funds may be utilized for pre-payment and / or repayment of debt, working capital requirements or general corporate purposes. We support the resolution.	N/A	No
Q1	13-Apr-25	PB Fintech Ltd	PB	Management	To enter into and/ or carrying out, arrangements and transactions with PB Healthcare Services Private Limited, a related party of the Company within the meaning of Regulation 2(1)(zb) of SEBI Listing Regulations, for subscribing or purchasing its Equity Shares, Compulsory Convertible Preference Shares and other Convertible securities for amount not exceeding INR 696,00,00,000/-, whether by way of entering into contract(s)/arrangement(s)/ transaction(s) or otherwise, in one or more tranches, from time to time during the financial year 2025- 26.	FOR	AGAINST	The company has not provided granular details regarding the proposed healthcare business. Moreover, there is lack of disclosure regarding the business model of the proposed healthcare business and PB Fintech s role in the proposed venture. The company has not disclosed details of the other investors. The board must disclose the details of the venture, its risk assessment of the proposed venture, and measures it has taken to protect PB Fintech s proposed investment in the venture. PB Healthcare will have an ESOP pool of 21% on a fully diluted basis. This is high and the rationale for the same has not been articulated. Yashish Dahiya, Alok Bansal and other KMPs of PB Fintech propose to subscribe to the securities of PB Healthcare. It is unclear if these executives will be classified as promoters of PB Healthcare and if they will be eligible for stock options from PB Healthcare. On lack of clarity and the above mentioned concerns, voting against.	G	No
Q1	13-Apr-25	PB Fintech Ltd	PB	Management	To allow Mr. Yashish Dahiya, Chairman, Executive Director and Chief Executive Officer of the Company, a related party of the Company within the meaning of Regulation 2(1)(zb) of SEBI Listing Regulations, for entering into and/ or carrying out, arrangements and transactions with PB Healthcare Services Private Limited, a related party of the Company within the meaning of Regulation 2(1)(zb) of SEBI Listing Regulations, for subscribing or purchasing its Equity Shares, Compulsory Convertible Preference Shares (CCPS) and other Convertible securities for an amount not exceeding INR 87,00,00,000/- whether by way of entering into contract(s)/ arrangement(s)/ transaction(s) or otherwise, in one or more tranches, from time to time during the financial year 2025-26.	FOR	AGAINST	Through resolution #2 the company seeks shareholder approval to allow Yashish Dahiya to subscribe to securities of PB Healthcare. We note the company s assertion that the proposed transaction does not meet the materiality thresholds stated in regulations, and that shareholder approval is yet being sought by the board. Our view on these resolutions is linked to our view on resolution #1. We do not support the resolution.	G	No

Q1	16-Apr-25	One 97 Communications Ltd	PB	Management	To approve amendment(s) in One 97 Employees Stock Option Scheme 2019.	FOR	AGAINST	The explanatory statement mentions, the exercise price for Options will be decided by the NRC. The NRC has been given the discretion to determine the exercise price. As per SEBI SBEB Regulations, the Company is free to determine the price of the options to be granted under the Scheme. However, the price/ pricing formula so determined should be disclosed in the explanatory statement. Leaving the determination up to NRC discretion, defeats the purpose behind SEBI mandating the said disclosure. Given that no clarification has been provided on the same , voting against.	G	No
Q1	16-Apr-25	Manappuram Finance Limited	EGM	Management	To increase of the authorized share capital of the Company from INR 2,00,00,00,000/- divided into 98,00,00,000 equity shares of INR 2/- each and 4,00,000 redeemable preference shares of INR 100/- each to INR 3,00,00,00,000/- divided into 148,00,00,000 equity shares of INR 2/- each and 4,00,000 redeemable preference shares of INR 100/- each.	FOR	FOR	To facilitate the raising of funds through the issuance of equity shares and warrants (convertible into equity shares) on a private placement basis (as proposed under resolution #3), the company proposes to increase its authorized share capital to Rs. 3.0 bn from Rs. 2.0 bn. As a result of the increase, the company proposes to amend Capital Clause V (Capital Clause) of its Memorandum of Association (MoA). The current authorized share capital of the company is Rs. 2.0 bn classified into equity share capital of Rs. 1.96 bn: divided into 980.0 mn equity shares of Rs. 2.0 each and preference share capital of Rs. 0.04 bn: divided into 0.4 mn redeemable preference shares of Rs. 100.0 each. The amended MoA will reflect the proposed authorized share capital of Rs. 3.0 bn classified into equity share capital of Rs. 2.96 bn: divided into 1,480.0 mn equity shares of Rs. 2.0 each and preference share capital of Rs. 0.04 bn: divided into 0.4 mn redeemable preference shares of Rs. 100.0 each. Q1	16-Apr-25	Manappuram Finance Limited	EGM	Management	To consider and approve the (I) Adoption of the amended and restated Articles of Association of the Company, and (II) Grant of special rights to identified Shareholders of the Company.	FOR	AGAINST	The company has proposed to amend its Articles of Association (AoA) to incorporate special rights from shareholder agreements between Bain Capital and the existing promoters. The amendments grant Bain and the promoters the right to nominate directors to the board and its committees as long as they hold at least 5% of the share capital. They also have mutual quorum rights in board and general meetings, committee nomination rights, and affirmative voting rights on reserved matters while holding at least 10% equity. Additionally, if V.P. Nandakumar is appointed as a promoter nominee director in any group company, he will serve as its Chairperson. Bain Capital (through its affiliates) can appoint a nominee director on the board as long as they hold 5% of the equity share capital: which we believe is low. The proposed articles also include committee nomination rights and quorum rights to both sets of promoters. Further, as per the articles Bain Capital and the existing promoters have affirmative voting rights - we believe that such rights compromise the independence and functioning of the board. Hence we do not support the resolution.	G	No

Q1	25-Apr-25	Vijaya Diagnostic Centre Ltd	TCM (Equity S	Management	Scheme of Amalgamation between Medinova Diagnostic Services Limited (Transferor Company) and Vijaya Diagnostic Centre Limited (Transferee Company) and their respective Shareholders and Creditors (Scheme).	FOR	FOR	Vijaya Diagnostic Centre Ltd. (Vijaya Diagnostic Centre) proposes the amalgamation of its 62.1% listed subsidiary, Medinova Diagnostic Services Ltd. (Medinova), with itself. Medinova contributes less than 2% to its revenue and profits. The scheme involves the transfer of Medinova as a going concern, cancellation of shares held by Vijaya Diagnostic Centre in Medinova, and issuance of one equity share of Vijaya Diagnostic Centre for every 22 equity shares held by public shareholders of Medinova. This will result in a marginal dilution of 0.17% for the shareholders of Vijaya Diagnostic Centre. The proposed amalgamation is likely to reduce the group s costs associated with maintaining a separately listed entity and will simplify the group structure. We support the resolution.	N/A	No
Q1	25-Apr-25	Aptus Value Housing Finance India Ltd	PB	Management	Appointment of Mr. Subba Rao N.V (DIN: 05153667) as an Independent Director of the Company, not liable to retire by rotation, for a term of five consecutive years, i.e., with effect from March 21, 2025 up to March 20, 2030. FOR	FOR	The company seeks approval to pay commission to Non-Executive Directors (other than promoter/promoter group non-executive directors) aggregating up to 1% of net profits subject to a maximum of Rs. 15.0 mn p.a., whichever is less for three years from FY25 We support this resolution as commission proposed to be paid to Non-Executive Directors is in line with market practices. Further, the company has capped the maximum commission payable to Non-Executive Directors at Rs. 15.0 mn per annum, which is a good practice.	N/A	No
Q1	26-Apr-25	Varroc Engineering Limited	PB	Management	Appointment of Mrs. Liselott Kilaas (DIN - 10953529) as a Non- Executive Independent Director of the Company, to hold office for a term of five (5) years commencing from March 27, 2025 to March 26, 2030.	FOR	FOR	Ms. Liselott Kilaas, 66, is the Group CEO of Evidia Germany, which offers radiology, nuclear medicine, radiotherapy, and teleradiology services. She serves as a member of the board and audit committee of Folketrygdfondet, the professional investment manager for the Government Pension Fund Norway. As of 31 December 2024, the Government Pension Fund Global held a 2.09% equity stake in Varroc Engineering Ltd. However, we note that the Government Pension Fund Global is managed by Norges Bank Investment Management, while the domestic fund is managed by Folketrygdfondet. Her appointment as an Independent Director is in line with statutory requirements. We support the resolution.	N/A	No
Q1	27-Apr-25	Jaiprakash Power Ventures Limited	PB	Management	Re-appointment of Shri Sunil Kumar Sharma (DIN: 00008125) as a Whole- time Director designated as Vice Chairman of the Company for period of 2 (two) year with effect from 1st April, 2025 to 31st March, 2027 whose period of office shall be liable to retire by rotation.	FOR	AGAINST	Sunil Kumar Sharma, 65, is Whole-time director & Vice Chairperson and part of the promoter group. We raise concerns over the qualified opinion raised by auditors on financial statements of FY24 w.r.t. corporate guarantees to Jaiprakash Associates Limited, an associate company, and non-compliance of SEBI circular applicable for related-party transactions. The fair valuation of corporate guarantees had not been done as per the applicable IND-AS and no provision against the corporate guarantees were made in the financial statements. These concerns have also been pointed out in the limited review of 9MFY25 financial statements. Subsequently, SEBI via its order dated 27 December 2024 has fined the company and certain directors including Sunil Kumar Sharma for misrepresentation of financial statements from FY13 to FY22. Sunil Kumar Sharma was on the board as Vice Chairperson and CEO from 2010 to 2019 and non-executive director from 2019 to 2023, therefore he is accountable for these issues. Given these concerns, we do not support his reappointment.	G	No
Q1	27-Apr-25	Jaiprakash Power Ventures Limited	PB	Management	To the payment of remuneration by way of salary and perquisites to Shri Sunil Kumar Sharma (DIN: 00008125), Whole- time Director designated as Vice Chairman of the Company.	FOR	AGAINST	Sunil Kumar Sharma was paid Rs. 22.5 mn in FY24. We estimate his FY25 remuneration at Rs. 25.0 mn. Considering the size of the Company and the remuneration paid to the director in the past has been fair. The company has clarified that his current remuneration terms do not include commission. If commission, at all, is to be paid, it shall be through a separate resolution, subject to approval of Shareholders. However, our view is linked to resolution #1. Hence voting against.	G	No

Q1	27-Apr-25	Jaiprakash Power Ventures Limited	PB	Management	Appointment of Professor Suresh Chandra Saxena (DIN: 02254387) as an Independent Director of the Company for a period of 3 (Three) years with effect from 21st March 2025 to 20th March 2028 and whose office shall not be liable to retire by rotation.	FOR	FOR	The Company is seeking shareholders approval to appoint Mr. Suresh Chandra Saxena as an Independent director of the Company for a period of 3 (three) years w.e.f. 21st March, 2025 up to 20th March, 2028, not liable to retire by rotation. No concern has been identified w.r.t. the profile, time-commitments and independence of Mr. Suresh Chandra Saxena. According to Regulation 17(1A) of SEBI LODR, 2015, a special resolution is required to appoint a person as a Non-Executive Director who has attained the age of 75 years. The company is duly proposing the resolution as a special resolution and has provided the justification for appointing Professor Suresh Chandra Saxena in the notice as required by the law. Hence his appointment is compliant by the law and meets all the statutory requirements.	N/A	No
Q1	27-Apr-25	Minda Corporation Limited	PB	Management	To offer, issue and allot from time to time in one or more tranches, up to 76,50,000 warrants, each convertible into, or exchangeable for, 1 (one) fully paid- up equity share of the Company of face value of Rs. 2/- each (Warrants) at a price of Rs. 550/- each payable in cash (Warrants Issue Price), aggregating up to Rs. 4,20,75,00,000/- which may be exercised in one or more tranches during the period commencing from the date of allotment of the Warrants until expiry of 18 (Eighteen) months, to Minda Capital Private Limited, being a promoter (hereinafter referred Proposed Allottee), by way of a preferential issue.	FOR	FOR	The Board of Directors has approved the preferential issuance of 7,650,000 share warrants at a price of Rs. 550.00 per warrant, aggregating to Rs. 4.2 billion, in favour of Minda Capital Private Limited, a promoter entity. The company has clarified that issuance of warrants provides greater capital flexibility and aligns well with our strategic financial planning. Hence the company has opted for share warrants. Proceeds will primarily be used to repay secured and unsecured borrowings, which had temporarily increased following the strategic acquisition of a 49% stake in Flash Electronics. The issue price of Rs. 550 per warrant represents a 15.6% premium over the current market price. The pricing is fully compliant with SEBI ICDR regulations and reflects a long-term value creation mindset. There is no pledging of shares, and no adverse impact on minority shareholder rights or voting power. The promoter group is expected to complete the transaction within the stipulated time and warrants to promoters are a legally acceptable form of investment. Based on the clarification provided by the company and the resolution being legally compliant, meeting all the statutory requirements, voting for.	N/A	No
Q1	28-Apr-25	Sheela Foam Ltd	TCM (Equity S	Management	Scheme of Amalgamation (Scheme) amongst Belvedore International Limited (Transferor/ Applicant Company No. 1), Kanvas Concepts Private Limited (Transferor/ Applicant Company No. 2), Kurlon Retail Limited (Transferor/ Applicant Company No. 3), Komfort Universe Products and Services Limited (Transferor/ Applicant Company No. 4), Starship Value Chain and Manufacturing Private Limited (Transferor/ Applicant Company No. 5), (collectively hereinafter referred to as the Transferor Companies), respectively into Kurlon Enterprise Limited (hereinafter referred to as the Transferee /Amalgamating /Applicant Company No. 6) with and into Sheela Foam Limited (Amalgamated /Applicant Company No. 7) and their respective shareholders and creditors.	FOR	FOR	In July 2023, the company acquired a 94.66% stake in Kurlon Enterprises Limited (KEL) for a cash consideration of Rs. 21.5 bn. This was followed by the acquisition of an additional 2.57% stake in January 2024 for Rs. 553.3 mn, bringing the total holding to 97.25%. As per the current scheme, the company plans to amalgamate five wholly owned subsidiaries of KEL Belvedore International Limited (BIL), Kanvas Concepts Private Limited (KCPL), Kurlon Retail Limited (KRL), Komfort Universe Products and Services Limited (KUPSL), and Starship Value Chain and Manufacturing Private Limited (SVML) with KEL. Subsequently, KEL will be merged into Sheela Foam Limited (SFL). The proposed restructuring aims to simplify the organizational structure, enhance resource efficiency, and achieve cost savings through reduced overheads. The expected dilution under the scheme is minimal at 0.5%. Further, the valuation is aligned with the previous equity acquisition in KEL. Hence, we support the resolution.	N/A	No

Q1	02-May-25	Oil & Natural Gas Corporation Limited	PB	Management	Sponsor Senior Loan up to USD 379.30 million (~ Rs. 32,707.04 million @ 1 USD/ Rs. 86.23) by OVL Overseas IFSC Ltd. (OOIL) to Moz LNG1 Financing Company Ltd. (Moz LNG1) to finance project cost of 16% Participation Interest held by ONGC Videsh and proportionate share for ENH (National Oil Company of Mozambique Host Country) in respect of Area 1 Mozambique Project.	FOR	FOR	Moz LNG1 Financing Company Ltd (Moz LNG1 FCL) is a wholly owned subsidiary of Moz LNG1 Holding Company Ltd which is an associate of ONGC Videsh. Moz LNG1 FCL is a special purpose vehicle (SPV) established to finance the Mozambique LNG project. Area 1 Mozambique, a major offshore gas project in the Rovuma Basin, has been on hold since May 2021 due to regional insurgency. With security now improving, the consortium is working toward an early restart and has asked key contractors to resume activities. The proposed transaction involves the provision of a Sponsor Senior Loan by OVL Overseas IFSC Ltd. (OOIL), a wholly owned subsidiary of ONGC Videsh, to support the early restart of the Mozambique LNG Area 1 Project. To ensure timely recommencement, the consortium members have agreed to extend sponsor loans, if required, to replace certain existing lenders under the same commercial terms, including interest rates. ONGC Videsh s share of this commitment has been calculated at USD 379.3 mn (~ Rs. 32.7 bn). This sponsor support, being extended either directly or through affiliates like OOIL, is a strategic step to maintain financial continuity and project momentum. The transaction is aligned with the commercial interests of the project and is not prejudicial to the interests of the shareholders. Hence, we support the resolution	N/A	No
Q1	02-May-25	Oil & Natural Gas Corporation Limited	PB	Management	To guarantee support by the Company against Sponsor Senior Loan upto USD 379.30 million (~ Rs. 32,707.04 million at US/ Rs. 86.23) to Moz LNG1 Financing Company Ltd. (Moz LNG1) for 16% Participation Interest held by ONGC Videsh and proportionate share for ENH (National Oil Company of Mozambique Host Country) in respect of Area 1 Mozambique Project.	FOR	FOR	The proposed transaction pertains to guarantee support by ONGC, for a Sponsor Senior Loan of up to USD 379.30 mn (~ Rs. 32.7 bn), to be extended by its wholly owned subsidiary, OVL Overseas IFSC Ltd. (OOIL), to Moz LNG1 FCL (resolution #2). As an Investment Grade entity and the holding company of ONGC Videsh, ONGC is required to provide this guarantee in line with its funding obligations as a project sponsor under the facility agreement. This guarantee ensures timely financial support for the early restart of the Mozambique LNG Area 1 Project, replacing certain existing lenders on the same commercial terms, if required. The transaction is aligned with the commercial interests of the project and is not prejudicial to the interests of the shareholders. Hence, we support the resolution.	N/A	No
Q1	03-May-25	City Union Bank Limited	PB	Management	Appointment of Shri. Ramesh Venkataraman (DIN 10954322) as Executive Director of the Bank in the category of Whole- time Director for a period of three (3) years with effect from February 21, 2025 till February 20, 2028 (both days inclusive), and including remuneration.	FOR	FOR	Mr. Ramesh Venkataraman, 61, joined the bank as Clerk on 13 March 1986 at George Town Branch, Chennai and rose to the position of Senior General Manager. He has worked with CUB for over 38 years and has held three key posts in the bank during his tenure Company Secretary, Chief Financial Officer and Chief Compliance Officer. He is now being appointed to the board. Mr. Venkatraman s appointment is for affixed term and approved by the RBI. His proposed estimated remuneration is in line with peers and commensurate with the size and complexity of the operations. We draw comfort that his variable pay is at least 50% of his overall remuneration structure and actual remuneration is subject to RBI approval. Moreover, as per the Articles of Association of the Bank - the office of Executive / Whole-time Director is not subject to retire by rotation. Nevertheless, the re-appointment whenever happens will be subject to shareholders approval. Hence voting FOR.	N/A	No

Q1	09-May-25	UNO Minda Ltd	PB	Management	To approve the grant of stock options to the Employee(s) of the group company(ies) including Subsidiary Company(ies), Associate(s) and Joint Venture(s) of the Company under Uno Minda Employee Stock Option Scheme 2025 or Uno Minda ESOS- 2025.	FOR	FOR	We do not support the extension of ESOP schemes to the associate /joint venture companies as the costs would be borne out of the company s pockets. However, the company has clarified that the cost associated with such grants are charged to the respective subsidiary/ JV. This reflects that no undue financial impact on the Company and the principle of cost attribution is maintained. The company has also clarified that when an employee is transferred to subsidiary/JV, no fresh ESOP is granted to the person. Also, not all employees of subsidiary/JV are granted ESOP, only employees, who are seconded/ deputed/ nominated by the Company are granted ESOP. Based on the clarification provided by the company, we support the resolution.	N/A	No

Q1	10-May-25	EID Parry India Ltd	PB	Management	To ratify and confirm the waiver of recovery of excess remuneration paid to Mr. Muthiah Murugappan (DIN: 07858587), as Whole Time Director and Chief Executive Officer of the Company for the financial year 2024- 25.	FOR	FOR	Muthiah Murugappan, 41, is a part of the promoter family. The company has clarified that Mr. Muthiah Murugappan has attended all the seven (7) Board Meetings of the company held during the year 2024-25. He was paid Rs. 36.0 mn as remuneration in FY25. The company seeks waiver of the recovery of excess managerial remuneration paid to Muthiah Murugappan for FY25 in the event of absence or inadequacy of profits. As per 9MFY25 company filings, the company has incurred a loss amounting to Rs. 2.3 bn including an exceptional loss of Rs. 768.3 mn on a standalone basis. This exceptional loss relates to an impairment of investment in the company s wholly owned subsidiary Parry Sugars Refinery India Private Limited (PSRIPL) which was due to higher finance costs and an impairment charge on PSRIPL s investment in Parry International DMCC, Dubai. As per the notice, the company s profitability is also influenced by the cyclical nature of the sugar industry. Consequently, there is a possibility that the company s profit for FY25 may be inadequate as per the provisions of Part II, Section II of Schedule V of the Companies Act, 2013. The company therefore seeks approval for waiving the recovery of possible excess remuneration paid to Muthiah Murugappan for FY25. Muthiah Murugappan s FY25 remuneration of Rs. 36.0 mn is commensurate to the company s size and is in line with industry peers. Hence, we support the resolution.	N/A	No
Q1	10-May-25	EID Parry India Ltd	PB	Management	Approval of payment of remuneration to Mr. Muthiah Murugappan (DIN: 07858587), as Whole- Time Director and Chief Executive Officer of the Company for the financial year(s) 2025- 26 and 2026- 27.	FOR	FOR	Given the performance of the company in 9MFY25, the company seeks approval through a special resolution to pay Muthiah Murugappan remuneration in case of inadequate profits for FY26 and FY27, as a matter of abundant caution. The company has stated that Muthiah Murugappan s FY25 remuneration is proposed to be increased by not exceeding 25% per annum for FY26 and FY27. Moreover the company has clarified that 25% is the upper ceiling and the actual increment in the remuneration will depend upon the performance of Mr. Muthiah Murugappan for the year 2025-26 and 2026-27 and also the Company s performance during the said years, which will be determined by the Nomination and Remuneration Committee and the Board. Hence voting for.	N/A	No
Q1	10-May-25	EID Parry India Ltd	PB	Management	To ratify and confirm the waiver of recovery of excess remuneration paid to Mr. S. Q1	15-May-25	Tata Steel Limited	PB	Management	One- time Material Related Party Transaction(s) between TSMUK Limited and Tata Steel Minerals Canada Limited, both being subsidiary companies of Tata Steel Limited for infusion of funds up to an aggregate value of Rs. 1,115 crore (USD 125 million) by way of subscription to equity shares of TSMC, in one or more tranches, for the purpose of financing working capital requirements, debt repayment and capital expenditure, if any, of TSMC and other transactions for the purpose of business, during FY 2025-26, subject to such contract(s)/ arrangement(s)/ transaction(s) being carried out at arm's length and in the ordinary course of business of TSMUK and TSMC.	FOR	FOR	TSMUK Limited (TSMUK) is a step down wholly owned foreign subsidiary of Tata Steel Limited. Tata Steel Minerals Canada Limited (TSMC), located in Canada, is a partnership between TSGH (82%) and the Government of Quebec (18%). It is an indirect foreign subsidiary of Tata Steel. The company proposes to infuse funds in TSMC through subscription to equity shares through TSMUK Limited. TSMC is a key supplier of high-grade iron ore (+63% Fe) with minimal impurities, making it an ideal input for blast furnace operations, particularly in Tata Steel s European facilities. Its low content of undesirable trace elements enhances operational efficiency, reduces emissions, and supports cost-effective steel production. As stated by the company since, TSMC is a strategic iron ore resource for Tata Steel s European operations, support from the parent entity is essential for TSMC to continue its business operations and meet its working capital requirements, debt repayment and other capital expenditures. This funding will strengthen TSMC s financial position and ensure uninterrupted supply of high-quality ore to Tata Steel s European plants. It is a one-time financial transaction between TSMUK and TSMC, both subsidiaries of the company. Hence, we support the resolution.	N/A	No

FOR	FOR	TSGPL is a step down wholly owned foreign subsidiary of Tata Steel. TISPL is a wholly owned subsidiary of Tata International Limited, which is a subsidiary of Tata Sons Private Limited (promoter company). TISPL and TSGP, both are trading arms within the Tata Group. The company has stated that TISPL and TSGP serve a diverse clientele across various industries. Collaboration between these entities helps to meet the fluctuating needs of their customers from the manufacturing industry and helps to support one another when certain products are in short supply. The transactions between TSGP and TISPL will be in the nature of purchase and supply of raw materials and other transactions for the purpose of business. In FY24 RPTs between TISPL and TSGP aggregated to Rs. 2.1 bn and Rs. 9.0 bn in 9MFY25. The proposed transactions are operational in nature, in the ordinary course of business and at arm s length basis. We support the resolution.	N/A	No
Q1	15-May-25	Tata Steel Limited	PB	Management	Material Related Party Transaction(s) between Tata Steel Minerals Canada Limited, subsidiary of Tata Steel Limited and IOC Sales Limited, a third party, to benefit Tata Steel IJmuiden BV, wholly owned subsidiary of Tata Steel Limited via T S Global Procurement Company Pte. Limited, wholly owned subsidiary of Tata Steel Limited for an aggregate value up to Rs. 1,300 crore, for purchase and sale of raw materials and other transactions for the purpose of business, to be entered during FY 2025- 26, subject to such contract(s)/ arrangement(s)/ transaction(s) being carried out at arm's length and in the ordinary course of business of TSMC, TSGP, TSIJ and IOC Sales.	FOR	FOR	TSMC operates the Timmins iron ore mine in a remote area of Quebec, Canada, but lacks its own logistics network. To export its iron ore, TSMC must transport it about 500 km by rail to the Sept- les Port. To manage this, TSMC has partnered with IOC Sales Limited, a third-party with a local supply chain and a private port, to move the iron ore efficiently. To smoothen business operations of Tata Group companies, TSMC sells the iron ore it produces to IOC Sales who in turn sells it to TSGP which ultimately supplies the iron ore to TSIJ. While the pricing is finalized directly between TSMC and TSGP, IOC Sales acts as a logistical intermediary, coordinating the rail transport to the shipping location. The proposed transactions are operational in nature, in the ordinary course of business and at arm s length price. We support the resolution.	N/A	No

FOR	FOR	Rakesh Shukla, 67, is a banking professional with experience across banking operations, financial management, credit analysis, loan appraisal, risk management, compliance, audit, microfinance, MSME development, and quality management systems. The response provided by the company confirms that at the time of consideration of the said agenda item by NRC, it was duly constituted, as the Board Meeting was held on 14.02.2025 to reconstitute NRC. Following the reconstitution, the Board Meeting was adjourned to allow the newly constituted NRC to meet and place its recommendations before the Board. The Adjourned meeting of the Board held on same date, considered the recommendations of the NRC and approved the proposal of appointment of Mr. Rakesh Shukla as an Independent Director. His appointment as an Independent Director is in line with statutory requirements. Hence, we support the resolution.	N/A	No
Q1	17-May-25	IDFC First Bank Ltd	PB	Management	To amend the capital clause of the Memorandum of Association of the Bank to re- classify the existing Authorized Share Capital of the Bank of Rs. 14,000,00,00,000 comprising of 1,296,20,00,000 Equity Shares of Rs. 10/- each and 10,38,00,000 Preference Shares of Rs. 100/- each to Rs. 14,000,00,00,000 comprising of 1,270,00,00,000 Equity Shares of Rs. 10/- each and 130,00,00,000 Preference Shares of Rs. 10/- each.	FOR	FOR	The authorised share capital of the bank is Rs 140.0 bn comprising of 12.96 bn equity shares of Rs 10 each and 103.8 mn preference shares of Rs 100 each. The board has approved issuance of up to 1.2 bn Compulsorily Convertible Cumulative Preference Shares (CCPS) by way of preferential allotment on a private placement basis, to Currant Sea Investments B.V. and Platinum Invictus B 2025 RSC Limited. In view of the proposed issue of the CCPS the bank proposes to re-classify its authorised share capital into 12.7 bn equity shares of Rs 10 each and 1.3 bn preference shares of Rs 10 each. We support the resolution.	N/A	No
Q1	17-May-25	IDFC First Bank Ltd	PB	Management	To create, offer, issue and allot, up to 124,98,80,388 Compulsorily Convertible Cumulative Preference Shares of face value of Rs. 10/- each each fully paid up (CCPS) at a price of Rs. 60/- (including premium of Rs. 50/- per CCPS, such price being not less than the price determined in accordance with SEBI ICDR Regulations (Issue Price), by way of a preferential allotment on a private placement basis (Preferential Issue), to be convertible in accordance with the SEBI ICDR Regulations, into 124,98,80,388 number of fully paid up equity shares of the Bank of face value of Rs. 10/- each, and upon such conversion each such equity share shall rank pari- passu in all respects, including as to dividend, with the existing equity shares of the Bank.	FOR	FOR	IDFC Bank proposes to issue 1.2 bn CCPS aggregating Rs 75.0 bn., on a preferential basis to Currant Sea Investments B.V., an affiliate of Warburg Pincus, (Rs 48.8 bn) and Platinum Invictus B 2025 RSC Limited, a subsidiary of Abu Dhabi Investment Authority, (Rs 26.2 bn). The issue, with a minimum size of Rs 52.5 bn will boost the Capital Adequacy Ratio (CRAR) from 16.1% to ~18.9% and support the banks future growth. Full conversion of the CCPS will lead to a dilution of 14.5% on the post issue capital. The resulting CRAR of 18.9% is more than double the minimum 9% as mandated for private banks by the Reserve Bank. The proposal supports the bank s current growth plans. We support the resolution. Q1	17-May-25	Devyani International Ltd	EGM	Management	To create, issue, offer and allot by way of preferential issue on a private placement basis, in one or more tranches, up to 2,37,19,187 fully paid- up Equity Shares of the Company (Subscription Shares) having face value of INR 1/- each, at a price of INR 176.78/- (including premium of INR 175.78/-) per Equity Share, which is not less than the floor price determined in accordance with Chapter V of the SEBI ICDR Regulations, to the Sellers (Proposed Allottees), who are not promoters and do not belong to the promoter(s) and the promoter group of the Company, for consideration other than cash towards payment of the part purchase consideration of INR 419.31 crore payable by the Company to the Proposed Allottees, for the acquisition of up to 80.72% equity stake, on fully diluted basis, (Sale Shares) in Sky Gate held by the Proposed Allottees.	FOR	AGAINST	The Company is seeking shareholders approval for preferential issue of up to 2,37,19,187 fully paid-up Equity Shares of the Company (Subscription/Sale Shares), in one or more tranches, for consideration other than cash, for the acquisition of up to 80.72% equity stake, on fully diluted basis, in Sky Gate Hospitality Private Limited (Sky Gate"). Sky Gate Hospitality owns 5 brands and out of them, the company is acquiring only three brands, and the remaining two brands will be divested within next nine months. The valuation report dated 24th April 2025 by the Sundae Capital Advisors values Skygate Hospitality for all the five brands. Valuation report doesn t specify the valuations split between the three brands (acquired) and the two brands (to be sold). This would be a non-compliance as there will be no independent valuation of the business being acquired. Hence, we are voting against.	G	No
Q1	19-May-25	Eternal Ltd	PB	Management	To consider and approve a cap of up to 49.50% on the aggregate foreign ownership.	FOR	FOR	As on 31 March 2025, the domestic ownership of the company was ~55% and the foreign ownership was at 45% of the fully diluted share capital of the company. Therefore, the company qualifies as an Indian-Owned-and-Controlled Company (IOCC) under applicable Indian foreign exchange regulations. This will allow the company operational flexibility, particularly in the quick commerce business (Blinkit). Blinkit currently operates as a third-party marketplace relying entirely on third-party sellers that own the inventory of goods sold on the platform. As an IOCC, the company can gradually transition toward inventory ownership. Thus, the board proposes to cap the foreign ownership of the company at 49.5% of the paid-up share capital. We support the resolution.	N/A	Yes
Q1	20-May-25	Dee Development Engineers Ltd	EGM	Management	To borrow any sum of money, from time to time, whether in Indian or foreign currency, in any manner including but not limited to, fund based or non-fund based assistance, term loan, guarantees, working capital facilities, overdraft facilities, lines of credit, inter corporate deposits, credit facilities, external commercial borrowings or any other form of financial assistance, from any person including but not limited to any company, individual, body corporate, banks, related parties, financial institutions or any other person, whether Indian or foreign, in any form as the Board may determine and think fit, such that the monies to be borrowed, together with the monies already borrowed by the Company (apart from the temporary loans obtained from the Company's bankers in the ordinary course of business) may exceed the aggregate of the paid- up share capital, free reserves and securities premium of the Company but shall not exceed at any time a sum equivalent to INR 2,000 Crores.	FOR	FOR	As on 31 December 2024, on consolidated basis, the aggregate fund-based borrowings of the company stood at Rs. 4.4 bn, while as per the notice, at the end of FY25, non-fund -based borrowings stood at Rs. 4.6 bn. The company has an outstanding credit rating of CARE A-/Stable/CARE A2+ as of October 2024 for its debt programs, which indicates an adequate degree of safety regarding timely servicing of financial obligations. In June 2024, the company raised Rs. 3.3 bn through initial public offering (IPO). The IPO proceeds were used for repayment of debt. There has been a steady increase in the order book from Rs. 4.6 bn as on 1 September 2023 to Rs. 13.9 bn as on 31 December 2024. Given the nature of the company s business, it needs to provide performance bank guarantees to customers, covering supply obligations with tenures typically ranging from 12 to 36 months. Further, the company has stated that of the proposed limit of Rs. 20.0 bn, fund-based limits are expected to be in the range of Rs. 5.0 to Rs. 7.5 bn, while the balance will comprise non- fund-based facilities such as letters of credit and performance bank guarantees. Therefore, we support the resolution	N/A	No

Q1	20-May-25	360 ONE WAM Ltd	EGM	Management	To create, offer, issue and allot on a preferential basis, 2,05,02,939 warrants (Warrants), at an exercise price of Rs. 1,030.00/- per Warrant (Warrant Exercise Price), which is higher than the floor price determined in accordance with the provisions of Chapter V of the ICDR Regulations (Floor Price), aggregating to Rs. 2111,80,27,170.00/-, carrying a right and option to subscribe up to 2,05,02,939 fully paid-up equity shares of the Company having face value of Re. 1/- each in aggregate (Equity Shares), which may be exercised, during the period commencing from the date of allotment of Warrants in one or more tranches until expiry of 18 (eighteen) months from the said date of allotment in accordance with the provisions of Chapter V of the ICDR Regulations set forth in the SSA (as defined below), to UBS AG (Proposed Allottee),	FOR	FOR	The issue of warrants is part of the exclusive strategic collaboration between 360 ONE WAM and UBS AG. The issue will result in a 4.96% dilution for existing shareholders, assuming full conversion of warrants. The proceeds of the issuance will be used for investment in the form of debt or equity in broking business in any of the entities where 360 ONE WAM Ltd. holds broking license (INR4.0 bn), investment in the form of debt or equity in the company s wholly owned subsidiaries (INR12.0 bn) and other general corporate purposes (INR5.1 bn). We note the issue of warrants strongly aligns UBS AG s interests with that of 360 ONE WAM and lends further impetus to the intended collaboration. 360 ONE WAM will be UBS AG s exclusive partner and sole presence in the Indian Wealth Management space. UBS AG will be able to participate in the strong Wealth opportunity in India through their stake in 360 ONE WAM as their India Onshore business will be acquired by 360 ONE WAM, subject to regulatory approvals. Moreover, the dilution has happened at a premium of 14%, based on the Black-Scholes pricing model. The warrant has been priced at INR1,030 per warrant, which is a 14% premium over 3-day VWAP as on relevant date (April 17, 2025). We believe that the dilution for the existing shareholders is expected to result in value creation for 360 ONE WAM s shareholders. Also, the issuances have not caused excessive dilution or led to change in control. Hence, we support the resolution and voting for.	N/A	No

Q1	22-May-25	Intellect Design Arena Ltd	PB	Management	To consider and approve the amendments to be made to Associate Stock Option Plan (ASOP 2011) Scheme.	FOR	AGAINST	ASOP 2011 was previously administered under four schemes- Swarnam 11, 21, 31 and 41. The company proposes to amend ASOP 2011 for grant of RSUs under two new schemes-Swarnam 51 and 61. The exercise price under Swarnam 51 and 61 will be the face value of the equity share (Rs. 5.0 each). Even though company has not provided an absolute cap for grants to any individual employee, the company has stated a percentage cap which is 1% of issued share capital. The company has stated that for Swarnam 51, vesting will be based on achievement of goals, targets or contingent on certain events. However, the vesting for Swarnam 61 will be determined by the NRC. The company has not provided clarity on Swarnam 61. In the absence of clarity and the flexibility extended to the NRC, we do not support the resolution. Further, the amended ASOP is not available on the website. Also the performance conditions, along with the targets, have not been articulated in the shareholder notice. Hence voting against.	G	No

Q1	23-May-25	Anand Rathi Wealth Ltd	AGM	Management	To approve ARWL- Employee Stock Option Scheme (ARWL ESOP- 2025).	FOR	FOR	Under ARWL ESOP 2025, the company proposes to issue upto 1,25mn options the scheme involves primary issue of shares, totaling to ~1.5% of the paid-up equity share capital as on 31st Mar 2025. The vesting will be time based with a minimum vesting period of one year and maximum vesting period of five years from the date of grant. As clarified by the management, the ESOP 2025 Scheme will be operated and administered under the superintendence of the Company s Committee namely Compensation/Nomination and Remuneration Committee, which is a Committee of the Board of Directors, the majority of whose Members are Independent Directors. The said Committee will formulate the detailed terms and conditions of the Scheme including: a. the eligibility criteria for grant of ARWL ESOP 2025 to employees; b. the quantum of options, shares or benefits as the case may be, per employee of the Company/ present and future employee (s) of Subsidiary companies and in aggregate under a scheme; c. the kind of benefits to be granted under this scheme; With regards to identification of classes of employees entitled to participate and be beneficiaries in the Scheme, it is provided that all employees working in India or out of India and Directors of Company and/or its Subsidiary Companies, (present or future) but will exclude promoters and an employee who is a Promoter or a person belonging to the Promoter Group and further excluding a director who either by himself or through his relative or through any Body Corporate, directly or indirectly holds more than 10% of the outstanding equity shares of the Company and excluding Independent Directors as may be decided by the Compensation Committee / Nomination and Remuneration Committee. While details about the quantum of stock options to be given to individual employees and the eligibility performance criteria will be decided by the NRC, going by the past track record of earlier ESOP schemes, the company has refrained from giving concentrated benefits, i.e. ~1% or more to any single individual. The ESOP pool created under the scheme itself is ~1.5%, granting a large 1% or more allocation to a single employee will require shareholder's approval. Hence going by the clarification provided by the management and the past track record of the earlier ESOP schemes of the company, voting for.	N/A	No
Q1	23-May-25	Anand Rathi Wealth Ltd	AGM	Management	To extend approval of ARWL- Employee Stock Option Scheme (ARWL ESOP- 2025) to the present and future employees of Subsidiary Companies. Q1	24-May-25	Info Edge (India) Limited	PB	Management	To approve entering into material related party transaction with Karkardooma Trust (for investment in its scheme, namely, IE Venture Investment Fund III), to be regarded as a related party of the Company for an amount not exceeding in aggregate RS.10,00,00,00,000.	FOR	FOR	The company has launched a new AIF, Karkardooma Trust (KT), with its scheme IE Venture Investment Fund III (IEVI Fund III) and seeks approval for investment in this scheme directly or through its wholly owned subsidiaries, including Startup Investments (Holding) Limited (SIHL) and Startup Internet Services Limited (SISL). The 12-year fund (extendable by two years) expects to invest over five to eight years in early-stage, tech-driven startups in sectors like consumer internet, B2B marketplaces, SaaS, AI, robotics, and cybersecurity. It targets a Rs. 10 bn corpus, with a green shoe option of another Rs. 10 bn and may allow select external investors to co-invest. The company has filed a letter to shareholders, which states that over the past few years the company has invested in 111 companies out of which 76 companies have institutional co-investors/follow-on investors. The company has deployed funds through three different AIFs (i.e., IEVF, Info Edge Capital and Capital 2B) across four schemes. As on 31 March 2024, the total corpus of these funds stood at Rs 34.23 bn out of which Info Edge has committed Rs. 16.14 bn and MacRitchie Investments Pte. Ltd. investment vehicle of Temasek Holdings (Private) Limited has committed Rs. 15.94 bn. The proposed transactions are in line with company s philosophy of investing in external entities to earn a financial return. Further, we take comfort from the fact that as on 31 December 2024, the estimated Gross Internal Rate of Return (IRR) based on the Fair Market Value of the invested capital stood at 36.0%. Hence, we support the resolution.	N/A	No

FOR	FOR	The transaction is operational in nature and is being undertaken in the ordinary course of business on an arm s length basis. The transaction structure and commercial arrangement between Max Estates Gurgaon Limited (MEGL) and Antara Senior Living Limited (ASLL) had already been approved by the shareholders at the Annual General Meeting held on December 22, 2023 (Initial Approval), upto FY25. The current shareholder approval being sought is not a new arrangement, but a continuation of the same contractual terms and pricing framework for FY26. The terms of the transaction remain unchanged, including the fee payable to ASLL at 9.5% of the net sales revenue (plus applicable taxes), and have been validated as being at arm s length through an independent external consultant s review at the time of the Initial Approval. These terms were duly placed before and approved by the Audit Committee and the Board of Directors. Initially, based on estimated sales, the fee payable to ASLL for FY25 was projected at up to INR 9.7 Crores, however, in view of improved sales performance and cash flows, the actual fees have been revised to approximately INR 27 Crores (excluding applicable taxes) for FY25. The same arrangement is now proposed to be extended to FY26, with the estimated fees expected to be up to INR 35 Crores (excluding applicable taxes) for FY26. This proposal does not involve any change to the terms and conditions of the arrangement approved earlier. It is merely a continuation of an existing arm s length transaction, with enhanced volume resulting from better-than-anticipated performance. The Company also confirms that these transactions continue to be in the ordinary course of business and on an arm s length basis, as confirmed by the Audit Committee.	N/A	No

Q1	26-May-25	Max Estates Ltd	PB	Management	To extending, the existing pledge of 28% shares of Max Towers Private Limited (MTPL) held by Max Estates Limited, currently pledged in favor of Catalyst Trusteeship Limited, on behalf of HDFC Bank Limited and Bajaj Housing Finance Limited, to Bank of Baroda in place of Bajaj Housing Finance Limited, for securing the enhanced credit facilities being availed from HDFC Bank Limited and Bank of Baroda by MTPL, in addition to the primary charge created on the assets of Max Towers Private Limited, aggregating to enhanced limit of INR 393.90 Crores.	FOR	FOR	The transaction is being undertaken in the ordinary course of business on an arm s length basis. MTPL is a 51.0% subsidiary of MEL. The balance 49.0% is held by NYL- a strategic investor. MEL has pledged 28.0% of its shares in MTPL to Catalyst Trusteeship Limited (Catalyst), acting on behalf of Bajaj Housing Finance Limited (BHFL) and HDFC Bank Limited (HDFC) for the aggregate loan sanctioned of Rs. 2,870.0 mn. MTPL proposes to replace BHFL with Bank of Baroda (BoB), while Catalyst will continue as the security trustee for both banks. MTPL has secured a term loan of Rs. 1,935.0 mn from BoB, which will be used to refinance the existing Rs. 1,447.5 mn loan from BHFL. The balance will be utilized to acquire additional area in the Max Towers project from Max India Limited (MIL) and for general corporate purposes. In addition, MTPL has secured a Lease Rental Discounting loan of Rs. 655.0 mn from HDFC to further support the acquisition in Max Towers from MIL. The company seeks shareholder approval for extension of pledge of 28.0% shares of MTPL as collateral for the aggregate loan sanctioned of Rs. 3,939.0 mn. We support the transaction since NYL is a financial investor in the subsidiary and MEL is in operational control. Hence voting for.	N/A	No

Q1	30-May-25	Inox Wind Ltd	PB	Management	To consider and approve appointment of Mrs. Urvashi Saxena (DIN: 02021303) as an Independent Director of the Company, to hold office for an initial term of 1 (one) year, from 6th April, 2025 upto 5th April, 2026 and who shall not be liable to retire by rotation.	FOR	AGAINST	According to Regulation 46 of SEBI LODR 2015, the company is required to provide the terms and conditions of appointment of the independent Directors on the company s website. The Appointment Letters of other Independent directors on the board are available on the website, however, the same has not been provided for Mrs Urvashi Saxena. Furthermore, the Companies Act stipulates that the term of an Independent Director can extend up to a maximum period of five years. A one-year term seems too short for an Independent Director to make a meaningful contribution to the company's affairs. The company should clarify how the proposed term of one year aligns with the company's governance framework and ensures effective oversight. Since no clarification is provided by the company and the resolution being non-compliant by Regulation 46 of SEBI LODR 2015 , voting against.	G	No

Q1	30-May-25	LTIMindtree Ltd	AGM	Management	Entering into material Related Party Transactions with Larsen and Toubro Limited, Holding Company in the nature of a) sale, purchase, lease or supply of goods or business assets or property or equipment b) availing or rendering of services including the use of Trademark, etc. c) transfer of any resources, services or obligations to meet business objectives/ requirements, etc. (Related Party Transactions), upto an amount of INR 1,500 crore.	FOR	FOR	The Company is seeking shareholders approval, through an ordinary resolution, for the related party transaction with the related party Larsen & Toubro Limited , Holding company of the LTIMindtree Ltd. As part of its ordinary course of business, the Company provides various IT & IT enabled services to its clients, one of which is the holding company, Larsen & Toubro Limited (L&T). Similarly, L&T, being a conglomerate, as part of its normal course of business, provides various services to its clients which includes construction of buildings, fitouts, etc. The contracts entered into between the Company and L&T are at the prevailing market rates and no undue benefit is accrued to either party. The overall quantum of transactions proposed with L&T has considerably reduced since the last couple of years (i.e. from upto INR 2000 Cr. to upto INR 1500 Cr.) Also, the total quantum sought for approval of RPTs with L&T constitutes less than 0.68% of L&T s consolidated turnover for FY24 and 3.95% of Company s consolidated turnover for FY25. The resolution is compliant under law. Hence, we support the resolution.	N/A	No

FOR	FOR	The company proposes to appoint Mitesh Shah & Co as secretarial auditors for five years from FY26 to FY30 and pay them a remuneration of Rs. 0.2 mn for FY26, plus applicable taxes and reimbursement of out-of-pocket expenses. The proposed remunerational payable to Mitesh Shah & Co is commensurate with the size of the company. Their appointment is in line with statutory requirements. We support this resolution.	N/A	No
Q1	02-Jun-25	Lloyds Metals & Energy Ltd	AGM	Management	Approval of material Related Party Transaction with Thriveni Earthmovers Private Limited for an aggregate value of up to Rs. 5,500 Crore on an annual basis for any given financial year, subject to such contract(s)/ arrangement(s)/ transaction(s) being carried out at arm's length and in the ordinary course of business of the Company.	FOR	AGAINST	The company has not clarified and supported the basis of Arm s Length Pricing by relevant metrics and comparisons. Basis of Arm s Length Pricing will enable the shareholders to understand that the pricing has been determined in a fair and transparent manner. No clarification is provided on valuation report as well. Moreover, the company is transferring the mining rights and composite licenses to TEMPL which may result in a substantial reduction in LMEL s revenue. Based on the above highlighted concerns and no clarification provided by the company, voting against.	G	No
Q1	02-Jun-25	Lloyds Metals & Energy Ltd	AGM	Management	Approval of material Related Party Transaction with Thriveni Earthmovers and Infra Private Limited for an aggregate value of up to Rs. 5,500 Crore on an annual basis for any given financial year, subject to such contract(s)/ arrangement(s)/ transaction(s) being carried out at arm's length and in the ordinary course of business of the Company.	FOR	AGAINST	The company has not clarified and supported the basis of Arm s Length Pricing by relevant metrics and comparisons. Basis of Arm s Length Pricing will enable the shareholders to understand that the pricing has been determined in a fair and transparent manner. No clarification is provided on valuation report as well. Moreover, It is unclear why shareholder approval is sought for transfer of mining rights and composite license to TEIPL. Revenue from mining stood at ~81% of LMEL s FY25 consolidated turnover. We believe that the transfer of mining rights and composite licenses to TEMPL may result in a leakage in LMEL s revenue, given that ~20% of equity shares are held by the promoters. Based on the above highlighted concerns and no clarification provided by the company, voting against.	G	No

FOR	AGAINST	The company has not clarified and supported the basis of Arm s Length Pricing by relevant metrics and comparisons. Basis of Arm s Length Pricing will enable the shareholders to understand that the pricing has been determined in a fair and transparent manner. No clarification is provided on valuation report as well. Furthermore, no details have been provided about Lloyds Infrastructure & Construction Limited s (LICL) business details, financial and shareholder profile, and hence we are unable to form an opinion on whether the proposed limit of Rs. 40.0 bn per annum is commensurate with the size of LICL s operations. The company must also provide a rationale for the significant increase in the proposed limit of Rs. 40.0 bn. Based on the above highlighted concerns and no clarification provided by the company, voting against.	G	No

FOR	AGAINST	The company seeks shareholder approval to enter into related party transactions with LSPL for sale/purchase transactions, carrying out of mining and transportation of iron ore, infrastructure and resources sharing and grant of loans and corporate guarantees. We do not support this resolution as it is an extension of financial support to a 79.82% subsidiary with no clarity on whether the financial assistance being provided is in the ratio of shareholding in LSPL. In the absence of this information, we are unable to make an informed decision. We do not support this resolution. Based on the above highlighted concerns and no clarification provided by the company, voting against.	G	No
Q1	02-Jun-25	Lloyds Metals & Energy Ltd	AGM	Management	Approval of material Related Party Transaction with Sunflag Iron and Steel Co Ltd with the total value of all contracts / arrangements / transactions shall not exceed Rs. 1,000 Crore for any given financial year on an annual basis and such contracts / arrangements / transactions shall be not be at an arms' length basis and in ordinary course of business of the Company.	FOR	FOR	The proposed transactions are in the nature of sale of iron ore to Sunflag and are in accordance with the terms and conditions as mentioned in the Arbitration Award dated 22 April 2022 and an Additional/ Supplementary Arbitration Award dated 28 April 2022 and Ore Purchase Agreement (OPA) dated 2 May 2023. These transactions aggregated Rs. 3.4 bn in FY24 and Rs. 4.4 bn in FY25. The company now expects these transactions to aggregate Rs. 10.0 bn. The company has sought shareholder approval through a special resolution since these transactions are not at arm s length. Further, they are governed by a binding Arbitration Award and a consequent Ore Purchase Agreement. Given the nature of the transactions and the overall fixed tenure of the contract, we support this resolution.	N/A	No

Q1	02-Jun-25	Lloyds Metals & Energy Ltd	AGM	Management	Appointment of Mr. Arnav Agarwal, son of Mr. Ravi Agarwal, Promoter of the Company and grandson of Mr. Babulal Agarwal, Promoter and Non-Executive Director of the Company, for holding of office or place of profit / employment in Lloyds Metals and Energy Limited (LMEL/the Company) with effect from 1st April, 2025 for a remuneration of Rs. 1,20,00,000/- per annum and perquisites and allowances.	FOR	AGAINST	There is no clarity on his age and no disclosures with respect to how his remuneration has been determined and benchmarked. Further, the company must provide comprehensive disclosures regarding his roles and responsibilities as Vice President Strategic Growth. His proposed remuneration of Rs. 13.4 mn is comparable with the remuneration of the current whole-time directors, all of whom have significantly higher professional experience. We further raise concern that the NRC is authorized to approve salary revisions which effectively results in his overall remuneration being open-ended. We also raise concern that the resolution is enabling and is valid in perpetuity, therefore, given the uncapped nature of remuneration, future pay levels may be high, without requiring subsequent shareholder approval. Based on the above concerns and no clarification provided by the company, we are unable to support the resolution.	G	No
Q1	02-Jun-25	Lloyds Metals & Energy Ltd	AGM	Management	Approval for waiver of excess remuneration paid to Executive Directors of the Company.	FOR	FOR	The company seeks shareholder approval for the following excess remuneration paid to Executive Directors for FY25. In October 2023, the company obtained shareholder approval for the remuneration to directors, including a provision for an annual increment of up to 5%. We note that even at the revised levels, the aggregate compensation to the promoter directors (Rs. 52.5 mn) remains commensurate with the company s current scale of operations (consolidated PBT of Rs. 19.0 bn for FY25). Concern raised by SES of the director s holding 2 full time commitment is within the statutory limit. We support this resolution.	N/A	No
Q1	02-Jun-25	Lloyds Metals & Energy Ltd	AGM	Management	Approval for revision in the terms of remuneration of Mr. Rajesh Gupta (DIN: 00028379) as a Managing Director, Mr. Balasubramanian Prabhakaran (DIN: 01428366) as a Managing Director and Mr. Madhur Gupta (DIN: 06735907) as a Executive Director of the Company.	FOR	AGAINST	The company seeks shareholder approval to vary the terms of remuneration for Rajesh Gupta, Balasubramanian Prabhakaran and Madhur Gupta from 1 April 2025. The revised terms include an increase in fixed pay and the introduction of a commission component of up to 3% of net profits, in aggregate, to be shared among the three Executive Directors. Based on the consolidated FY25 PBT, the commission payout aggregates Rs. 569.1 mn, which is high. Given the nature of the industry, the company s profits exhibit high volatility. As a result, the commission payout could be significantly higher in future years depending on profit levels. The company has not provided any clarification which would have allowed shareholders to better assess the impact of the variation. Given the inherent volatility of the business and lack of clarity, the aggregate remuneration cannot be reasonably determined. Hence voting against.	G	No
Q1	02-Jun-25	Lloyds Metals & Energy Ltd	AGM	Management	To borrow, from time to time, by way of loans, credit facilities, debt instruments or in any other forms, any such sum or sums of money (either Indian or foreign currency) from banks, financial institutions, bodies corporate, companies, firms or any one or more persons on such terms and conditions and with or without security as the Board may think fit, for the purpose of business of the Company, any sum or sums of monies which together with the monies already borrowed by the Company (apart from temporary loans obtained or to be obtained from the Company's bankers in the ordinary course of business), which may exceed the aggregate of the paid up capital of the Company, its free reserves and securities premium, provided that the total amount so borrowed by the Board shall not at any time exceed the aggregate of the paid up capital, free reserves and securities premium of the Company or Rs. 4,000 Crore whichever is higher.	FOR	FOR	The company has been judicious in their debt raising in the past. The proposed borrowing limits are lower than the automatic limit of Rs. 62.3 bn. We support this resolution.	N/A	No

Q1	02-Jun-25	Lloyds Metals & Energy Ltd	AGM	Management	To sell, lease or dispose of in any manner including but not limited to mortgage, hypothecate, create floating charge, or in any manner create charge on all or any part of the present and future moveable or immovable assets or properties of the Company or the whole or any part of the undertaking(s) of the Company of every nature and kind whatsoever (hereinafter referred to as the Assets), at such time(s) and in such form and manner, and with such ranking in terms of priority, as the Board in its absolute discretion thinks fit, to or in favour of any banks, financial institutions, bodies corporate, companies, security trustees, firms or any one or more persons, whether securities holders of the Company or not, to secure the borrowing facility together with interest, cost, charges and expenses thereon provided that the aggregate indebtedness, so secured by the assets do not at any time exceed the aggregate value of limits approved under Section 180(1)(c) of the Act.	FOR	FOR	Secured debt has easier repayment terms, less restrictive covenants, and marginally lower interest rates. We support the resolution.	N/A	No
Q1	02-Jun-25	Lloyds Metals & Energy Ltd	AGM	Management	Approval for issuance of securities of the Company, in one or more tranches, through private placement/ preferential allotment/ QIP and/ or other permissible modes for an aggregating amount up to Rs. 5,000 Crore.	FOR	FOR	At current market price of Rs. 1,332.4 per share (closing price as on 19 May 2025), ~37.5 mn fresh shares will need to be allotted. The overall dilution is ~6.7% on the expanded capital base, which we believe is reasonable. The company states that the capital raise will be towards capital expenditure for its ongoing and future expansion projects, working capital and for other general corporate purposes, in addition to pursuing organic growth and achieving its long-term vision. The company has a capex pipeline of Rs. 320.0-330.0 bn in the next five years and has raised ~Rs. 21.4 bn in FY25 through issue of equity shares and share warrants. The capital raise will help the company to strengthen its balance sheet and improve its liquidity. We support the resolution.	N/A	No
Q1	03-Jun-25	DCM Shriram Limited	PB	Management	Shifting of Registered Office of the Company from Delhi to State of Haryana and consequent amendment(s) in its Memorandum of Association.	FOR	FOR	The registered office of the company is currently located at 2nd Floor, (West Wing), Worldmark 1, Aerocity, New Delhi, Delhi, 110037, on a leased premises. The Company owns premises in the State of Haryana, where certain key business and administrative functions are performed. The company has stated that shifting the registered office to Haryana would provide permanency and stability by having the registered office on its own premise, enhance supervision over its affairs, facilitate administrative convenience, and optimize related expenses. The shifting of the registered office would require consequential alteration to the existing Clause II (Registered Office) of the Memorandum of Association (MoA) of the company. It is compliant under law as the resolution mentions the State for shifting the registered office of the company. Hence, we support the resolution.	N/A	No

FOR	FOR	Dhananjaya Tambe, 64, was the Deputy Managing Director and CIO of SBI from April 2018 to November 2020. He joined SBI in 1987 and held several positions in the IT vertical. He has also been CEO of C-Edge Technologies (a TCS-SBI joint venture which provides banking technology services and CBS services to banks on a SaaS model) till April 2022. His appointment as Independent Director is in line with statutory requirements. We support the resolution.	N/A	No
Q1	03-Jun-25	L&T Finance Ltd	AGM	Management	Appointment of M/s. Alwyn Jay and Co. (Firm Registration Number: P2010MH021500) as the Secretarial Auditor of the Company for a period of 5 (five) consecutive financial years i.e. from FY2025-26 up to FY2029-30.	FOR	FOR	The company proposes to appoint Alwyn & Co. as secretarial auditors for five years from 1 April 2025 and pay them a remuneration of Rs. 200,000 for FY26, plus applicable taxes and reimbursement of out-of-pocket expenses. The remuneration for the remaining tenure will be decided by the board. The proposed remuneration payable is commensurate with the size of the company. We support the resolution.	N/A	No
Q1	03-Jun-25	L&T Finance Ltd	AGM	Management	Alteration of Articles of Association of the Company.	FOR	FOR	The company had entered into an investment agreement dated 21 September 2015 (Investment Agreement) with BC Asia Growth Investments, BC Investments VI Limited in relation to the acquisition of shares by Bain Capital entities. Via a postal ballot in September 2015, the company had amended its existing Articles of Association (AoA) to reflect the terms of the Investment Agreement. This Investment Agreement was terminated effective 13 June 2024 since Bain Capital has sold its equity stake since. The company therefore proposes to modify the AoA to delete / modify the terms inserted on the basis of the Investment Agreement. We support the resolution.	N/A	No
Q1	04-Jun-25	Biocon Limited	PB	Management	To increase in the Authorised Share Capital of the Company from existing Rs. 6,25,00,00,000/- divided into 1,25,00,00,000 Equity Shares of Rs. 5/- each to Rs. 7,00,00,00,000/- divided into 1,40,00,00,000 Equity Shares of Rs. 5/- each, ranking pari-passu in all respects with the existing Equity Shares of the Company, respectively, as per the Memorandum of Association and Articles of Association of the Company.	FOR	FOR	The company s current authorized share capital is Rs. 6.25 bn, comprising 1.25 bn equity shares of Rs. 5.0 each. Considering the proposed fund raise (see resolution #2), the company proposes to increase its authorized share capital to Rs. 7.0 bn by creation of additional 140.0 mn equity shares of face value of Rs. 5.0 each. The increase in authorized share capital will require consequent alteration to Clause V of the Memorandum of Association (MoA). We support the resolution.	N/A	Yes
Q1	04-Jun-25	Biocon Limited	PB	Management	To create, offer, issue and allot such number of Securities (as defined hereinafter), for cash or otherwise, with or without green shoe option, by way of an issuance of any instrument or security, including equity shares, non-convertible debentures along with warrants, any other equity based securities, or any combination thereof (all of which are hereinafter referred to as Securities), in one or more tranches and/or one or more issuances, simultaneously or otherwise for an aggregate amount of up to Rs. 4,500 Crores.	FOR	FOR	The Company is seeking shareholders approval for raising funds, by way of special resolution, in one or more tranches, by issuance of Equity Shares and/or other Securities for an aggregate amount of up to 4,500 Crores. If the issuance is made at the current market price of Rs. 330.0 (as on 12 May 2025), the company will have to issue ~136.4 mn equity shares. This will result in an equity dilution of ~10.2% on the expanded capital base (as on 31 March 2025). The company has clarified that this capital raise will help both the company, and its subsidiary Biocon Biologics Ltd. (BBL) reduce their existing debt burden, thereby improving their balance sheet, lowering interest obligations and support future expansion. The terms of proposed fund raise will take into consideration and follow all legal and statutory requirements as required to determine the issue price during the proposed fund raise, irrespective of the mode of fund raising. Hence, we support the resolution.	N/A	Yes

Q1	09-Jun-25	Angel One Ltd	AGM	Management	Appointment of Mr. Ambarish Kenghe (DIN: 10949234) Group Chief Executive Officer of the Company as a Whole Time Director of the Company for the period of 5 (five) consecutive years w.e.f. 16 April, 2025 and including remuneration.	FOR	AGAINST	Ambarish Kenghe, 48, joined Angel One Limited in March 2025 as Group Chief Executive Officer and was appointed on the board in April 2025. Per disclosures, his FY26 pay, excluding commission and ESOPs, is estimated at INR120.1 mn. While the notice states that he may be paid commission/ bonus over and above the short-term incentive, the company has clarified that no additional commission is proposed. Besides, he has been granted Restricted Stock Units (RSUs) worth INR1,400.0 mn (based on average closing share price over preceding one month on the date of filing of AGM notice), of which 25% of the granted RSUs will vest every year over 4 years from the date of the grant. The company has granted 615,212 RSUs in total as of now. While we appreciate the potential that Ambarish Kenghe brings on the table based on his credentials, the overall compensation appears high when compared with the size of the business. Moreover, the notice provides details only for FY26 pay and does not offer any guidance on his compensation for the rest of his tenure or potential increments. It also lacks clarity on the quantum of stock options or units that may be granted in the future. ESOPs constitute a large portion of his overall compensation. In the absence of clarity on his future ESOP compensation, we are unable to fully assess his overall pay. The company should have also disclosed the performance metrics that determine his overall compensation. Based on the above highlighted concerns, voting against.	G	No
Q1	09-Jun-25	Angel One Ltd	AGM	Management	To approve the transfer of securities broking business, depository participant business, mutual fund distribution business and research analyst business of the Company on a going concern basis to Angel Securities Limited, its wholly owned subsidiary.	FOR	FOR	The transfer will cover all related assets and liabilities and will be carried out for a lump-sum consideration based on an independent valuation. The business undertaking being transferred is substantial, it contributed 99.1% of Angel One s standalone revenue and 84.9% of its standalone net worth as of March 2025. In effect, this transaction involves the transfer of almost the entire operational business of the company to its wholly owned subsidiary. This consideration will be settled through the issuance of Compulsorily Convertible Preference Shares (CCPS) by Angel Securities Limited to Angel One Limited. Since the transaction is between Angel One and its wholly owned subsidiary, there will be no impact on the group s consolidated financials. After the restructuring, Angel One will become an operating holding company, offering centralized services such as lead generation, customer support, strategic planning, and other shared functions across its subsidiaries. This structure will help the group stay compliant with regulatory norms around business segregation. We support the resolution.	N/A	No

Q1	11-Jun-25	360 ONE WAM Ltd	PB	Management	To consider and approve re-appointment of Mr. Karan Bhagat (DIN: 03247753) as the Managing Director of the Company, for a period of 5 (five) years commencing from July 27, 2025 to July 26, 2030 (both days inclusive), liable to retire by rotation and payment of remuneration to him.	FOR	FOR	With regards to re-appointment of Mr. Karan Bhagat as Managing Director of the company we support it, as his re-appointment is compliant with the law. He has attended 6/8 board meetings held in FY25 and attended 2/2 board meetings held in FY26 till date. With regards to his remuneration, the management has clarified that all components of the remuneration structure are capped in absolute terms while the commission is capped as per regulations. Further, commission shall be performance linked and at target performance, the commission shall be equal to or more than the fixed components of his remuneration. While deciding the increment and commission payable to Mr. Karan Bhagat the NRC and Board will include company goals and performance metrics such as AUM, Revenue and profitability. Although the notice states that he may receive remuneration from subsidiaries, the company has clarified that he does not receive any remuneration for his non-executive directorships in these entities. We draw comfort from the past track record where he has not drawn any remuneration from subsidiaries in the past. We also draw comfort from the judicious track record of the board of the Company in deciding the remuneration for last 5 years, as well the terms of re-appointment of Mr. Karan Bhagat including remuneration are similar as that of his previous term. Hence we support the resolution.	N/A	No
