The investors should refer to the Scheme Information Documents and the related addendum for the scheme specific risk factors and special consideration of the respective Underlying Schemes.

- The Scheme will predominantly invest in units of Kotak Gold ETF & Kotak Silver ETF. Hence the Scheme's performance may depend upon the
  performance of the underlying schemes. Any change in the investment policies or the fundamental attributes of the underlying schemes could
  affect the performance of the Scheme.
- The investors of the Scheme will bear dual recurring expenses and possibly dual loads, viz, those of the Scheme and those of the underlying
  Scheme. Hence the investor under the Scheme may receive lower pretax returns than what they could have received if they had invested directly
  in the underlying Schemes in the same proportions. The TER of the Scheme shall be in compliance with the SEBI Mutual Fund Regulations.
- The Portfolio disclosure of the Scheme will be limited to providing the particulars of the underlying schemes where the Scheme has invested and will not include the investments made by the underlying Schemes. However, as the scheme proposes to invest in Kotak Gold ETF & Kotak Silver ETF, the underlying assets will by and large be physical gold and physical silver.
- The value (price) of gold and silver may fluctuate for several reasons and all such fluctuations will result in changes in the NAV of units under the scheme. The factors that may affect the price of gold and silver, among other things, include demand and supply for gold and silver in India and in the global market, Indian and Foreign exchange rates, Interest rates, Inflation trends, trading in silver as commodity, legal restrictions on the movement/trade of silver that may be imposed by RBI, Government of India or countries that supply or purchase silver to/from India.
- The fund assets are predominantly invested in Kotak Gold ETF and Kotak Silver ETF and valued at the market price of the said units on the principal exchange. The same may be at a variance to the underlying NAV of the fund, due to market expectations, demand supply of the units, etc. To that extent the performance of scheme shall be at variance with that of the underlying scheme.
- The endeavor would always be to get cash on redemptions from the underlying schemes. However, in case the underlying schemes are unable to sell for any reason, and delivers physical gold and physical silver, there could be delay in payment of redemptions proceeds pending such realization.
- The fund will subscribe according to the value equivalent to unit creation size as applicable for Kotak Gold ETF and Kotak Silver ETF. Alternatively, the ETF units may be acquired from the stock exchanges where the price quoted may be at variance with the underlying NAV, and which may result in higher acquisition cost. When subscriptions received are not adequate enough to invest in creation unit size, the subscriptions may be deployed in debt and money market instruments which will have a different return profile compared to domestic gold and silver returns profile.

## **ASBA FORM**

## APPLICATION SUPPORTED BY BLOCKED AMOUNT

#### IMPORTANT INFORMATION INSTRUCTIONS FOR ASBA MUTUAL FUND INVESTORS

Background: In its continuing endeavour to make the existing public issue process more efficient SEBI introduced a supplementary process of applying in public issues, viz: the "Applications Supported by Blocked Amount (ASBA" process. Accordingly, Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009, as amended have been amended for ASBA process. The salient features of circular no. SEBI/CFD/DIL/ASBA/1/2009/30/12 dated December 30, 2009 available on SEBI website for "Additional mode of payment through Applications Supported by Blocked Amount (hereinafter referred to as "ASBA") are mentioned below for understanding the ASBA process:

- 1. Meaning of ASBA: ASBA is an application for subscribing to a New Fund Offer (NFO), containing an authorisation to block the application money in a bank account.
- 2. Self Certified Syndicate Bank (SCSB): SCSB is a banker to an issue registered with the SEBI which offers the facility of applying through the ASBA process. The list of SCSBs will be displayed by SEBI on its website at www.sebi.gov.in from time to time. ASBAs can be accepted only by SCSBs, whose names appear in the list of SCSBs displayed on SEBI's website. As on April 15, 2010, 27 Banks have been recognised as SCSBs. Investors maintaining their accounts in of any of these Banks may approach one of the designated branches of these SCSBs for availing this facility. Further it may be noted that from time to time new banks register themselves as SCSBs who become eligible to provide these services and also the existing SCSBs designate additional branches that also provide this facility. An updated list of all the registered SCSBs, their controlling branches, contact details and details of their contact persons, a list of their designated branches which are providing such services is available on the website of SEBI at the address http://www.sebi.gov.in. Further these details are also available on the websites of the Stock Exchanges at http://www.bseindia.com and http://www.nseindia.com. Alternatively, investors may also contact the AMC, R&TA for information about the SCSBs or the ASBA process.
