As per Para 1.14.1.2 of SEBI Master circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, the asset allocation pattern indicated above may change for a short-term period on defensive considerations, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. These proportions may vary depending upon the perception of the Fund Manager, the intention being at all times to seek to protect the interests of the Unit holders. In case of any deviation, the portfolio shall be rebalanced within 30 calendar day.

Investment Strategy

The scheme shall seek to generate long-term capital appreciation by investing in equity and equity related securities that exhibit strong earnings momentum. The scheme will follow a factor-based investing approach with the aim of generating superior risk adjusted returns compared to the benchmark. The scheme runs on the in-house developed Enhanced Earnings factor model which is primarily based on earnings momentum factor.

The scheme will predominantly invest from the latest NSE500 Index constituents Factor based investing is an investment strategy targets specific factors or characteristics. An indicative list of factors/parameters that the model considers/could consider are as follows:

Earnings Momentum: The in-house model utilizes quantitative measures to determine the extent of earnings upgrades and downgrades for stocks within the universe. Based on this, the model identifies companies expected to report an improving and/or strong earnings trajectory.

- Additional Parameters: The scheme may look to include additional parameters in due course. These include but are not limited to ROE & ROA, cash flow, sales growth, margins, etc. for quality-based filtering. In order to capture behavioural attributes reflected in stock price movements it may include, but not limited to stock performance consistency, drawdown analysis, historical performance, ownership patterns, traded volume, etc While looking for the attractiveness of a stock, the model will also analyze measurable risk levels of the stocks through volatility, sharpe ratio, beta, risk ratios, liquidity and overall portfolio churn.

‘Exclusion’ criteria - It is generally understood that not owning ‘poorly run companies’ is also a significant source of outperformance over the long term. We narrow down the list of stock by applying objective pre-defined criteria that excludes the following companies:

- Non-availability of analyst estimates.
- Score poorly on governance standards
- Score poorly on excessive leverage and rapid growth in balance sheets
- Stocks traded for less than 1 year
- Highly illiquid stocks

The model weights are primarily optimized around prudent diversification, with inputs from volatility observed, consideration of portfolio churn etc. The portfolio of the scheme will be reviewed regularly and rebalanced by the Fund Manager based on the output of the Enhanced Earnings factor model. The fund manager will also review and maintain the model (including variables) on an ongoing basis and make changes as necessary. The approach is to use the model as a guide and Fund Manager may also use other parameters, such as economic parameters, investment indicators etc. to create the portfolio.

Although the scheme will predominantly invest in stocks as per the momentum theme, it retains the flexibility to take some exposure beyond the theme of momentum based on the Fund manager's discretion as mentioned in the asset allocation table above.

The scheme may use Derivatives traded on recognized stock exchanges for the purpose of hedging, portfolio rebalancing and other purposes as may be permitted by SEBI.

The scheme may invest in Debt & Money Market Instruments primarily for Liquidity purposes as well as for the purpose of meeting redemptions.

The scheme may look to invest overseas for the purpose of diversification in terms of markets and currency. This can help the scheme in achieving higher returns, especially in markets that are experiencing strong economic growth or have undervalued assets. However, given the theme of the scheme, such exposure will be limited to a maximum of 20% of Net assets.

	<p>The Scheme may use SLBM for earning additional income for the scheme with a lesser degree of risk.</p> <p>Scheme may invest in the units of Mutual Fund schemes of Kotak Mahindra Mutual Fund or any other Mutual Funds in terms of the prevailing SEBI (MF) Regulations.</p> <p>The scheme may take an exposure in units of REIT and InvITs at an opportune time to generate income from real estate or infrastructure assets. Investing in units of REITs and InvITs has the potential to generate capital appreciation and regular income streams.</p> <p>Portfolio Turnover: The scheme being an open ended scheme, it is expected that there would be frequent subscriptions and redemptions. Hence, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. If trading is done frequently there may be an increase in transaction cost such as brokerage paid etc. The fund manager shall endeavour to optimize portfolio turnover to maximize gains and minimize risks keeping in mind the cost associated with it. The Scheme has no specific target relating to portfolio turnover</p>						
Risk Profile of the Scheme	<p>The portfolio will be constructed using our in-house proprietary model, which evaluate earnings factor & may include various other factors like volatility of returns, relative performance, liquidity, historical performance etc. The Scheme will be a diversified equity fund, predominantly investing in equity & equity related securities based on the momentum theme. Being thematic in nature, the Scheme will be affected by the risks associated with the momentum theme. Consequently, the momentum theme-based portfolio may exhibit higher volatility compared to other diversified equity-oriented schemes. Investing in thematic schemes implies that the Scheme will focus on companies aligned with a specific theme, which may limit its capability to invest in other companies or themes. As with all equity investments, there is a risk that companies within the theme may not achieve expected earnings results, or that unexpected market changes or internal company developments may affect investment outcomes. Risks inherent in momentum trading include entering a position too early, exiting too late, and missing key trends. Additionally, frequent portfolio churning may lead to substantial losses due to adverse developments in capital markets or unfavorable market movements. As such, there can be no assurance that the investment objective of the Scheme will be realized.</p> <p>For details on risk factors and risk mitigation measures, please refer SID.</p>

Benchmark Index		<p>The performance of the Scheme is measured against Nifty 500 Index (Total Return Index).</p> <p>Rationale for adoption of benchmark:</p> <p>NIFTY 500 TRI As per clause 6.14.2.2 of SEBI Master Circular for Mutual Funds, the performance of MF schemes shall be benchmarked to the Total Return (TRI) variant of the Index chosen as a benchmark as stated in paragraph 6.14.2.1 of the said circular. The Nifty 500 TRI is the prescribed AMFI Tier 1 benchmark for schemes following Momentum Fund under the thematic category. The prescribed AMFI Tier 1 Nifty 500 index represents top 500 companies selected based on full market capitalization from the eligible universe. Nifty 500 Index is computed using free float market capitalization method, wherein the level of the index reflects the total free float market value of all the stocks in the index relative to particular base period. As per Clause 5.16 of SEBI Master Circular dated June 27, 2024, given the broader theme of the fund and the flexibility to invest across sectors & market capitalization, the proposed benchmark seems to be appropriate. The Trustee/AMC reserves the right to change the benchmark for the evaluation of the performance of the Scheme from time to time, keeping in mind the investment objective of the Scheme and the appropriateness of the benchmark, subject to SEBI guidelines and other prevalent guidelines.</p> <p>The AMC/Trustees may change benchmark in future for measuring performance of the scheme and as per the guidelines and directives issued by SEBI from time to time.</p>

IMPORTANT INFORMATION INSTRUCTIONS FOR ASBA MUTUAL FUND INVESTORS

Background: In its continuing endeavour to make the existing public issue process more efficient SEBI introduced a supplementary process of applying in public issues, viz: the "Applications Supported by Blocked Amount (ASBA)" process. Accordingly, Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009, as amended have been amended for ASBA process. The salient features of circular no. SEBI/CFD/DIL/ASBA/1/2009/30/12 dated December 30, 2009 available on SEBI website for "Additional mode of payment through Applications Supported by Blocked Amount (hereinafter referred to as "ASBA") are mentioned below for understanding the ASBA process:

1. Meaning of ASBA: ASBA is an application for subscribing to a New Fund Offer (NFO), containing an authorisation to block the application money in a bank account.

2. Self Certified Syndicate Bank (SCSB): SCSB is a banker to an issue registered with the SEBI which offers the facility of applying through the ASBA process. The list of SCSBs will be displayed by SEBI on its website at www.sebi.gov.in from time to time. ASBAs can be accepted only by SCSBs, whose names appear in the list of SCSBs displayed on SEBI's website. As on April 15, 2010, 27 Banks have been recognised as SCSBs. Investors maintaining their accounts in any of these Banks may approach one of the designated branches of these SCSBs for availing this facility. Further it may be noted that from time to time new banks register themselves as SCSBs who become eligible to provide these services and also the existing SCSBs designate additional branches that also provide this facility. An updated list of all the registered SCSBs, their controlling branches, contact details and details of their contact persons, a list of their designated branches which are providing such services is available on the website of SEBI at the address <http://www.sebi.gov.in>. Further these details are also available on the websites of the Stock Exchanges at <http://www.bseindia.com> and <http://www.nseindia.com>. Alternatively, investors may also contact the AMC, R&TA for information about the SCSBs or the ASBA process. These SCSBs are deemed to have entered into an agreement with the Issuer and shall be required to offer the ASBA facility to all its account holders for all issues to which ASBA process is applicable. A SCSB shall identify its Designated Branches (DBs) at which an ASBA bidder shall submit ASBA and shall also identify the Controlling Branch (CB), which shall act as a coordinating branch for the Registrar to the Issue, Stock Exchanges and Merchant Bankers. The SCSB, its DBs and CB shall continue to act as such, for all issues to which ASBA process is applicable. The SCSB may identify new DBs for the purpose of ASBA process and intimate details of the same to SEBI, after which SEBI will add the DB to the list of SCSBs maintained by it. The SCSB shall communicate the following details to Stock Exchanges for making it available on their respective websites. These details shall also be made available by the SCSB on its website: (i) Name and address of the SCSB (ii) Addresses of DBs and CB and other details such as telephone number, fax number and email ids. (iii) Name and contact details of a nodal officer at a senior level from the CB.

3. Eligibility of Investors: An Investor shall be eligible to apply through ASBA process, if he/she: (i) is a "Resident Retail Individual Investor, Non-Individual Investor, QIBs, Eligible NRIs applying on non-repatriation basis, Eligible NRIs applying on repatriation basis i.e. any investor, (ii) is applying through blocking of funds in a bank account with the SCSB; Such investors are hereinafter referred as "ASBA Investors".

4. ASBA Facility in Brief: Investor shall submit his Bid through an ASBA cum Application Form, either in physical or electronic mode, to the SCSB with whom the bank account of the ASBA Investor or bank account utilised by the ASBA Investor ("ASBA Account") is maintained. The SCSB shall block an amount equal to the NFO application Amount in the bank account specified in the ASBA cum Application Form, physical or electronic, on the basis of an authorisation to this effect given by the account holder at the time of submitting the Application. The Bid Amount shall remain blocked in the aforesaid ASBA Account until the Allotment in the New fund Offer and consequent transfer of the Application Amount against the allocated Units to the Issuer's account designated for this purpose, or until withdrawal/failure of the Offer or until withdrawal/rejection of the ASBA Application, as the case may be. The ASBA data shall thereafter be uploaded by the SCSB in the electronic IPO system of the Stock Exchanges. Once the Allotment is finalised, the R&TA to the NFO shall send an appropriate request to the Controlling Branch of the SCSB for unblocking the relevant bank accounts and for transferring the amount allocable to the successful ASBA Bidders to the AMC account designated for this purpose. In case of withdrawal/Rejection of the Offer, the R&TA to the Offer shall notify the SCSBs to unblock the blocked amount of the ASBA Bidders within one day from the day of receipt of such notification.

5. Obligations of the AMC: AMC shall ensure that adequate arrangements are made by the R&TA for the NFO to obtain information about all ASBAs and to treat these applications similar to non-ASBA applications while allotment of Units, as per the procedure specified in the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009.

Investors are requested to check with their respective banks about the availability of the ASBA facility.
